The Kansas City Stock Yards

Are the most commodious and best appointed in the Missouri valley. The fact that higher prices are realized here than in the east is due to the location at these yards of eight packing houses, with an aggregate daily capacity of 3,000 cattle and 37,000 hogs, and the regular attendance of sharp, competitive buyers for the packing houses of Omaha, Chicago, St. Louis, Indianapolis, Cincinnati, New York and Boston. The eighteen railroads running into Kansas City have direct connection with the yards.

WM. AUSTIN, SUCCESSOR TO AUSTIN & GRAY BROS.,

EMPORIA, KANSAS,

Importer and Breeder of

Suffolk Punch, French Coach, English Shire, Clydesdale, Percheron and Standard Bred Stallions and Mares.

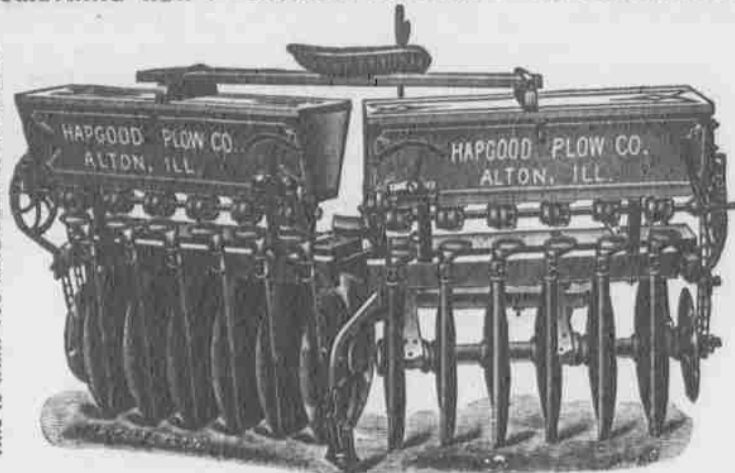

My horses were selected direct from the breeders of Europe, and are descendants of the most noted prize winners of the old world. I paid spot cash for all my stock and got the best at great bargains and was not obliged to take the refuse from dealers at exorbitant figures in order to obtain credit, thereby enabling me to sell better animals at better prices, longer time and a lower rate of interest than almost any other dealer in America.

I have also the most superior system of organizing companies and stock syndicates in this country, and insure satisfaction. I call especial attention to my references. By these it will be seen that I am not handling on commission the refuse horses of dealers in Europe. With me you get a square transaction, a good animal, a valid guarantee, and will compete with any firm in America on prices and terms besides.

Hapgood Combined Disc Harrow AND Grain Drill

The first of the kind. Nothing like it in the market for drilling wheat, barley, oats or other clean grain. The drill deposits the grain at a uniform depth, where it is all covered. Has perfect force feed and will work in sod or anywhere that a disc harrow will work. This machine is bound to take the place of the ordinary drill. We are prepared to give exhibitions with this drill at points where parties are sufficiently interested, and where there is a prospect of securing a liberal order. Send for full descriptive catalogue. Mention this paper. Agents wanted everywhere. See adv. below.
