

THE DAILY STAR

MINOR LOCAL MENTIONS.

The meeting of the Republican State Central Committee has been postponed from June 9th until June 14th.

The case of Henry Reynolds, the man who assaulted Fred, Buckley, the census-taker, has been taken under advisement by Commissioner Hooper.

The Republicans of the Fourteenth Ward have organized a Ward Club. The Fourteenth has a new wigwag on Livingston street, near Linn.

Chas. T. Phitzer, the vault-cleaner, was yesterday bound over to appear before the Grand Jury by Squire Anthony to answer a suit in bastardy preferred against him by Sophia Hector.

J. H. Plant, a property owner on McLean avenue, has brought suit against the Southern Railroad to recover \$30,000 damages alleged to have been sustained by the destruction of the said avenue.

Wm. Shinter, of Pomeroy, Ohio, while standing in front of the American Union Telegraph office last night, watching the reports from the Chicago Convention, was relieved of his silver watch by pickpockets.

City Comptroller Ed. Eshelby has appointed Mr. J. G. Brotherton, formerly of the banking firm of Gilmore, Brotherton & Co., as First Assistant in his office, in place of Mr. W. J. Cramsey, who served under City Auditor Hoffman.

A colored woman named Carrie Smith was cut across the back last night at Turner's ranch, on east Front street, by a man known as Possum. She was taken to the hospital. Her wound is not serious. Possum made his escape.

The United States, through the District Attorney, brought suit yesterday against John Conwell, of Cadiz, Ohio, for \$202.27, money he received from the Government in 1862 and 1864 for services alleged to have been rendered by him as First Lieutenant in the Thirtieth Regiment of U. S. V. The Government claims that during this period he rendered no services whatever to the United States.

The "Big Missouri" on Sycamore street and Whetstone Alley was pretty well gutted by fire last night about half-past eleven o'clock. The building, which is a part of the Dixon estate, is damaged to the extent of \$2,000. Meyer & Merkel, basket manufacturers, are heavy losers through damage done their machinery by water. Knott Bros. & Co., cabinet furniture, are damaged slightly. Dolins & Pulschamp, parlor furniture manufacturers, lose heavy, but to what extent is not exactly known.

A number of the best musicians of the city have volunteered to take part in a concert for the benefit of H. J. Loyd, the ticket agent, to be given in Music Hall on June 21st. Among them is Miss Emma Oranch, Miss Kate Funck, Mr. Rudolphsen, Mr. Hartdegen, Mr. Wittgenstein, Mr. Pershing, Mr. Carter, the chorist boys and the Queen City Double Quartet, viz.: E. Hartley Thompson, Mark Packard, J. Frank Dunnie, C. J. Coleman, Geo. D. Newhall, Elm. H. Sullivan, W. P. Tyrrell and H. J. Wetherell.

The proposition of the consolidation of all the lines of the street railroads was signed by the following-named gentlemen in behalf of their respective roads: R. M. Shoemaker, President of the Consolidated; Briggs Cunningham, for the Storrs and Seamanville Railroad; L. B. Hopple, for the Spring Grove Avenue Railroad; Joseph Rogers, for the Walnut Hills and Cincinnati Railroad; and Briggs Cunningham, President of the Clifton Inclined Plane. This agreement does away with the old name of the "Consolidated," as the new syndicate will henceforth be known as the "Cincinnati Street Railroad Company."

The Coroner returned the following in the inquest held on the body of Albert Angewine: "Death from injuries received by being struck by engine 86, express train on the Marietta and Cincinnati Railroad, while passing Bond Hill Station. I find the accident was caused by his own imprudence in endeavoring to cross the track when the train was passing. I earnestly request that a painted sign in large letters be put up at said station, cautioning passengers coming from Cincinnati not to get off the train on the north side, as the express train is due about the time the 5:10 p. m. accommodation train arrives at Bond Hill."

AMUSEMENTS.

GRAND OPERA-HOUSE.

Every seat in the above theater was filled last night by an audience that was captivated by the entertainment by Haverly's Mastodon Minstrels. When the curtain arose the forty Ethiopian performers were seen to occupy the entire stage. The first part of the programme, which consisted of songs accompanied by music by Haverly's Band, jokes, etc., was highly interesting. The music, vocal and instrumental was excellent, especially the ballad "Bally in Our Alley" by Mr. B. Dixon. The audience was so taken away that they encored the vocalist three times.

The ballads by Barry Maxwell, C. F. Shattuck and George Hartley were finely sung, as also the comic ditties by Billy Emerson, Billy Rice and Tom Sadler. The Volunteer Fire Department, in a song and march, closed the first part of the programme. The second part, the olio, embraced Billy Emerson in songs and dances; Rice in the most funny and side-splitting of his lectures, entitled "Labor versus Capital"; the burlesque Spanish Students; Harry Kennedy in his ventriloquism; Parker and his wonderful performing dogs; and the closing burlesque, the "Royal Biddy."

The programme will be repeated to-night.

HEUCK'S OPERA-HOUSE.

