For this Occasion Only.

The circumstance related in the following lines is said to have actually occurred in Holton, Me.

In old New England long ago,
When all creation travelled slow,
And nought but trackless deserts,
Before the early settler's way,
A youth and damsel, bold and fair,
Had cause to take a journey where,
Thro' night and day, and day and night,
No house would greet their wearied sight,
And, thinking Hymen's altar *should*
Proceed their journey through the wood,
They straightway to a justice went—
By love and *circumstances* sent!
The justice—good old honest pate—
Said it was quite unfortunate,
But at that moment could not bind
These two young folks of willing mind,
For his commission—sad to say—
Had just expired—but yesterday!
Yes, after all, he *would* not say
That single they should go away;
And so he bade them join their hands,
In holy wedlock's happy bands,
And just a little he would marry—
Enough, perhaps, to safely carry—
Enough to do them through the wood.'

The Frenchman's Babies.

A Frenchman, named *Le Boudinier*, living in Tenth Street, near race, had been married nearly five years, but owing to some physological course not explained, he did not find himself in the position of a parent until yesterday afternoon. Then according to the proverb "it never rains but it pours," Madame Boudinier presented her lord with *twins*—a pair of plump little boys, brought into the parlor to be presented to Monsieur. "Ah! vat is dis?" cried he in great excitement, when he saw the nurse enter with a child on each arm. *'Deux fameaux!* let me see! let me see! *L'enfer!* vare you get zem, ha? you wicked old vooman; you vant to pretang zem shildrane are mine, eh? Zat not *my* eye! zat not *my* nose! zat not *my* mout! zat not *my* shin! Ciel! none is mine. Zay homebody zay impostaire! I vill ave zem not at all: zay shall call me papa, nevare. I put zem away, (chienne,) and make zem out of soap and candle, if you please: you speculate on the tallow shandler vid zem. Eh did you sink I was grin—green? I not ze faxe of zem *enfants.* You know zat ve vell, you old she scoundrale! Look at me, zen look at zem; much alike, you sink? *Sacre! fripouns!* Take zem; away!" The ladies assembled on this interesting occasion endeavored to pacify Monsieur Le B., and make him believe in his own happiness: but logic and rhethoric were unavailing. He called on them to exhibit some point of resemblance between himself and the children, which, indeed, was a work that balked their female ingenuity.—His rage finally rose to such a pitch that he attempted to clear his house of the whole party, including the nurse and the pair of babies. This outrageous behavior brought Mons. Le Boudinier to the bull ring, and one of the ladies preferring a charge of assault and battery against him, he was recognised for his appearance at court.

SAVING TIME.—A clergymen, who had considerable of a farm, as was generally the case in our forefathers' days, went out to see one of his laborers, who was ploughing in the field and he found him sitting upon the plough, resting his team.

John,' said he, would it not be a good plan for you to have a stump scythe here, and be hubbing a few bushes while the oxen are resting.

John, with a countenance which might well have become the clergymen himself, instantly replied—

'Would it not be well, sir, for you to have a swinging board in the pulpit and when they are singing, to swingle a little flax?'

The reverend gentleman turned on his heel, laughed heartily, and said no more about hubbing bushes.

The following toast was given at a thanksgiving dinner at San Francisco by a regular Patlander, but the darkies refused to drink to the last part of it:—"Ireland,—as she wants to be; England—as she ought to be, and the United States—as they are."

The following beautiful lines, by Tennyson, combine the fancy of the poet with the wisdom of the philosopher:

Two children in two neighbor villages
Playing mad pranks along the heathy leas;
Two strangers meeting at a festival;
Two lovers whispering by an orchard wall;
Two lives bound fast in one with golden ease;
Two graves grass-green beside a gray church tower;
Wash'd with still rains and daisy-blossomed;
Two children in one hamlet born and bred;
So runs the round of life from hour to hour.

