THE Maryland Encampment G. A. R. met in Baltimore Wednesday. Comrade Thomas Hill, of Thoburn Post, this place, attended.

By the way, the movement to impeach the Mayor and Council for allowing a dangerous skating-rink all over town this week has been aban-

THE bad weather has played havo with "pay week." The merchants complain of consequent dullness in the well known and highly esteemed popular business habit of liquidating last month's bills. We haven't taken enough money in this office during the week to get into the skating rink on a dead-head ticket.

TEMPERANCE MEETINGS. - Rev Uriel Graves, of Baltimore, is announced to deliver temperance addresses at Mt. Savege, Jan. 29th; at Lonaconing, 30th and 31st, and in Paul's Opera House, Feb. 1st and 2d, at the usual evening hour in each place. Mr. Graves enjoys considerable reputation as an orator.

RELIGIOUS .- The revival service at the M. E. Church, South, continues Thus far four have professed faith and others are at the altar.

The fourth quarterly meeting for this station, same church, will be held to-day and to-morrow (Saturday and Sunday.) Rev. W. G. Hammond, P. E. will be present.

The meeting in the M. E. Church is going forward with good prospects.

According to Vennor the out-look for February is not cheering. A brief storm period marks its entry, which will moderate at closs of next week. A great amount of rain and snow is promised during the month with brief periods of cold, as also extensive thaws. The worst weather is likely to occur in the West, and in the Middle Seaboard States towards or after the 25th. Next week we will condense his predictions for the period between the 3d and 10th

MONDAY EVENING NEXT-Duprez & Benedict's Minstrels .- This company will exhibit in Odd Fellows Opera House. The Lowell (Mass.) Courier publishes the following concerning a recent appearance of the

troupe in that city:
A careful enumeration of the audience present at the entertainment given in Huntington Hall on Saturday evening would have given the exact number which the hall can at present accomodate. Every seat and inch of floor space that afforded a view of the stage was occupied, and it hecame necessary to stop the sale of tick. over-crowded, as a sixth person in many instances crowded in without permissio settee, according to the plan. This matter will doubtless be corrected in the fcture. quainted with their duties.

THE skating rink closes this evening after a successful run of nearly a month.

Friday evening of last week a er medal was awarded Miss Mary Porter, of this place, as the best lady skater. The vote in detail was as ollows :

Mary Porter 70

On the part of the management, Mr. R. H. VanHorn, of Lonaconing, presented the medal.

The grand gala evening of the season was Saturday. An audience of several hundred was present. Most of the skaters were in masquerade, and many handsome and toilettes were presented. The following list embraces the more prominent figures :

'Gpysy"-Mrs. Thomas G. Ditlon. "Hiawatha"—Miss Kate Porter.
"Night"—Miss Ada Preston.

"Topsy"—Miss Mary Porter.
"MINING JOURNAL"—Miss Jennie Flint

"Oscar Wilde"—George Kane.
"Cosmopolitan"—O. J. Moat.
"Santa Claus"—Charles Blasse.

"Jockey"—Frank Porter.
"Goddess of Liberty"—Harry Shaffer. "Dutchman"-Edward Burton. The award of the medal to the

most tastely attired lady was made to Mrs. Thomas G. Dillon. Another enjoyable masquerade as-

embly took place Wednesday even-In this connection it should be stated that a number of gentlemen met in Dr. J. J. Jones' office Thursday

evening to take preliminary steps to ward organizing a club. J. B. Oder was called to the chair and G. M. Perdew chosen secretary. Committees were appointed, and a permanent organization will doubtless be affected next week.

DEATHS OF OLD CITIZENS .- Mr. John Somerville, superintendent of the Pickell mine at Barton, died Friday of last week, aged 65 years. Twenty-five years ago he left the service of the Georges Creek coal and iron company to take charge of the Pickell, then opening, and he had since held the superintendency uninterruptedly. The jury in the case of the Izer family, charged with horse-stealing, came in Tuesday night with a verdict of guilty on the first count as to Emanuel, on the second count as to Uriah and Martin, and not guilty as to Charles. The second count was for receiving stolen goods, Urish was tried separately in another case for the same offense and found guilty on the first count.

