THURSDAY EVENING, NOV. 2, 1893.

## LOCAL INTELLIGENCE.

Sun rises to-morrow at 6:53; sun sets at 5:07. High water 3:20 a. m. and 3:45 p. m.

**WEATHER PROBABILITIES.**—For this season generally fair; warmer southwest winds Friday morning; probably colder and westerly winds Friday night.

**COUNTY LAND SALES.**—The following sales of county real estate have recently been made:

Jas. Duncan to A. B. Slaymaker, 8 acres near the Poor's House, in exchange for 80 acres in Mt. Vernon district, Fairfax county.

R. Jordan et al., trustee for Mt. Olivet Baptist Church, colored, to Martha Smith, a lot in Mt. Olivet Church subdivision for \$35.

A. B. Haines to Jno. Miller, 3.8 acres near Ballston, with improvements, &c., for \$24,000.

C. S. Greer to C. B. Price, three lots in Shutt's subdivision, back of Ballston.

E. A. Phillips to C. P. Crump, a lot in the Mason tract on the Military road for \$1,800.

C. P. Crump to R. S. Smith the above mentioned lot.

G. C. Videtto to M. A. Wood, two parcels of land in the Park addition to Alexandria, and the improvements thereon, for \$14,281.

C. G. Henderson to D. H. Mudd, a lot in Rosslyn Farm.

D. W. Chiles to A. A. Gray, a lot near Natick for \$500.

**THE MUSICAL ASSOCIATION.**—At a meeting of the Musical Association held last night it was determined to abolish the public rehearsal feature, and hereafter the association will favor more of the social than of the musical. This conclusion was reached mainly for the reason that most of the members who made music a study have either removed from the city or have business pursuits of a nature which prevents their participating in the rigid practice which precedes these rehearsals. Another reason that is urged is the lack of talent now in the association from which to recruit new performers. Of late it has often been found necessary to employ outsiders to assist in making the rehearsals successful, a plan which has proved too expensive to be continued. Those of the association who have participated in the public rehearsals during the past seven years have been faithful and persevering practice given creditable performances which have been enjoyed by the large audiences which were always present. A committee, consisting of Messrs. J. T. Johnson, W. F. Carne, Jr., P. McK. Baldwin, G. W. Fisher, G. F. Price, W. Melchior and W. L. Allen, was appointed to draft a report on the future prospects and purposes of the association.

**PAWNEE BILL'S WEST.**—Major Gordon W. Lillie (Pawnee Bill) has won for himself distinction among the pioneers of the West and the children of nature. He is the idol of the Pawnees and other Indians who know him, hence he has with him the greatest and most representative lot of wild western heroes of every class known to Indians, Mexicans, Americans, Cowboys and others. The performances of the Historic Wild West, Grand Mexican Hippodrome and Indian Museum outfit is on a scale of magnificence hitherto unattempted. There is an army of wild western people, and there are Indian musicians; the Mexican band, wild riders of the Pampas and a band of Bedouin Arabs. Beautiful wild western girls and flashing-eyed señoritas from the Rio Grande dash throughout the performances of Pawnee Bill's Historic Wild West, Mexican Hippodrome, Indian Museum and Grand Fireworks Exhibition, to all of which one ticket admits. That this is one of the grandest of all such exhibitions is attested by the press of the country. Ladies and children are watched by careful attendants, who do all in their power to render their visit to the Wild West happy, instructive, pleasant and comfortable.

**FOOT BALL.**—As stated yesterday the Howard-Kendall game of football that was announced for that evening on the High School grounds, near this city did not come—the mutes sending word that their team and substitutes were too badly crippled to play any more games this season, and that they would forthwith disband. An Alexandrian, who was at Kendall Green one evening recently, says that about every man he saw there was either crippled or cut up and the mutes said that football did it. Some 35 mutes are too much used up to play at present. Among these are Rossen, Cowan, Ryan, Grimm, Cusack and Cummings, who played on the mutes' team in the game at the High School on the 7th ult. The former has his nose broken and the others are severely hurt in various ways, some hobbling about on crutches, some with heads bandaged and others with arms in slings, and yet the "season" is hardly on. The mute team is regarded as one of the strongest teams in this locality. They visit the High School once or twice every year and almost invariably vanquish the home team.