AFFECTING INCIDENT.—A young lady named Elizabeth Myre, residing in the north-western part of the city, it is supposed committed suicide last evening. It is said the young lady was engaged to be married to Mr. John Motte, of Terre Haute, Ind. Thursday night last was the time appointed for the wedding, and the appointed time arrived, but the bridegroom did not. Nevertheless the wedding festival was prepared, the wedding garments put on, and the guests were assembled. Still the bridegroom came not, and late at night the bride retired to rest, harrassed with feelings more than words can describe, Miss M. threatened to destroy herself, and sometime during Friday she disappeared, and though the most diligent search has since been made, no trace has been discovered. To crown the melancholy occurrence, and complete the romance, Mr. John Motte arrived in this city on Saturday for the purpose of fulfilling the contract. [Times.

The editor of the Washington Southern Press, having said that Mr. Calhoun was neither witty nor humorous, adding that "wit and humor, after all, are nothing but reason distorted, quaint, and grotesque," the Louisville Journal replies that, then the Southern Press is the wittiest newspaper extant.

A PRECIOUS SWORD.—The Liberty (Md.) Banner of Liberty says that Col. Edward Schley, of Frederick, has in his possession the identical sword with which Sergeant Everheart saved the life of Col. Washington, at the "Battle of Cowpens. It will be remembered that one of Tarlton's men was in the act of slaying the gallant Colonel from behind when Everhart who observed his danger, rushed forward, and with one stroke felled him to the earth.

The Mexican Congress have recently "abolished three of the orders of Catholic priesthood. By another act, Congress has declared unconstitutional an act of the Legislature of Queretaro, introducing the Jesuits into that State.

V letter from John A. Collins, Esq., Editor and Proprietor of the 'Temperance Organ;' also Agent and Lecturer for the Grand Division of sons of Temperance of Ohio:
Cincinnati, November 29, 1848.
A. L. SCOVILL—DEAR SIR: For the past eight or ten months, I have felt inclined to say something in relation to the extraordinary healing qualities of your preparation of Dr. Rodgers' Compound syrup of Liverwort and Tar, for your own, but more especially for the benefit of those unfortunate persons who are threatened or afflicted with Pulmonary Consumption, and who, like myself, have a great aversion to quabks, to their specifics and catholicons; but a combination of circumstances has prevented until now.
In November, 1846, my wife took a severe cold, which settled upon her lungs A violent cough was the consequence, which increased in severity during the winter, and reduced her to almost a skeleton. It was nearly incessant, and attended with severe pain in the side and breast, accompanied with fever and cold night sweats. She expectorated more than a pint of matter daily. Ulcers gathered upon her lungs and discharged. Her hands and feet were cold and clammy as death, and a purplo tint settled upon her lips. The skill and varie efforts of our family physician were completely baffled. On the 1st of May, 1847, he informed me that he could do nothing more than grant her temporary relief, that her case was hopeless, and that she could not survive more than a fortnight at the furtherest. I immediately called upon Dr. R. S. Newton, of this city, (who had been so skillful in the treatment of cancers,) and stated her case to him. He recommended Dr. Rodgers' Liverwort and Tar: assured me there was nothing of quackery about it, but purely a scientific preperation; and gave me the history of several cases, all considered hopeless, where this preparation restored to health. A bottle was procured, and in one week the expectoration was nearly conquered. She continued gradually to improve, her appetite returned, her cough in a few months ceased. She recovered her strength, and to a very great degree her health, and is now a most extraordinary trophy of the healing virtues of Dr. Rodgers' Preparation of Liverwort and Tar.
I can also say that I have derived very great benfit from this preparation, for hoarseness, sore throat and stricure across the breast. I have been enabled while suffering from severe cold and hoarseness, to speak with comparative ease for two hours. It has one advantage, in my own case, over other expectorants—it does not derange the digestive functions producing headache, or nervous i ability.
I regard it as admirably adapted for the use of public speakers. Respectfully yours,
JOHN A COLLINS.
From DR. HIRAM COX, *late Professor io Cincinoati Eclectic Medical Colledge.*
MR. A. L. SCOVILL. However reluctant I have been to permit my name to be attached to patent medicine, I consider it a duty to the community to state that in three cases of incipient consumption, viz: Miss Bell, Miss Barger, and Mr. R. H. Cox, one of our City Council, that Dr. Rogers' Liverwort and Tar operated more like a specific than any other remedy that I ever used. One of the cases, viz: Miss Bell, pronounced by several physicians to be laboring under the last stage of scrofulous Consumption. she is now in good health from the use of a few bottles of the above syrup.