THE Harrisonburg (Va.) Common wealth says "if we had water works in this place we would have manufacturing establishments." Don't know about that. Here in Frostburg we have water works and only two or three factories. But, come to think of it, sometimes we have no fluid to run the water works.

A young man of this city who was invited by his mother to lug a had of coal from the celler, offered an amendment, striking out him self and substituting thereof his father, stating as his reason that he had just returned from a seven days' vacation, and that it was a well-known proposition, laid down by Greenleaf's arithmetic, that seven days make one weak. The amendment was overwhelming voted down, and the original motion prevailed by a solid vote on both sides of the house.

THE Ohio institute of Mining Engineers held its Third Annual Session at Columbus last week. The attendance was good and great interest was manifested. The names of twenty-five new members were added to the roll. Hon. Andrew Roy, mine inspector of Ohio, well and most favorably known in this region, is president, and Mr. R. S. Paul, of Akron, is secretary. In a letter inviting us to be present, the latter gentleman informs us that the institute will meet for mine inspection at Youngstown on the 9th of May next.

PERSONAL .- A late issue of the Pittsburg Leader has an article upon "Maryland Clock-makers, and the Remarkable Ingenuity of Citizens of Allegany County." It begins as follows, the conclusion being taken up with a description to which our readers are accustomed: "Frostburg is in Allegany county, Maryland, and is remarkable for nothing specially save its bracing atmosphere in all seasons of the year, and as the home of the only three men in America that have had sufficient ingenuity to build clocks. Not any of your twentyfour hour or eight-day Connecticut to attempt sociable discussion. clocks, but clocks that are astronomical, musical, historical, apostolical and in fact all that you could and could not expect from any well-regulated, nicely behaved clock. The first, known as the Strasburg, because it was patterned after that structure caused a marked sensation in this country, and scientific men regarded it as a wonder of mechanism. Then it was that a tanner away up there in the mountains forsook his trade and, like Grant, sought his fortune in another channel. This man, however, spent twelve years in modeling what may, in all truth, be termed marvelous, because it is a piece of mechanism unprecedented. He is not a bright appearing gentleman, this extanner from Marvland, and does not look a genius, but when our reporter met him yesterday at the museum getting his clock ready for exhibition, his face was all aglow as he expatiated on the beauties of his structure, and as he showed the machinery he beamed out on us like an electric light. The clock, however told its own story, and in fact told many stories familiar to

farvland."-This article refers to H W. Wegman. Mr. A. B. Pugh, of the law firm of Dyer & Pugh, Petersburg, W. Va., was the guest of Rev. A. M. Cackley, of this place, over Sunday. He was

en route for Baltimore. Jerry and James Coulehan return ed home Friday of last week from Wheeling.

Miss Grace Hoblitzell, of Mayersdale, Pa., is the guest of Frostburg friends.

Messrs R. H. Vanhorn and William Henshaw, of Lonaconing, are enthusiastic skaters. They sleigh ride sixteen miles to and from the rink, and say nothing of a run of fortymiles an hour on the rollers.

Many of our readers will remember Fred Shuckhart, form erly of Frostburg. He is away out in New Mexico doing well in a prominent and responsible position. We read a recent letter from him /a few days ago containing a message which does honor to a dutiful son.

At the meeting last Friday even ing R. W. Mason, Esql., was elected representative of Fra ternity Council in next Session of Grand Council of the State.

SERIOUS RAILWAY ACCIDENT .two inches of rock-bottom ice : total About two o'clock Tuesday afternoon coal train of 12 scows, 51 hoppers and 3 locomotives, going east on the Georges Creek and Cumberland railroad, became unmanageable at Montell's and ran away. At Percy's trestling the front locomotive and scows became detached, the rear locomotive and 51 hoppers leaving the track and going over the trestling, carrying five men-William Lyons, James McGettigan, James Dolan, Martin Welsh and J. H. Baldwin. Of these Messrs. Lyons, McGettigan and Baldwin were killed, and Dolan and Welsh badly hurt. The fall was about 20 feet. There were twelve men on the train, seven saving themselves by jnmping. No blame attaches to any one, as everything possible was done to arrest the flight of the train, and the accident was due originally to defective brakes on the B. & O. hoppers. Messrs. Mc-Gettigan and Lyons were interred Thursday, the latter in Frostburg The body of Baldwin was found Thursday in the mass of coal. The highest estimate of the loss placed by General Manager Millholland is \$25,000.

