LOCAL MATTERS.

Sun and Tide Table.

Sun rises tomorrow at 4:59 and sets at 6:55. High water at 4:09 a. m. and 4:40 p. m.

Weather Probabilities.

For this section fair tonight; minimum temperature about 40 degrees; possibly light frost in low places. Thursday fair; light to moderate northerly winds.

DRAWING TO A CLOSE.

The eulogistic meetings which have been in progress at the Second Presbyterian Church for the past ten days are drawing to a close. Dr. Wellford will have to return to his church in Newport News in time for Sunday service, so the meetings will close with the services on Thursday night. Wonderfully clear and scriptural have been the sermons he has preached. His audience has followed him with the closest attention. Last night Dr. Wellford preached on Christ and the woman at the well. In a forceful and eloquent way he presented the privileges of those who accepted Christ to take of the water of life freely. The most important thing in this world is to seal the future. Here for a few years, there for an eternity. Here to drink from the well of salvation means an endless delight; to neglect it means a thirst and a torment forever. When the call for confession came several came forward. Many remained to the altar meeting, and several more made confession. Miss Lucy Graves sang a beautiful solo.

Tonight the quartets will sing. These singers are becoming so popular that it is hoped they will often sing even after the meetings close. Mrs. Syver will sing again tonight and Dr. Wellford will preach on "Will Jesus forgive sins after conversion?" Luke 22:31-32. As there are only two more services there will doubtless be great congregations.

MRS. DAME SEEKS DIVORCE.
Mrs. Mildred G. Dame yesterday in Circuit Court No. 2, in Baltimore, asked for a part separation from her husband, Randolph N. Dame, a real estate dealer and son of Rev. William M. Dame, rector of Memorial Protestant Episcopal Church, that city. The bill states that the parties were married by Rev. William M. Dame, December 31, 1909. They resided together, according to the bill, until April 29, 1910, when Mrs. Dame alleges she was obliged to leave, because of her husband's conduct toward her. When she was married, Mrs. Dame alleges she gave her husband \$1,500 with which to furnish their apartment in the Oval. She alleges that subsequently her husband refused to allow her to remove her property. Mrs. Dame also asks for an order requiring her husband to let her remove her property from their apartment and for alimony. Judge Niles signed an order allowing Mrs. Dame \$5 alimony a week, during the time the case is in court, and requires Mr. Dame to show cause before May 18 why his wife should not be allowed to remove her property. Mrs. Dame stated last night that before her marriage to Mr. Dame she was the widow of Mr. Thomas William White, jr., of Macon, Ga., who died in Baltimore two years ago. She also said that her maiden name was Mildred MacTier Guiter, of Guntersville, Ala.

CABLE ACROSS THE RIVER.
The contract for the laying of a submarine cable across the Potomac between Fort Washington and Fort Hunt, a distance of about a mile, has been awarded to Augustus Dean, of this city, and the work of lowering the cable into the bed of the river will be started this week. The reel on which the cable is wound will be unrolled as the work is moved across the stream and lowered to the bed of the river.

When the laying of the cable is completed the shore connections will be made and telephone messages will be sent between the forts. There has been a cable connecting the forts for several years past, and the new cable is being laid to give additional service.

GEORGE WASHINGTON PARK.
Mr. Herbert O. Linn, of Washington, has purchased through F. L. Slavemaker, fur clerk in George Washington Park on the crown of the hill, and fronting on King street extended. He is having plans drawn for quite a handsome home, which he will build this summer. With this abode in building, it is expected that others will soon follow and build homes in George Washington Park.

W. O. C. T. U.
The regular business meeting of the Allison W. O. C. T. U. will be held tomorrow afternoon at 3 o'clock at the Children's Home on Duke street. The union of this city was beautifully entertained last Thursday in Washington at the home of Mrs. Barto Mercer, 1218 Euclid street. After a short business meeting refreshments were served.

RUN OVER COLORED CHILD.
A five-year-old colored boy named William Phillips, living at 1406 King street, was run down by an Adams Express wagon early last night on King street, between West and Peyton. The child was attended by Dr. Wilkins. His injuries are not serious. The driver, Theodore Sutton, was cited to appear in the Police Court by Policeman Young, if wanted.

CONDUCTOR ASSAULTED.
Kemper Wood, colored, of Barboursville, stoned Conductor Byers, of passenger train No. 9, yesterday morning, between Manassas and Alexandria, because he was ejected for refusing to pay his fare. Wood was arrested and turned over to Sergeant Wilcox at Manassas and later brought to Alexandria by Special Officer Ooster and placed in the station house. Wood is suspected of larceny. He will be turned over to the Prince William authorities.

DEATHS.
Martin Parker, an old and respected colored resident, died at his home on Queen street, between Henry and Fayette, last night. The deceased was a butcher by occupation. The wife of William Fairfax, colored, died suddenly last night at her home to the northwestern section of the city.

J. and T. Quinn's Fine Lustral Coat and Black Russia Louisiana Pumps and Oxford. Weid and Taro's price \$5.00; our price \$4.00. J. A. Marshall & Bro., 422 King street.

STRIKE AT AN END.

The strike of the employees at the Porter Brewery was short-lived, lasting but twenty-four hours. Shortly after the Gazette was put to press yesterday afternoon a telephone message received at this office announced that the issue between the employees and the brewery officials had been settled and that the men would return to work this morning. The company had previously agreed to increase the pay of the men, but had insisted on a nine-hour day in summer and eight hours in winter. According to the terms of the new agreement which has been made for four years, the men will work eight hours all the year round.

