COMMON COUNCIL.

A called meeting of the lower board of Council was held last night to consider the matter of making certain repairs to the city jail. There were ten members present when council came to order at 8 o'clock.

The president stated the object of the meeting and said that under the law he had issued the call at the request of the joint committee on finance and public property.

The clerk then read the resolution offered by the joint committee appropriating \$10,000 for this work.

Mr. Marshall made a statement in which he reviewed the efforts of his committee to have this work done. He hoped that the work would be done at once as the price of steel was advancing and it delayed the cost might be greater.

The chair agreed with Mr. Marshall that this work was very necessary and that the expenditure of \$10,000 would give the city a safe and modern jail. However, under the law no appropriation of \$1,000 or more could be passed at the meeting at which it is first introduced. He read the law under which he based his decision.

It was decided to let the matter lie over until the next meeting and council then adjourned to meet Thursday night.

Mr. Marshall said that the plans practically adopted by the committee provide for steel cells within the present jail walls, with arrangements for the segregation of the races and the sexes, as well as separate compartments for juveniles, tuberculosis prisoners, and those suffering from contagious diseases. The cells will be in two tiers, with a capacity of 90 prisoners, and will be constructed of tool, saw, and drill proof steel. The doors to the corridors will be molproof, and the latest arrangement for locking and unlocking the cells, surveillance, ventilation, heating and other conveniences will be installed.

ARRESTED AS A SUSPICIOUS CHARACTER.

A young colored man, in charge of a horse and buggy, appeared in the northeastern section of the city yesterday, and his suspicious actions caused the police to keep their eyes on him. The darky exhibited a weapon from a pistol ball but failed to tell the circumstances in connection with his injury. He had a jug of whiskey in the buggy and told different tales concerning himself to every one with whom he conversed. He was finally taken in charge as a suspicious character by Officers Garvey, Sampson and Talbot. It was found that the horse and buggy belonged to a veterinary surgeon who had entrusted them to the darky. He was brought before the Police Court this morning when he gave his name as Will Smith and said he came from Manassas. He was dismissed.

PETITION FOR HABEAS CORPUS.

The race riots caused by the Jefferson-Johnson prize fight were suggested yesterday by a petition for writ of habeas corpus filed by two members of Troop C, United States Cavalry, stationed at Fort Myer, following the shooting of a negro named Gray on July 18. Thomas J. Molyneux and Clifford L. Feldheim are the petitioners. They ask that the writ be directed to Warden Thos. H. McKee, of the District of Columbia jail, where they are yet confined. They allege that the shooting of Gray was the result of an attack made by him and other negroes on them because of disagreements over the fight. Molyneux, it is related, was knocked down and he then fired his revolver once. The bullet struck Gray, it is alleged, and the negro was removed to a hospital and they to jail. The negro, they relate, has been declared to be out of danger of death, but they are still held in prison. They state that no charges are pending against them and that no charge can possibly be maintained against Petitioner Feldheim, because he had nothing to do with the shooting of Gray.

MISSIONARY SERVICE.

The parting service for those who are going to the mission field was held in the Episcopal Church mission house in New York today, when an address was delivered by Bishop A. S. Lloyd, of this city. DEATH OF JOHN S. GREENE.

Mr. John S. Greene, an old and well-known citizen, died at the Alexandria Hospital yesterday afternoon, after a long illness. Mr. Greene was born in Alexandria over 70 years ago. He was a son of the late Edward Greene, president of the Manassas Gap Railroad Company, now a part of the Southern Railway system. The deceased was for many years employed in the Southern Railway Company's office. He was subsequently employed by W. A. Smoot & Co., and later as bookkeeper for the E. J. Miller Company, dealers in queensware. While connected with the latter company Mr. Greene fell down an elevator shaft and received injuries from which he never fully recovered. He is survived by a son—Edward Greene, and four sisters—Miss Jane R., Sallie S., Ursula C., and Eliza Greene, of Alexandria, and a brother—Maj. W. S. Greene, of Columbus, Ga. Mr. Greene was a Confederate veteran, having been a member of R. E. Lee Camp. The funeral will take place tomorrow morning from St. Mary's Church, the services being conducted by Rev. Father Kelley. The pallbearers will be: Past Commanders W. A. Smoot, P. F. Gorman and G. W. Ramsay, Adjutant Chas. S. Taylor and Messrs. M. Ahern and S. L. Monroe. The members of R. E. Lee Camp, who will attend the funeral in uniform, will meet at 317 north Washington street tomorrow morning at 8:30 o'clock.

RETAIL MERCHANTS.

A well-attended meeting of the Retail Merchants' Association of this city was held last night at which considerable business of interest to the organization was transacted. A communication was received from the Firemen's Association of this city asking co-operation in the preparations now in progress for the entertainment of the Firemen's Convention which meets in Alexandria this month. A resolution was adopted urging all stockholders in this city to close their respective places of business on the afternoon of the 25th instant, the day on which the parade will take place, in order that their employees may have an opportunity to participate in the festivities. The association also resolved to visit with the firemen in preparations now in progress. Certificates of stock were last night delivered to members of the organization.

POLICE COURT.

[Justice H. B. Caton presiding.] The following cases were disposed of this morning: Claude Jackson and Frank Williamson, charged with trespassing upon the property of Agnes King, were fined \$5 each. Will Smith, arrested as a suspicious character, was dismissed. Agnes Holmes, colored, charged with assaulting John Washington, colored, was dismissed, the complainant failing to appear. Barbara Waters, charged with disorderly conduct was dismissed.