**POLICE COURT.**—Justice Thompson presiding.—The following cases were disposed of this morning:

Vincent Wilson, Charles Wilson and Courtland Seaton, colored, arrested by Officers Travers and Arrington for disorderly conduct and for throwing missiles against a house on Hallow Eve night, were made to pay damages and costs of the warrant.

Wm. Conkling, arrested by Officer Davis for being drunk on the street, was sent to the work house for ninety days.

Lawrence Bright, arrested by Officers Grady and Travers for escaping from the chain gang, was sent back to the gang.

Leary Bright, arrested by Officers Griffin and Howson for stealing from a car of the Washington Southern Railway, was fined \$4.

A warrant which had been sworn out against a white man by a colored man for disorderly conduct, was dismissed at the instance of the complainant.

**Night Report.**—Last night was clear and cool. Six prisoners and ten lodgers were at the station house.

**PERSONAL.**—Mr. James R. Mansfield has received from Governor McKinney, through H. W. Flournoy, Secretary of Commonwealth, notification of his appointment as Notary Public.

Mr. Benjamin Thompson has gone to Herndon to attend the wedding of Mr. Frank Ballou.

Capt. and Mrs. R. H. Remington have returned from a ten days' trip to Chicago.

Mr. Patrick Sullivan, manager of the B. & O. Telephone Company here, expects to be transferred to Birmingham, Ala., next spring.

The Southern Surgical and Gynecological Association will hold its sixth annual meeting at New Orleans on the 14th-16th inst. At the afternoon session of the 15th Dr. Bedford Brown, of this city, the president of the association, will deliver the annual address, his subject being: "The Southern Surgical and Gynecological Association, Its Origin, Objects and Aims."

Mr. Wm. J. Summers and Miss Jennie S. Yates were married last night at the Baptist Church parsonage by Rev. J. H. Butler.

Mr. F. F. Pressman, who has been ill for some time past, left this evening for a hospital near Baltimore for treatment.

**REORGANIZATION DEFEATED.**—Devild Thompson has been appointed receiver for the Heskins Wood Vulcanizing Company, whose plant is at One Hundred and Fifty-fifth street and Eighth avenue, New York, in the suit of J. W. Johnson. The order states that this does not affect or stay the foreclosure proceedings brought by the Atlantic Trust Company, as trustee for the bondholders, in which judgment has been obtained for \$211,000. In opposition to the appointment of the receiver it was urged that the bondholders had proposed a plan of reorganization to the creditors, whereby the former will purchase the property at a closure sale, form a new company and give the creditors stock in the amount of their claims. It was stated that holders of bonds to the amount of \$177,000 out of \$200,000 had agreed to the proposition, and that nearly all the creditors, about \$70,000 in amount, had also agreed to the reorganization, leaving only a few who would not come in.

**THE HASKIN COMPANY.**—This company is now fitting up an extensive wood vulcanizing plant in this city.

**AN ENJOYABLE OCCASION.**—About thirty of the officers and members of the Young Men's Sodality Lyceum assembled at the restaurant of Mr. Edward Rammel, on north Royal street, last night, and spent a most delightful evening. The occasion was a complimentary supper tendered the company by Mr. Rammel who was the recipient of the handsome punch bowl awarded the most popular restaurateur at the fair recently held for the poor under the auspices of the St. Vincent de Paul Society of St. Mary's Church. Oysters and other edibles were spread abundantly, and after all had partaken of the good things in the way of substantial, the bowl was produced filled with most tempting and exhilarating punch. Toasts were proposed and appropriate responses made by Messrs. J. Harry Rice, Herbert Baker, Francis T. Quinn, Thomas S. Lannon, Florence T. McCarthy, Daniel J. Normville, Louis Shuman and William L. Hoy, officers of the Lyceum.

