

Establishment of a New People's Paper.

Mr. I. W. Pack, an old Iowan, who has been in Topeka for the eight years past, removes his *City and Farm Record* to Burlington, Coffey county, the home of Congressman Kelley, where he will devote himself to the interests of the Farmers' Alliance and Industrial Union.

THE ADVOCATE believes that by this change the lines of Mr. Pack will fall in pleasant places, and that the newspaper fraternity of Burlington, Messrs. Brown, of the *Nonpareil*, Smith, of the *Republican*, and Watrous, of the *Independent*, will give him a most hearty welcome, and that they will find him "foeman worthy of their steel."

Mr. Pack for two score years has stood related to reformatory politics, and he believes that an excellent field now opens up before him in his chosen work, which we trust will prove to him a glad fruition, and that the good people of Coffey county and Mr. Pack will be mutually benefited by this newspaper movement.
