Our 1910 summer prices on Anthracite Coal became effective Monday, May 1, 1910.
 There has never been a time in the history of our business when we felt that we were able to give better values in Anthracite Coal than we can this season, as we have completed our arrangements to secure our entire supply from two or three of the very best collieries in the Antracite region, and will have a coal which is uniform in quality, well prepared, and coal that will give far better results than the average.
 It is our desire to give our trade the best values that can be had, and we earnestly solicit the orders of our friends and customers.