W. C. T. U.

Yesterday the Lorton Camp Meeting was in charge of the Alexandria W. C. T. U. and a very pleasant and profitable day was spent. Addresses were made by Rev. Dr. Holmes, of this city, Rev. C. Sydenstricker, of Occoquan, and Rev. Hydrate, of Lorton. Dr. Holmes' lecture was declared the best ever delivered on the subject in that locality. Solos and readings were much enjoyed. Mrs. Matthews, of this city, presented the working of the W. C. T. U. and asked for members, after which a very promising union was organized with Miss Eva Duvall president and Mrs. Elsie Harrover corresponding secretary.

SUPPOSED MAD DOG.

Some excitement was caused in the neighborhood of Franklin and Columbia streets this morning by a dog supposed to be suffering from hydrophobia. Several shots were fired at the animal, some of which took effect, but the dog ran in the direction of Hunting creek and made its escape.

FUNERALS.

The funeral of the late Mrs. Mary L. Wadley took place this afternoon. The services were conducted by Rev. W. F. Watson and the interment was made in Union cemetery. The remains of John E. Bailey, who died at the Alexandria Hospital Monday night, were today forwarded by W. Demaine & Son to Bushrod wharf, St. Mary's county, Md.

The Gore Charges.

McAlester, Okla., Aug. 10.—The congressional committee investigating the bribery charges brought by Senator Gore, has shown its willingness to get out and tramp through the dust, if such action is necessary, to learn all that is to be learned regarding the Indian land affairs of Oklahoma. Jacob L. Hamon, whom Senator Gore accuses of offering him a \$50,000 bribe in connection with the McMurray in the Indian land contracts on the stand before the congressional investigating committee, today testified that Congressman Creager, of Oklahoma made what he considered a direct request of J. F. McMurray for \$1,000 "improperly approached" him. Hamon requested that Creager be called and asked as to whether he did not solicit large loans from McMurray. He says two witnesses will testify that Creager took such action.

Postoffice Safe Dynamited.

Cambridge, O., Aug. 10.—Yeggmen dynamited the safe in the postoffice at Byesville, seven miles south of here, early today, and secured \$500 in cash and \$1,200 in stamps. The cracksmen stole an automobile from the garage of Arthur Hoopman, but abandoned the machine near here and stole a horse and rig. Bloodhounds are on the trail.

Empress Taitu's Flight.

Berlin, Aug. 10.—Dispatches today from Adis Abeba say that Empress Taitu, of Abyssinia, recently attempted flight from the capital, disguised in male attire. She was captured on the outskirts of the capital, and forcibly returned to the palace. It was Taitu's intention to seek refuge with her brother, Ras Odis, who is governor and practically the independent ruler of the Southern provinces of Abyssinia. She is suspected of designs on the life of Lidj Jessau, the boy Emperor, who has recently ascended the throne in place of the deprecipit Menelik, and is the object of bitter hatred on the part of the present predominant party.

OFFICIAL.

COMMON COUNCIL.

At a called meeting of the Common Council of the city of Alexandria, Va., held August 9, 1910, there were present: Hubert Snowden, Esq., President, and Messrs. Brill, Bander, Birrell, Hellmuth, Harrison, T. Her, Marshall and Spinks. The President stated that the object of the meeting was to consider a report from the joint committee on Public Property and Finance.

The joint committee on Public Property and Finance reported, recommending that improvements be made to the city jail according to plans and specifications prepared by the City Engineer, and that ten thousand dollars (\$10,000) be appropriated for the improvements. The Chair ruled that the appropriation could not be made on the night of its introduction, and upon motion the report was laid on the table.

A resolution by Mr. Brill that when council adjourns tonight it be to meet on Thursday night, August 11, at eight o'clock, to consider the report of the joint committee on Public Property and Finance for improvements to the city jail, was passed.

The board then adjourned. HUBERT SNOWDEN, President. TESTE: DANIEL H. STANSBURY, Clerk. C. C.

New York Stock Market.

New York, Aug. 10.—The stock market continued active and strong in the early dealings today, many issues making substantial gains over the advances yesterday. There was a reactionary tendency after the first few minutes and at the first hour prices of the leading issues generally showed declines of a point or more from the highest of the morning. After recessions noted in the early forenoon the market developed a harder tone and after midday some recoveries were noted in the important issues.

Floods in Japan.

Tokio, Aug. 10.—The floods, now sweeping over the country, following the heaviest rainfall in many years, threaten to become one of the greatest disasters Japan has known. In Central Honshu province the rain fall is increasing, and enough damage has already been wrought. At Shidzueka near Yokohama, forty persons have been drowned and more than 200 houses have been destroyed. All over Japan the rice crops have been devastated, and as a result, the price of rice on the exchange here is rising by leaps and bounds.

The government is becoming alarmed, and taking measures to avert quick relief. If the rice crop is destroyed the empire will face another long period of hard times.

The Tokaido Railway, the Central highway of the empire, has sustained the great damage of all the railways. The tracks are everywhere inundated, and tunnels and bridges have collapsed by the score. The telegraph lines to many points are prostrated, and it is impossible to ascertain details of the disaster.
