Contract advertisers will not be allowed to exceed their space unless the excess is paid for at transient rates, and under no circumstances will they be allowed to advertise other than their legitimate business in the space contracted for.

Resolutions in memoriam of thanks, tributes of respect, resolutions adopted by societies or persons, unless of public concern, will be printed in the paper as advertisements.

## ONE-CENT LETTER POSTAGE.

President Taft and Postmaster General Hitchcock came to an agreement yesterday on the recommendations of the president will make to Congress regarding a change in the second class postage rates as affecting magazines and other periodicals.

Mr. Taft will recommend that the magazines be required to pay the present rate of one cent a pound on all reading matter and a much higher rate, to be determined later, on the advertising pages. Each magazine will be required to send a copy of its current issue to the Postoffice Department each week or month, as the case may be. There the publication will be dissected. The reading matter and the advertising sections will be separately weighed and the amount of postage computed by the numbers of magazines sent out.

Newspapers will not be affected. The average haul of the newspaper is but 300 miles, while the average haul of the magazine is 1,100 miles.

The hauling of magazines in the mail has proved costly to the government, and both the president and the postmaster general believed it has entered largely into the deficit shown each year in the Postoffice Department.

President Taft is looking forward to a one-cent rate for letter postage and hopes to recommend it before he leaves the White House.

The establishment of the proposed new rates as to magazines, the president believes, will do much to bring about the penny postage plan. At the same time he thinks the magazines will be compelled to pay only their just share in the postal expenses.

The president is determined to push his plan for penny postage and third class postmasters under the civil service. He will make the recommendation to Congress in his forthcoming message and hopes for favorable action. In addition to taking these classes of postmasters entirely out of politics, the president believes the move will prove economical. He is certain it will enhance the efficiency of the service.

## MORE AVIATION FEATS.

A "baby" Wright roadster, with Ralph Johnstone at the wheel, glided gracefully to earth in the twilight at the close of the international aviation meet at Belmont Park yesterday evening with the barograph registering a new world's record for altitude. The little machine, of only 35-horsepower, had been up 9,714 feet, exceeding by 528 feet the height attained in France on October 1 by Henry Wynnalen, of Holland.

But Johnstone's sky-climbing feat was not the only notable incident of the closing day of the meet. Claude Grahame-White, the athletic Britisher, who carries away the Gordon Bennett trophy, which takes the next international tournament to England, sharpened the sporting appetite with a challenge to John W. Moisant, of Chicago, for another race from the park around the Statue of Liberty in New York harbor and return. Moisant who won \$10,000 for his last flight around the statue Sunday ignored the challenge.

Then Grahame-White, denied another chance for a visit to Miss Liberty, sent a thrill through the spectators, when at the close of a speed race with J. A. D. McCurdy, of the Curtiss team, his propeller snapped, his monoplane dug into the greensward in front of the grandstand, turned turtle, and buried the aviator underneath. He was uninjured, and won the race.

Moisant's winning of the \$2,000 distance prize offered by the Aero Club of America, was the other big event of the day. He traveled approximately 871-2 miles in two hours. In landing, after winning the event, he smashed his propeller and broke a running wheel, but escaped unscathed.

"I was in a pretty purple haze up there," said Johnstone, after he had finished his world-record flight, "and say, it was cold. I had a couple of sweaters on, beside my rubber suit and face mask, but then at times I felt as if freezing. Several times I lost complete sight of the earth, but when I shot clear of the haze I could see away down below building and residences which looked like toy blocks."

The old, old story, told times without number, and repeated over and over again for the last 36 years, but it is always a welcome story to those in search of health—There is nothing in the world that cures coughs and colds as quickly as Chamberlain's Cough Remedy. Sold by W. F. Creighton and Richard Gibson.

## A Lenoir Lady, After Two Weeks

Grinding Labor, Feels Better Than Ever.

Lenoir, N. C.—"I am not tired at all, and am stouter than I have ever been," writes Mrs. Kate Waters, of Lenoir, N. C., "although I have just finished a two weeks' wash. I lay my strength to Cardui, the woman's tonic. I have taken a lot of it and I can never praise it enough for what it has done for me. I can never thank you enough for the advice you gave me, to take Cardui, for since taking it I look so well and am stout as a mule."

You are urged to take Cardui, that gentle, vegetable tonic, for weak women. Its use will strengthen and build up your system, relieve or prevent headache, backache and the ailments of weak women.

It will surely help you, as it has helped thousands of others, in the past 50 years.

N. B.—Write to Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

## MARRIED HER STEPFATHER.

Mrs. Johanna Husselman was awarded \$9,800 damages from her daughter, the wife of Dr. Wilhelm Becker, in the Circuit Court in Milwaukee, Wis., yesterday, in a \$25,000 alienation of affections suit of mother against daughter.

Mrs. Husselman and Dr. Becker were married in Chicago on March 17, 1900. She had two daughters. One of them was Mrs. Hattie Bott, aged 26. Mrs. Bott was then living in St. Paul. Her husband was Dr. Henry C. Bott.

Shortly after the marriage Mrs. Bott went to Milwaukee to visit at the home of her mother and her new stepfather. The result was that on September 29, 1905, Mrs. Becker and her husband separated. On November 3, 1906, Mrs. Husselman got a divorce, resuming the name of Husselman.

On November 9, 1906, Mrs. Bott began suit for divorce from Dr. Bott. She got the divorce November 24, 1907. Five days later, according to testimony, Mrs. Bott and her stepfather were married.

The mother said, among other things, that her daughter "wilfully, maliciously and wickedly" gained the affections of Dr. Becker and sought to entice him to desert his wife.

## DEFAULTERS, NOT DYNAMITERS.

From the description given by a detective agency it is believed that two of the men who were arrested on their arrival at Acapulco, Mexico, Saturday on the schooner Kate are Wilson B. Evans and Merchants' Bank, of Los Angeles, and H. Hamburg, an alleged accomplice. It is said that \$11,900 has been recovered.

The Kate came into port to take on a supply of gasoline, and three passengers giving the names of Harry Ham, O. Carlson and Dan Archer were taken into custody as suspects on the theory that they might have been implicated in the dynamiting of the Los Angeles Times Building. The sum of \$10,000 was found on the boat.

The captain, Swan Englethe, and Adolphson, the engineer, were placed under guard. The captain said that he had been engaged to take the schooner from San Francisco to the Galapagos Islands, off the coast of Peru and Ecuador. He was to be paid \$730.

Yesterday the police examined the prisoners in the light of description furnished by a private detective agency of the fugitive Evans and Hamburg, and it is believed that the identification was sufficient.

Group is most prevalent during the dry cold weather of the early winter months. Parents of young children should be prepared for it. All that is needed is a bottle of Chamberlain's Cough Remedy. Many mothers are never without it in their homes and it has never disappointed them. Sold by W. F. Creighton and Richard Gibson.