EXTINGUISHING THE ASTOR MINE IRE-An Unfortunate Accident .-The pump used for propelling the water to the mine is one of the Cameron make (New York). Its capacity is 90 strokes per minute, though it was put to work here at between 35 and 40, a force which filled the pipes nearly half full of water. The pipes are 6 inches diameter and extend upgrade a distance of 3,000 feet to the point in Pompey Smash where the fire broke out. Here the water was poured through a grating or screen nto which also clay was shoveled the design being to thus convey the clay dow into the burning portions of the mine. The pump was worked by the boiler (located about 100 feet distant) of a C. & P. locomotive, which became disabled during the suspension. The recent cold snap, nowever, had a disastrous effect upon the pipes, a number of joints freezing and bursting. These will be replaced doubtless and the work go on until extinguishment is complete, or the fire rendered harmless so far as it threatens valuable coal areas.

DIED .- Friday morning of last veek at Blaen Avon, Mrs. MARY SPIER, wife of John Speir, aged 35 years. She was a daughter of the late Terence McGee, of Lonaconing, and leaves several small children.

Consumption.—It is said that 50,000 people die annually in the United States alone from this disease. In some sections of the country one death in every three is from Consumption. This can be, and should be avoided; our people are too cateless about an ordinary cough or cold, and other symptoms of threat and lung affections that lead to this disease. You should arrest it while in the germ. Two or three doses of Dr. Bosanko's Cough and Lung Syrup will relieve as ordinary cough or cold. It does not dry up a cough like many preparations on the market and leave the disease behind it, but acts directly on the throat and bronchal tubes, removing all the phlegm and morbid matter that accumulates in the throat and lungs. Mary Quick and Thomas Quirk, her husband,

No. 3280, In the Circuit Court for Allegany county in Equity. Catharine Nitter, THE object of this suit is to procure a premises in Mt. Savage, Allegany county Md.

Md.

The bill states that on the 19th day of October, 1874, Catharine Nitter, widow, then a resident of Mt. Savage, and now a resident of Johnstown, Pennsylvania, conveyed to the said complainants certain real estate which is particularly described in the bill and its accompanying exhibit by way of mortrage to secure the payment of

the bill and its accompanying exhibit by way of mortgage to secure the payment of the sum of one hundred and fifty dollars, without interest, it being the balance of the purchase money due on the property and described in said bill and exhibit A. The bill further states that the condition of the mortgage was that it should be veid on payment of fifty dollars annually from the 19th day of October, 1874.

The bill further states that the sum of seventy-five dollars with interest thereon from the 19th day of October, 1877, the date of the expiration of the mortgage, still remains due and unpaid, and that the time limited for the payment of the mortgage debt has passed.

The compalianats in their bill pray that

still remains due and unpaid, and that the time limited for the payment of the mortage debt has passed.

The conglaisants in their bill pray that the said defendant, Catharine Nitter, may answer the allegations of the bill and that the premises may be sold for the payment of the mortgage debt, and for such other and further relief as their case may require, and also pray for an order of publication against the said Catharine Nitter, widow, and a non-resident of the State of Maryland. It is thereupon adjudged and ordered by the Circuit Court of Allegany county as a Court of Equity this 22d day of December, 1882, that the complainants, by causing a copy of this order to be inserted in some newspaper published in Allegany county once in each of four successive weeks three months before the 1st day of May, 1883, pre notice to the said absent defendant of the object and substance of this bill, and warn her to appear in this Court in person or by solicitor on or before the first day of May, 1883, to answer the premises and to show cause, if any she has, why a decree ought not to pass as prayed.
