

**A New Railroad Enterprise.**  
A writer in the Bucyrus Forum advocates the construction of a railroad from Toledo to Pittsburgh via Fremont, Tiffin, Bucyrus, Worcester, &c. At the time the article was written, the road had not been surveyed between Toledo and Fremont. The Bucyrus writer gives the following as the comparative distances, to New York via the Pittsburgh and the Lake Shore route:

From Toledo to Cleveland,	105 miles.
" Cleveland to Erie,	71 1/2 "
" Erie to N. Y. Line,	25 "
" N. Y. line to Dunkirk,	18 "
" Dunkirk to N. Y. city,	27 1/2 "
" Dunkirk to N. Y. city,	151 "

From Toledo to Fremont 20 miles.  
" Fremont to Tiffin 18 "  
" Tiffin to Bucyrus 24 "  
" Bucyrus to Pittsburgh 187 "  
" Pittsburgh to Philadelphia 354 "  
" Philadelphia to N. Y. City 88 "

The writer states that from Bucyrus to Worcester no grade occurs over 26 feet per mile—Thence to Pittsburgh, none over 47; and from Pittsburgh to Philadelphia, going eastward, none over 60 feet per mile, including the Alleghany Mountains.

Therod from Worcester to Pittsburgh, as well as from Pittsburgh east, is in rapid process of construction.

A railroad between Fremont and Bucyrus, now that one has already been commenced between Toledo and Fremont, would be an easy and practicable enterprise, and we have no doubts, with an early day, be undertaken. Toledo is destined to be the radiating point for more extensive lines of Railways than any other town on Lake Erie or Lake Michigan, not excepting Buffalo or Chicago. The same cause that have made Toledo the terminus of about 800 miles of canal commerce, will make her the terminus of a much larger extent of railway commerce.

**A Darning Compliment.**  
The Washington Union concludes an editorial on the passage of the slave bills by saying: "Our oftentimes repeated declarations, 'that the institution [slavery] of the Southern States must rely for support upon the Democracy of the North' are thus being verified."

**THE CHOLERA.**—Several deaths have occurred from this disease at Stenbenville, and we also hear that it is on the increase at Cincinnati.

The population of Washington City, according to the census just completed, is 40,000.

Louis Napoleon is said never to have used the word Republic in a speech during his late tour, and during that period he delivered over fifty responses to congratulatory addresses—Straws show which way the wind blows.

**CENSUS OF BUFFALO.**—The census just completed in Buffalo gives a total of 42,366. In 1840 the population was 8,653, in 1855 it was 15,531; in 1840 it was 17,141; and in 1846 it was 29,773.

**Extraordinary Surgical Operation.**  
Dr. Warren, of Boston, recently took from the stomach of a girl at the Massachusetts General Hospital by means of an incision, a tape worm forty-one feet eleven inches in length.

The operation was performed while the sufferer was under the influence of ether. She observed, on coming to her senses, "Oh! I have had a pleasant dream, and feel relieved." The wound was dressed with great care, and she has scarcely complained of pain since the operation. This we are told, is the only case on record where a tape worm has been literally cut from the human stomach.

**LAWYERS IN ENGLAND.**—Sir John Jervis states that, at the present time five leading barristers in London made upwards of £11,000 a year each, eight about £8000 a year each, and twenty-five make annually about £5000 each. But this is not equal to what Sir James Scarlett used to do—he made £30,000 a year.

We saw a young lady the other day, who came from the interior of Wisconsin, all alone to New York. She said that she had a little shopping to do, and New York was about the cheapest place to do it in. She staid in the city two weeks, and returned as she came alone.

The projected Rail Road from Wellington to Fremont and so further, has improved the price of lots at the former place fifty per cent—common lots bring good prices.

Extend the generous aid to him who is suffering and in distress; for thou knowest not how soon the same proffered service will need to be extended to you.

Jenny Lind pudding and milk is now for sale in New York.

The population of Ireland is the poorest, and her church the wealthiest in Europe.

Rest satisfied with doing well, and leave others to say of you what they please.

Some people take more pains to hide their wisdom than their folly.

**McAllister's All-Healing Ointment.**  
It is not often that we allow ourselves to speak in praise of any of the patent medicines of the day, but owing to the many testimonials of praise that we hear daily concerning McAllister's All-Healing Ointment, we must needs say that for ourselves we have never used or seen a medicine as in name as applicable as this medicine. It is indeed truly astonishing to see what virtue is imparted in so simple yet powerful a remedy. For burns, bruises, scalds, all diseases of the skin, and inflammations we believe it has no equal. Call and get a pamphlet in the hands of agents.

**Bulletin No. 1.**  
GLORIOUS NEWS FROM  
**Head Quarters!**  
The Returns are all in, and  
**NIMS**  
is declared elected. The majority for Head Quarters will range from  
150 to 200 tons of the most splendid variety of Goods that were ever wafted up the Sandusky River. As no close contest, this is probably the greatest victory ever achieved in our history. The news was telegraphed from Sandusky city on Tuesday evening, and immediately chartered the steamboat Islander for three, perhaps four trips. "All aboard—passengers free." Nims is the sole Agent for the People's Line, THROUGH BY DAYLIGHT WITHOUT LANDING!

Having secured a Tremendous Low Freight, by shipping our entire line of Goods in connection with the Old Establishment in Elyria, and by way of Oswego, at about one half the usual prices paid by small dealers, who ship by Buffalo. And having many friends to reward and no enemies to punish, we propose offering some inducements to the People of Sandusky and adjoining counties, That will drive the Old and New Combination into  
**HELLS.**

**On the 28th day of September,**  
We shall commence selling 50,000 pounds—All of iron for wagons at \$3 50 per hundred—As we are the sole agents for this kind of iron, we can warrant it to be of the very best quality or of the Cash shall be Refunded.

2,000 pounds splendid cotton yarn, warranted one thread to hold up the bundle, at only 8 1/2 cents per bundle.