The testimonial benefit tendered to Messrs. Collins and Penniss last night was a rouser as far as the attendance was concerned, but the olio performance was only moderately good. The performance opened with Master Frank Jones, the child wonder, in his specialties imitating Emerson and Booney. He took the audience by storm, and made a decided hit. Mr. and Mrs. James Collins followed in "The Ring and the Keeper," introducing some very pretty duets. The banjo duets by Messrs. DeBrentie and Ellis, too very well, and Miss Cora Vance, in operatic selections, was truly excellent. The lady possesses a very

strong voice, and sings most beautifully. Mr. M. L. Castle's recitations were fair. Mr. Charles Gale, whose name was not on the programme, came next in his impersonations of the aged Southern darkey. He was formerly connected with the Georgia Minstrels. The olio concluded with a song and a policeman's drill by a couple of young chaps, who should never again set foot upon a stage.

The evening's entertainment wound up with "Life in the South," by Mr. and Mrs. James Collins and a very strong company. The latter piece gave general satisfaction, and sent the large audience away in capital spirits.

VINE-STREET OPERA-HOUSE.

The Vine-street Opera House is giving a good show this week, and last night the audience was a big one. Miss Blanche Stetson, serio-comic, was very good. Ben Collins, in his own specialties, made the usual favorable impression. The Crawford Brothers in songs and dances, are well known here, and need no recommendation. P. C. Fox, the Irish tenor, sings splendidly, and was appreciated. Barthwick Reid in his sword act, concluded the olio, and the "Female Forty Thieves" followed, by the whole company, including Virgie Jackson, Chas. Lord, Geo. Herman, and the whole company.

THE PEOPLE'S THEATRE.

This place is giving a very good performance and deserves more patronage, although the attendance now is comparatively good. Matinee every Sunday.

NOTES.

Minnie Palmer will summer at Long Branch.

Miss Louise Pomeroy is soon to make a New York appearance in the play written for her by Miss Schiff.

Messrs. Chas. Lord and Geo. Herman did a "turn" at Heuck's last night, and carried off the honors of the evening.

Haverly's Mastodon Minstrels at the Grand to-morrow afternoon, and a good variety show at the Vine-street Opera-house.

Mr. Frank Harff proposes to make the Highland House "the" favorite hill-top resort this summer. He is certainly making a good beginning.

The representations of Drink, at the Princess' Theatre, London, have produced \$100,000. The share of Mr. C. Reade, the adaptor of the play, is \$45,000.

Robson and Crane gave 245 performances during this season. Sharps and Flints and A. D. 1900 will be their principal cards next season, and they will start at the Standard, New York, November 5th.

Miss Marion Elmore, Miss Lina Merville and Mr. H. Sator, of Rice's Surprise Party, will shortly sail for Europe. They will return for next season to the same places in the company, of which Marie Williams will be the leading member.

The letter of invitation to Mr. John T. Raymond, inviting him to accept a testimonial benefit on the occasion of his departure for Europe, was signed by fourteen United States Senators and forty-six members of the United States House of Representatives; also by a large number of leading citizens of New York, Chicago, Cincinnati and Cleveland.—[N. Y. Tribune.

Twenty-fifth Ward.

Mr. David Parker is building a handsome residence up the Hamilton Pike.

Mr. Wilbur Coates, of Mt. Airy, is visiting Mr. Ed. Havens, of this place.

A large number of accessions to the Presbyterian Church were made Sunday.

The wife of Harry Lingo recently presented him with a twelve-pound boy.

The purchase of the Avenue Street Railroad by the Cincinnati Consolidated Company has caused general satisfaction hereabouts.

The Transcript, our local paper, has increased its subscription price from \$1 to \$1.50. It is to be enlarged and improved, thus necessitating this increase.

Business is booming at the planing-mill, which, by the way, is one of our most enterprising local industries. New hands are constantly being added to the already large number.

Considerable enthusiasm prevailed Saturday night at the telegraph office, where the news from Chicago was received until the Convention adjourned. Among the news was Gen. Banning, who seemed anxious to know the result, and expressed, with much earnestness, the belief that Henry B. Payne would be the nominee at Cincinnati.

German School Board Members.

The German members of the Board of Education held an informal meeting last evening in the German Mutual Insurance Company's office to reconsider the action taken by the Board by which Grade A of the District Schools was transferred to the Intermediate Schools. The following arguments were advanced against the change by the speakers:

First—That the separation between the District and Intermediate Schools was useless and was objectionable; also, because experience had shown that it increased the expenses of parents for their children.

Second—That the taking of a grade from the District Schools simply lessened the advantages of a proportion of the pupils, alleged to be very large, whose training ceased with those schools.

Third—That the measure was really an attack on the teaching of German in the public schools, since it would reduce the time allotted to that language in the Intermediate Schools.

Fourth—That the action was contrary to rule 40 of the board, which required that a proposition for any change in the system of the school must lie over at least from one meeting to the next.

Nothing was done by the meeting, the object apparently being to persuade some member who had supported the measure to move its reconsideration.

The Official Railway Guide for June.