As day by day it unobtrusively extends its sphere of action along the borders of our vast country, and is circulated throughout its extent, new evidences of its power and new proofs of its efficacy are continually developed. Three millions of Boxes, applied to disease within the last four years, has established the astounding fact beyond the power of cavil or contradiction, that it is INFALLIBLE in the cure of all Tumors, Ulcers, Sores, Burns, Tetter, Piles, Scrofula, Erysipelas, Chilblains, Scald Head, Sore Eyes, Quinsy, Croup, Rheumatism, Broken Breast, Ague in the Face, Corns, &c. It completely restores the INSENSIBLE PERSPIRATION, and by this means opens those avenues by which Nature intended to expel the morbid matter of the body—thus is the system cleansed, the blood purified, and the health restored.
It has the power to cause all external Sores, Scrofulous Humors, Skin Diseases, and Poisonous Wounds, to discharge their putrid matter, and then heal them. We are not ashamed of the names of

A REMARKABLE CURE.
Columbus, Indiana, June 5th, 1850.
Messrs. S. D. Hoyt & Co.—Gentlemen: About six months since I was attacked with what my family physician called Bilious Pneumonia, which became seated deeply on my lungs, and after my physician had broken up the fever my lungs still seemed to be seriously affected. I had no appetite whatever; my skin seemed to have lost its action and function, there was no perspiration, and in fact myself as well as my friends had given me up as incurable in consequence of my complexion of disease, and age, which is about sixty years, until one of my neighbors called to see me, who some four months since was afflicted similarly to myself, and had purchased a couple of bottles of DR. S. D. HOWE'S COMPOUND EXTRACT OF SARSAPARILLA, and it gave her such speedy relief, she prevailed on me to purchase a bottle and try it. I done so more to gratify my friends than that I had any expectation of being benefited by the medicine, but before I had taken the whole of one bottle my strength and appetite began to improve rapidly as well as my skin, began to perform its proper function. I purchased the second bottle, and by the time it was all taken I was restored to as good health as I have enjoyed for the last twenty years. MRS. L. M'KINNEY.
Dr. S. Jackson a distinguished physician of Indiana certifies to the above cure, and uses Dr. Howe's SHAKER SARSAPARILLA in his private practice and recommends its use for all diseases arising from a vitiated state of the blood and system. Such testimony is of more real value than pages of ordinary advertisements.
The great success which has attended the use of Dr. S. D. Howe's Shaker Sarsaparilla since its introduction in the western states, has established its character in this section of country.
This is the only Sarsaprilla that acts on the Liver, Kidneys and Blood at the same time, and hence its singular efficacy and success. Be sure and get Dr. S. D. Howe's Shaker Sarsaparilla and take no other.

MARRIAGE:
WHY SO OFTEN UNHAPPY.
THE CAUSES AND THE REMEDY!
MANY and many a wife endures years of bodily suffering and of mental anguish, prostrate and helpless, embittering her life, that of her husband, and hazarding the future welfare of her children, arising from causes which, *if known*, would have spared the suffering, the anguish to the wife, and to the husband embarrassments and pecuniary difficulties having their origin in the mind being weighed down and harassed in consequence of the sickness of the companion of his bosom.
How important that the causes should be known to every wife, to every husband, that the dreadful and harrowing consequences to the health and happiness of both may be avoided! Life is too short and health too precious to admit any portion of the one to be spent without the full enjoyment of the other. The timely possession of a little work entitled as follows has been the means of saving the health and the life of thousands, as over
TWO HUNDRED THOUSAND
copies have been sold since the first edition was issued.
The author has been induced to advertise it by the urgent and pressing request of those who have been indebted to its publication for all they hold dear (that all may have an opportunity of obtaining it), and who have favored him with thousands of letters of encomium, some of which are annexed to the advertisement.

