WANTS EXECUTION HASTENED.

The murderer Allison, taken to the North Carolina penitentiary last month from Asheville, and sentenced to be put to death by electricity next February, has made an appeal to \$8.50 death, declaring that he wishes to get at the world as soon as possible.

Allison, who was a notorious des-perado of the mountain section, killed three men. He swore that he would never leave Buncombe county, and also that he would never die in the electric chair. He cut his throat in jail the day after his sentence and almost carried out his threat. He was brought o Raleigh under a guard.

Gov. Kitchin has no power to expedite the execution.

MURDERER ON THE RAMPAGE. William Griffith, a saloonkeeper, an-

gered over his conviction on charges of assault, ran amuck in New Castle, Col., Wednesday night, killing one man and wounding two others. He then barri-ended himself in his room in a downtown block and stood off the citizens. When a posse from Glenwood Springs, headed by two women, finally broke into the room, Griffith was found dead, lying face down on the floor. The dwork was riddled with bullets, one of which is thought to have killed him.

William Davis, a spectator, was shot and killed by Griffith. The wounded are City Marshal Remmis, shot in abdomen, and Philip Car-penter, spectator, shot through the neck. Both probably will die.

The explosion of a bomb in front of a tenament house on Forty-seventh street, New York, yesterday, badly damaged the front of the building and caused a wild panic among the 25 families who occupied the structure. It is believed by the police that the bomb was meant for Baccaerolo Bros., a firm which recently opened a fruit store on the ground floor. They are said to have received threats that barm would come to them.

Fresh Air in Winter

In winter, it is hard to get fresh air in certain rooms. Some rooms in a house are usually colder than others, and if you open the windows it is hard again to heat the room properly.

If you keep the windows closed you don't get fresh air; if you keep them open you cannot quickly reheat the room. The

ERFECTION SMOKELESS OIL HEATED

Absolutely smokeless and odorless solves the difficulty. You can leave the windows in a room open all day in winter, and when you close them apply a match to a Perfection Oil Heater and heat the room to any temperature you desire in a few minutes.

The Perfection Oil Heater is finished in japan or nickel. It burns for nine hours. It has a cool handle and a damper top. It has an automatic-locking flame spreader, which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back so that the wick can be quickly cleaned. An indicator always shows amount of oil in the font The filler-cap does not need to be screwed down. It is put in like a cork in a bottle, and is attached to the font by a chain.

The burner body or gallery cannot become wedged, because of a new device in construction, and consequently, it can always be easily unscrewed in an instant for rewicking. The Perfection Oil Heater is strong, durable, well made, built for service, yet light and ornamental.

In Bad Fix

"I had a mishap at the age of 41, which left me in bad fix," writes Mrs. Georgia Usher, of Conyers, Ga.
"I was unconscious for three days, and after that I

would have fainting spells, dizziness, nervousness, sick headache, heart palpitation and many strange feelings.

"I suffered greatly with ailments due to the change of life and had 3 doctors, but they did no good, so I concluded

to try Cardul. "Since taking Cardul, I am so much better and can do all my housework."

The Woman's Tonic

Do not allow yourself to get into a bad fix. You might get in so bad you would find it hard to get out.

Better take Cardui while there is time, while you are still in moderately good health, just to conserve your strength and keep you in tip top condition.

In this way your troubles, whatever they are, will gradually grow smaller instead of larger—you will be on the up-grade instead of the down—and by and bye you will arrive at the north pole of perfect health.