We have received the June number of the "Official Railway Guide." It has all the useful and valuable information, such as is required by travelers and shippers, thoroughly revised and corrected up to date. The contents comprise in part all the railway time-schedules, connections and distances; a list of general officers, maps of principal lines, and a complete index to railway stations and express offices in the United States and Canada; also, all the inland and ocean steam navigation routes, &c. The miscellaneous reading matter, occupying in the aggregate a great number of pages pertaining to railway improvement and progress, is also an important and interesting feature of each number. The Official Guide is issued monthly by The National Publishing Company, now located at 48 Bond street, New York. It is the recognized organ of the General Ticket and Passenger Agents' Association, and is published under their auspices, and is decidedly the largest, most comprehensive and reliable guide ever offered to the public in this country. Price, 50 cents a copy, or sent to regular subscribers at \$4 per annum. For sale at all bookstores, news agents and others, at all ticket offices, on trains, &c.

NOTES AND NEWS.

Acme vs. Aquatics Saturday.

Trotting races begin July 5th.

The running races begin at St. Louis today, and at Chicago June 20.

The Cincinnati play in Troy to-day, the Chicagoans in Providence, the Clevelanders in Boston, and the Buffaloes in Worcester.

The Star picked the Cleveland Club out as the "dark horse" at the beginning of the season, while the other papers throughout the country hardly noticed the team in their remarks as to who would win the championship.

The O'Leary walk begins at the Highland House on Friday. Hart, the colored champion, and Dobler will give exhibitions every day during the contest. Entries close to-morrow and the prospects are good for an interesting tournament.

Wm. Bird, owner of Edgely, the horse that was ridden Saturday by Walker, who made a mistake in calculating the distance he had run, swears by all that is fast and slow that he will never run his horse on another half-mile track. Don't get too loud, Mr. Bird, or we'll tell how you went home.

The Acme-Aquatics race, which will take place next Saturday at 8 p. m. on the Newport Bridge to the Fulton Docks and return, distance three miles, promises to be the most hotly contested race the clubs have yet rowed. The crews are out every evening practicing, and the knowing ones are about equally divided in their opinions as to which club will win. Both crews are working splendidly, and there certainly is no choice in the betting.

When an English or French two-year-old wins an important event at any of the principal English meetings the Sportsman never fails to devote considerable space to the youngster, but it dismisses Irishwicks, the brother to Harold, who has already won two good races, by saying that "Mr. Lorillard introduced to notice a nice youngster in Irishwicks, a very heavily-engaged son of Lexington and Maggie, who since he came to the Newmarket Two-year-old plate, and the sold should earn several winning brackets before the end of the season."

AN INTERESTING ESSAY

ON SKIN DISEASES

As They Exist in This Country,

And the Best Mode of Treatment

To Secure a Speedy and Permanent Cure.

By a Prominent New Physician.

There is no country in the world where Skin Diseases are so common as in the United States, and where the respectable and cleanly people are so subject to the various Skin Diseases. There are many known causes for this state of things; and one is that, in this country, there is less sulphur found in nature, less in the vegetables and in the water, than in many other countries; and, secondly, there are more people in this country that suffer with nervous diseases than any other, and nervous weakness or irritation is a very fruitful cause of the development of many cases of a certain class of Skin Diseases. There is but one remedy in nature for Skin Diseases, and when that is abundantly found in the water and general articles of food, the disease does not exist to any very great extent, and that remedy is Sulphur, and there is no preparation of Sulphur known to either the public or profession equal to GLEN'S SULPHUR SOAP; it contains all the active properties of the Sulphur without any of the extraneous or objectionable matter so often found in Sulphur, and is combined with softening and soothing oils that give immediate relief. See that "C. N. CRITTENTON" is printed on each package, without which none is genuine. Sold by druggists and fancy goods dealers at 25c; 5 cakes 6c. Sent by mail on receipt of price, and 5c extra for each cake. C. N. CRITTENTON, Sole Proprietor, 115 Fulton street, New York.

IRON TONIC.

A Preparation of IRON and CALISAYA BARK, in combination with the Phosphates. Endorsed by the Medical Profession, and recommended by them for Dyspepsia, General Debility, Female Diseases, Want of Vitality, &c.

W. F. HILL, Crockett Station, Tenn., writes: "Dr. HARTER'S IRON TONIC has done wonders here. A lady who had been doctored nearly to death for several years, has been cured of Debility and Great Prostration by the use of Dr. HARTER'S IRON TONIC, which she has taken from her bed, where she had been lying for many months." Mr. James Brown of our county, has requested us to tender you his grateful acknowledgments for the great benefit his wife received from the use of your Iron Tonic. He tells us that, after having paid three or four hundred dollars doctors' bills, two bottles of your Iron Tonic did her more good than all other medicines she ever used. She was troubled with Dyspepsia, indigestion, from which she is much relieved. F. A. PATRICK & CO., MANUFACTURED BY THE DR. HARTER MEDICINE CO., No. 213 NORTH MAIN STREET, ST. LOUIS.