**BANQUET.**—Mr. T. W. Rouse, the popular and efficient superintendent of the St. Louis Brick Company (whose works are in the county) and who was recently married in St. Louis, last night entertained a number of his friends at a sumptuous banquet given at the Opera House Restaurant. A number of persons were present and the various delicacies of the season were served by Mr. Brill in the most tempting style. After the banquet Mr. Chas. Bendheim, on behalf of the friends of Mr. Rouse in this city, in an appropriate speech, presented him with a handsome china dinner set and banquet lamp, as a wedding present and as a token of the esteem in which he is held by them. Mr. Rouse replied in fitting terms. The occasion was a most pleasant one and will long be remembered by all present.

**EXPLOSION OF A LAMP.**—About half-past six o'clock last night some youngsters while passing down Royal street saw a brilliant blaze in a room in the second story of the residence of Mr. George Darley, on the east side of the street. They knocked at the door and informed the inmates of their discovery, and an alarm of fire was sounded. The fire had been caused by the explosion of a coal oil lamp, and the burning vessel was quickly tossed into the street. Some furniture in the room was more or less injured, but no serious damage resulted. The fire department did not go into service.

**STRANGE LIGHTS.**—Numbers of colored people living in lower Fairfax county, on the line of the Mount Vernon Railway, are considerably exercised over strange lights which they allege they beheld in the sky last night. The exact description of the pictures they gazed on is not given, but the more antiquated "uncles" and "aunts" among them declare they were similar to those visible in the early part of the year 1861, previous to the beginning of the late civil war, and prophesy dire calamities in the near future.

**FOG.**—A heavy fog prevailed this morning, and for a time navigation on the river was made both difficult and dangerous. The Norfolk steamer was delayed in her arrival here several hours, and the steamer Ocequan ran on a buoy off the city and was delayed for some time, the buoy having been caught in her wheel.

**CITY HOTEL.**—Mr. Frederick Schwab, who has for several years past occupied the corner of the old City Hotel known as "Washington's Headquarters," has leased the entire building for a term of years and will, it is understood, make alterations and improvements with a view of converting it to its original use.

**FISK JUBILEE SINGERS.**—The original company of Jubilee Singers, from Fisk University, Nashville, Tenn., now in their twenty-third season, will give their enjoyable concert at the Opera House to night. The company has lately returned from a most successful tour of European countries. They still retain the old plantation melodies which have made them so popular, and in their concert throughout the country they have lost none of their power to please, in fact have increased it.

**MONETARY AND COMMERCIAL.**

**New York, Nov. 2.**—The good feeling which prevailed in stock circles shortly after the opening disappeared entirely before the expiration of the first hour of business. London was a seller of stocks. This was a disappointment to the leaders who expected that with the passage of a silver repeal law the foreigners would buy liberally of our securities. Home investors were also indifferent and this was another severe disappointment to the bulls. At 11 a. m. the market was a shade firmer in tone.

LUNCH ROOM, SIXTH FLOOR, TENTH-ST. BUILDING, ELEVATORS.

TO-MORROW, FRIDAY, REMNANT DAY.

No single element of our business receives more thought than the art of losing money—when to make losses, how to make them wisely. It is an art, and we have learned it. The adjustment of stocks to modern progressive notions leaves many things out of harmony. Wisdom tells us to let them "go," not that intrinsic worth is less, but because a new, a better business policy demands it. One means, and one only, brings the desired result—the losing method of the reduced prices.

**THIS REMNANT DAY OF OURS** Furnishes an excellent example of judicious losing. Prices—very low price—is the all-potent factor that brings about the end in view, the object of the Remnant day—to dispose of accumulations and present a fresh stock with an unbroken front on Monday preparatory to the week's business.

Therefore every Friday sees rare chances offered and accepted in all departments here. Odds and ends, the result of the week's havoc among Cloaks, Jackets, Suits, Underwear, etc.—short lengths of Silks, Linens, Dress Stuffs, Ribbons, Laces, Upholstery, Goods, etc.—broken lines of sizes in Gloves, Hosiery, Shoes, Corsets, etc.—anything that is soiled, mused, marred, scratched, or otherwise defaced—in fact, the "left overs," of everything. Prices are marked on all such Remnants that give them a double quick motion and rid us of their presence. At your command to-morrow all over the store are bargains—bargains that tell of many a dime and many a dollar saved. We are ready to serve you, and the goods themselves offer you special inducements in MEN'S DEPARTMENT.
