A crap game at Lebanon last week resulted in a shooting affray in which Lefe Wright was wounded by Will Fowler. Fowler will answer for the charge of "assault with intent to kill" at the September term of court.

The people will take pleasure in listening to Mr. Royce make the statement that he will support the entire republican ticket even if not made up of his personal friends. But they do not expect it and probably will not be disappointed.

No more silver dollars will be coined because the silver dollar is an awkward, unhandy coin. Still we have known times when the awkwardness would have been relieved by the possession of a silver dollar, while at other times one or two of the outlawed coins have proved quite handy.—Topeka Herald.

"Machine men" now have a splendid field for operations—the harvest field.

Henry Gas. Davis the democratic nominee for vice president is 81 years old.

The Japanese it is said have made overtures of peace. Russia is not yet ready to quit.

Sunday excursions will get a hard name, if many more such serious fates over takes them as befel the Slocum and a train on the Erie railroad in New Jersey last Sunday.

Ten years ago Kansas interested the rain makers who believed they offered her citizens their only salvation and opened up for her the only highway to prosperity. Now it seems that the aid of unknown and higher powers must be invoked to save the state from floods.

Rural mail carriers have been imposed upon so much by the public that the government, which pays them for their time and services has issued an order to the effect that they can not solicit business for any individual, firm or corporation, and that articles carried by them must be post paid.

We are reliably informed that C. A. Lewis of this city will make the race for county attorney and will ask the nomination at the hands of the Republican party. Mr. Lewis is an old settler, a good lawyer and one who has made a success in the profession. He would make a competent official.

Whatever business you are in it pays to be honest, it pays to be frank and it pays to be accommodating. Don't feel hurt if all people are not glad to see you. Make yourself worthy and whether people praise you or not you will be independent and respected. Be fair, fight fair and fight hard.—Ex.

The cost of the state printing for two years ending June 30th 1904 was \$136,990.77. For the first time on record it has been kept within the limits of the appropriation by the legislature but still too much is expended for this service. We favor a proposition to place the charges for this work upon a reasonable basis.

No longer can it be said that the republican party is the Wall Street party. While this may have been true at one time, the democratic party has now won the favors of Wall Street by the nomination of Judge Parker who undoubtedly favors the moneyed interests and domination of a millionaire railroad president for second place on the ticket.

Some vandals entered the grounds of Rev. Kirkpatrick at Kirwin one night last week, mutilated and destroyed a number of trees growing upon the premises. The act it is supposed was committed by someone whom he had caused to be arrested for the violation of the prohibitory law, for the sake of revenge. Whoever they were and for whatever cause the culprits ought to be apprehended and punished. Even the property of jointists or other outlaws should not be maliciously destroyed, much less of a law abiding citizen.

The Chicago Chronicle one of the largest papers in the United States heretofore democratic will now train with the republicans. At the close of a long editorial in giving reasons for the change the Chronicle says:

"The Chronicle believes the republican party, while not free of fault, by any means, offers the American people at this time the only prospect of efficient, intelligent and honest government that is anywhere to be seen, and so believing, it will do what it can to advance its principles and to strengthen its candidates."

The machine is unpopular in Phillips county. The fact is patent to any observer. Notwithstanding this, that faction is still planning to control the republican politics and dictate the nominations. To assist in popular rule, the primary election might be effectually employed. It has been suggested as the most satisfactory method in Phillipsburg township and the suggestion, it seems, is favorably received. It might be tested in other townships where a fight is likely to make a close contest. Where people are given the opportunity to vote their sentiments they have no right to kick if they fail to do so.

The Handy ball team was disappointed the 4th by not getting to play their proposed game.

It must be that the hot weather has melted E. L. Coomes mustache off—or perhaps the hot water.

H. N. Coomes and G. F. Merrifield have thrown their headers aside and purchased binders for this year.

Ed Malbaff who came home to harvest has not made his appearance. Don't be bashful we're the same old crowd.

Probably it is true that Mrs. L. T. Brown and little son have gone to Iowa, but why should have appeared in the Dayton letter as it did two weeks ago is a mystery to me, as Mrs. Brown did not reside in Dayton, nor was that item sent in with the Dayton letter.

In Memoriam.

Of Mrs. Elizabeth Smith, departed sister of Phillipsburg W. R. C. No. 221.

The heartfelt sympathy of this corps is sorrowfully extended to her husband and children. They mourn the loss of her lovely presence. The sunshine and light of their home is darkened; to all who mourn the death of the loved one, it is poor comfort that words can convey. Knowing well that in the hour of grief there is but one comforter, the Lord and Master. We with them mourn the loss of her presence, her broad sympathies, her true noble womanhood in remembrance of her former devotion to our order, acting as president, secretary and treasurer at different times, we will have Charter draped for thirty days and ever hold in loving remembrance her kindness as a member.

We therefore resolve that we have a copy sent to the bereaved family and a copy inserted in each of the county papers and a copy placed on record in the Woman's Relief Corps.

Mrs. Mary McFall.
Committee Mrs. Jane E. Tracy.

Filling The Old Well

Directly under the pathway which passes through the courtyard south of the courthouse is an old well which had been arched over with brick and allowed to remain in that condition. Its existence was forgotten by all but the oldest citizens, and people daily passed over the old well with no thought of the abyss which might have swallowed them. The recent rains caused the walls to cave and the commissioners ordered it to be filled, which work is being done this week.

What You Pay For Rent

So far as you are personally concerned represents a LOSS. It practically amounts to one third of your income at least consideration and sometimes more. This money, if SAVED AND PROPERLY INVESTED, in a few years will pay for a home and then instead of eking out a mere existence and having nothing left at the end of a stated period, you will find yourself the possessor of desirable and valuable property.

The renter seldom makes much progress. He works to make others rich, and sometimes he will work harder to do this than when working on his own account. THERE'S A BETTER WAY and I will tell you about it, as I have several choice farms for sale any of which will make an ideal home.

What! Not Going to the St. Louis Fair?

You will miss the treat of your life if you fail to see it. Never before in the history of the world have so many treasurers been brought together. No previous exposition is worthy of comparison with it. In size, beauty and cost, it is in a class by itself. And it isn't far away—only twelve hours from Phillipsburg via the Rock Island System. Reduced rates daily until November 30. Coach excursion rates—VERY LOW—July 11, 18, 25. Ask about them!
