GREAT "ACTINA" CATARRH Eye Restorer CURE.

The above figure represents the manner in which our Magneto-Conservative Garments are worn. It can be readily understood that they are not worn next the skin, nor have they to be dipped in acids. The dangerous character of Electric Belts charged with acid and worn next the skin is too well known to be repeated here. PROF. WILSON'S system is as distinct from these dangerous Copper and Zinc Belts as a pine knot in an Indian's wigwag to the electric lights of our stores and city streets. There need not be a sick person in America (save from accidents) if our Magneto-Conservative Underwear would become a part of the wardrobe of every lady and gentleman, as also of infants and children.

One million people in Europe and America are wearing our Magneto-Conservative garments—they cure all forms of disease after the doctors have utterly failed. There is no form of disease our garments will not cure. Gout, Rheumatism, Paralysis, Consumption, Constipation, Blot Joints. Our garments cure when all drug treatments fail. Twenty-five thousand people in Kansas City testify to our marvelous cures. If you suffer it serves you right. Listen to your doctors and die. Wear our Magneto-Conservative Garments and live.

RHEUMATISM, STOMACH AND OVARIAN TROUBLES.

COLUMBUS, Kansas, November 21, 1900.

PROF. W. C. WILSON:—Some time ago my son, Frank Dillman, of The Times office, sent me one of your No. 4 Magneto-Conservative Belts. She has been troubled over thirty-five years with Dyspepsia, Liver and Kidney Troubles, Rheumatism and Neuralgia; not all at the same time, but at different times—the last two in various parts of her body. During the early spring she had a very severe attack of Rheumatism in her hip and lower part of her back, followed later in the summer by Neuralgia of the left ovary, with all its accompaniments. After the acute form of the latter had abated somewhat she still had a continual backache with pain in her side, constipation and the like. About this time she received the Belt, and she put it on, with some doubts, but after some few weeks she began to experience a change; she threw away her cane, she could rest and sleep better, her backache left her, stomach troubles were less annoying, and, indeed, she was growing better every day, and she has continued to improve up to the present time. We are well pleased with the results and would recommend the Belt for any of the above named ailments and others of like character.

Private Parlor for Ladies. Office Hours—8 a. m. to 10 p. m. Sundays—9 a. m. to 4 p. m. Address all private matter to PROF. WILSON.