THE MARRIED WOMAN'S
Private Medical Companion.
BY DR. A. M. MAURICEAU,
PROFESSOR OF DISEASES OF WOMEN.
Twentieth Edition. 18mo., *pp.* 250. *Price,* $1.00
THIS WORK IS INTENDED ESPECIALLY FOR THE *MARRIED*, or those contemplating marriage, as it discloses important secrets which should be known to them particularly.
Here, every female—the wife, the mother—the one either budding into womanhood, or the one in the decline of years, in whom nature contemplates an important change—can discover the causes, symptoms, and the most efficient remedies and most certain mode of cure, in every complaint to which her sex is subject.
The revelations contained in its pages have proved a blessing to thousands, as the innumerable letters received by the author (which he is permitted by the writers to publish) will attest.
SICKLY AND UNHAPPY WIVES.
Extract of a Letter from a Gentleman in Dayton, O.
"DAYTON, May 1, 1847.
"DR. A. M. MAURICEAU—*My Dear Sir:* 'The Married Woman's Private Medical Companion,' for which I enclosed one dollar to your address, came safely to hand. I would not have troubled you with these few lines, but that I am impelled by a sense of gratitude, for myself and wife, to give utterance to our sincere and heartfelt emotions.
"My wife has been perceptibly sinking for some three years or more, in consequence of her great anguish and suffering some months before and during confinement; every successive one more and more debilitated and prostrated her, putting her life in imminent danger, and which was, on the last occasion, despaired of. I supposed that this state of things was inevitable, and resigned myself to meet the worst. At this time (now about two months) I heard your book highly spoken of, as containing some matters reaching my case. On its receipt and perusal, I can not express to you the relief it afforded my distressed mind and the joy its pages imparted to my wife, on learning that the great discovery of M. M. Desomeaux provided a remedy. It opened a prospect to me which I little conceived was possible. No pecuniary consideration can ever repay the obligations I am under to you for having been the means of imparting to us the matters contained in 'The Married Woman's Private Medical Companion.' But for this, ere another year would have passed over my head, in all human probability my wife would have been in her grave, and my children left motherless.'

Competence and Health.
"LANCASTER, PA., Oct 24, 1847.
"MY DEAR SIR: I know you will have the kindness to bear with me in encroaching upon your time, while I acknowledge (in behalf of myself and wife) the obligations we feel ourselves under to you in having made known certain matters, contained in your most invaluable 'Married Woman's Private Medical Companion.' It has been worth its weight in gold to me. If I express myself rather warmly, you will see that I can not do so too warmly, when I inform you of the extent to which I have, through it, been benefited. I will state my situation when I obtained your book through the merest curiosity I look upon it as one of the most fortunate events of my life. I had been married some ten years, and was the father of seven children. I was long struggling unceasingly, to the end that I might gain a moderate competency, but the results of my utmost exertions at the end left me about where I was at the beginning of each year; and that only, with the most strict economy, suffering with barely the necessaries of life. Finally, this constant effort was beginning to have its effect upon my health: I felt less capable to endure its continuance, while I felt the necessity of perseverance.
"This constant, unceasing struggle on my part was imperative, in consequence of the prostrated condition of my wife (with occasional intermission) for six years, much of the time confined to her bed, and of course incapable of taking the charge and management of household affairs. Her condition arose from causes of which I was ignorant. Oh! what would I have given had I the six years to live over again! What would my wife have given to have been spared the long days and still longer nights prostrate on a bed of sickness!—all of which would have been avoided, had I then seen a copy of 'THE MARRIED WOMAN'S PRIVATE MEDICAL COMPANION.'"
From a Physician.
DANGEROUS DELIVERIES,
OBSTRUCTIONS, IRREGULARITIES, &C,
How many are suffering from obstruction or irregularities peculiar to the female system, which undermine their health, the effects of which they are ignorant, and for which their delicacy forbids seeking medical advice! How many suffer from *prolapsus uteri* (falling of the womb), or from *fluor-albus* (weakness, debility, &c., &c.)! How many are in constant agony for many months preceding confinement! How many have difficult if not dangerous deliveries, and whose lives are jeopardized during such time, will find in its pages the means of prevention, amelioration, and relief!

To those just Married.—"Had I known?"
"PHILADELPHIA, Nov. 29, 1847.
"DR. A. M. MAURICEAU: Had I known of the important matters treated of in 'The Married Woman's Private Medical Companion' some years ago, how much misery I might have escaped! I have suffered years from causes which you point out in your book, without knowing what to do. I obtained a copy, and found my case treated of. I trust every female will avail herself
