PROTECTS HIS AGED PARENTS
 Would these children have a comfortable home, and the means of education? Would this wife be independent and able to provide for her family? Would there be no sacrifice of property by forced sales of an administrator to meet the demands of creditors—sales made when the market is down, and the price is low? Would the children have a long life, and be able to care for their parents? If you are a father, mother, or child, you should know that there is a way to protect your aged parents, and to secure a comfortable home for your children. This is the only way to do so. It is the only way to do so. It is the only way to do so.