In the new contract, it is stated, the employees of the brewery are restricted to less free beer per day than they have enjoyed before. This has also been done by Washington brewers.

It is that the employees have agreed to take not more than two drinks of beer during the eight hours. Before and after working hours it is agreed the employees can drink all the beer they want.

This morning the men went to work as usual and there was no sign of a strike.

FIREMEN'S CONVENTION.

The general committee of the Firemen's Convention, which meets in the city in August, was held in the rooms of the Chamber of Commerce last evening. In the absence of Mr. J. R. N. Curdin, Mr. W. A. Smoot presided. The programme for the approaching celebration was arranged as follows:

Wednesday, August 24—Reception to the visiting firemen; 2 p. m., opening session of the Virginia State Firemen's Association, presided over by Mr. J. R. N. Curdin, president; address, on behalf of the citizens of Alexandria, Hon. O. C. Carlin; address on behalf of the firemen of Alexandria, Mr. J. H. Trimmer; 8 p. m., closing session of the association.

Thursday, August 25—1:30 p. m., grand parade of firemen; it is estimated that 2,000 will be in line; 7:30 p. m., band contest, open to all visiting bands; corner of King and Washington streets.

Friday, August 26—10 a. m., reel races, on north Washington street. Every committee made encouraging reports. The finance committee will report its work shortly. Reports show that companies from Maryland, West Virginia and other states will attend the celebration. From the interest that is shown it looks like this meeting will be the largest and most successful convention of the Virginia State Firemen's Association.

PERSONAL.

Invitations have been issued for the marriage of Miss Elizabeth Winter Jones to Mr. Richard Henry Carter Beverly, on May 25 at the home of the bride's parents, Dr. and Mrs. T. Marshall Jones.

The banquet will be served by the young ladies of the M. E. Church South, and an inviting menu will be presented. The hall will be decorated for the occasion. There will be an orchestra in attendance. Among the out-of-town guests will be Hon. James T. Lloyd, member of Congress from Missouri; Mr. Martin M. Wood, of Philadelphia; National Secretary of the Jr. O. U. A. P. M.; Mr. Charles Reimer, of Baltimore, National Treasurer of the Jr. O. U. A. M.; Mr. C. M. Money, State Chaplain; Hon. C. E. Nicol and a number of state officers. DEFEAT FORT HUNT.

In a seven-inning game of baseball played on the north Alfred street grounds yesterday the Alexandria Athletic Club defeated Fort Hunt by the score of 5 to 4. Miller, Fort Hunt's star ball artist, was batted hard. Sullivan and Doherty pitched a good game for the winners.

BASEBALL TOMORROW.

The Alexandria baseball fans will have a chance to witness one of the best games of the season when the Cardinal Athletic Club meets the Alexandria Athletic Club for the first time this season, on the north Alfred street grounds, tomorrow at 5:00 o'clock. The batteries will probably be Zachary and Hayden for Cardinals, O'Brien or Doherty and McBride for the A. A. C. A large crowd is expected.

THE COMET.

The comet is not visible to the naked eye at this time, save under most favorable atmospheric conditions. Yet, it appears, is now often mistaken for the comet by sight-seers who rise early in the hope of catching a glimpse of the stranger in the sky. Unless the tail is apparent, it is not the comet. The naval observatory authorities say that people in this vicinity have as yet had few, if any, opportunities to see the visitor.

FREE KINDERGARTEN.

The monthly meeting of the Alexandria Free Kindergarten Board, was held yesterday afternoon at Mrs. Edward Stibler's. The association is greatly in need of money to continue the work for another month. Subscriptions of \$1 were received from Mrs. G. V. Peyton and Miss Louise House.

Sixty-first Congress.

A House bill providing for raising the wreck of the battleship Maine was passed by the Senate today. The Secretary of war is directed to raise or remove the wreck and let the bodies bound there-in in Arlington Cemetery.

The battleship Maine was blown up in Havana harbor on February 15, 1898. Senator Hale said the passage of the bill had been delayed by his enforced absence from the city.

The Senate passed a bill requiring ocean-going steamers to be equipped with wireless telegraph apparatus and operators. Only vessels carrying less than 50 persons, including the crew, are exempted. A penalty of from \$1,000 to \$5,000 is provided for violations.

The general pension appropriation, bill was passed. It carries \$155,000,000 or \$5,000,000 less than last year. The provision in the House bill abolishing pension agencies was eliminated by the Senate. Senator Scott, explained that the bill had been decreased by the rapidly with which veterans are dying. He said 31,000 died last year and they are now passing away at the rate of one every twelve minutes. There are now, he said, approximately 500,000 actual veterans on the rolls.

A bill was passed repealing that provision of law which requires postmasters to send out notices of money orders received for payment. It is claimed that this change will save \$500,000 a year.

Senator Heyburn and Bulky had a personal wrangle today, brought on by a discussion on the bill to provide receipts for registered mail.

The railroad bill was not taken up until 2 o'clock and then laid aside to permit Senators Bulky and Heyburn to conclude their quarrel.

HOUSE.
The House wrestled with the prohibition problem this afternoon.

The liquor question popped up during consideration of a bill providing for the allotment of certain Indian lands in North Dakota. Section 13 prohibited the introduction of intoxicating liquors into the Fort Berthold reservation, until Congress might otherwise provide.

The House looked on and applauded all speakers but heartily voted for a desert dry, notwithstanding Mr. Bartholdt's passionate plea for the wet.

"They come high." "The best are the cheapest." "Our people want them and so we say to the ladies you can see J. & T. Connel's Exclusive Store at 422 King street, J. A. Marshall & Bro.
