3. Assemblies, Harriet Boles, '21.
4. Organization, Mildred Cure, '22.
5. Special, Corrine Ackers, '21.
6. General, Vergil Rennick, '22.

Liberal High school is becoming a veritable bee hive of industry. Day and night the various wheels whirl and hum, and education rolls out on great masses.

Lessons are being mastered; the youthful dramatists and comedians are studying their parts in "The Rustic Rome"; young Carousoes and Homers are conquering the treacherous strains on the operetta, "Bulbul"; numerous clubs are being organized and glee clubs are being driven overtime under full steam; basketball teams are practising steadily; the student faculty advisory board is grappling with questions of concern to all of us; the annual staff is creating immortals every day; at night the orchestra produces never-to-be-forgotten strains; parties are being planned and accepted as the case may be; on every side, pulses the life that makes school interesting and absorbing.

Let each member of the school and faculty exert himself to keep these activities going. It is the life of the school and it's well worth your time and energy.

Now, altogether, PUSH!

SENIOR SCRIBBLES.

The senior and sophomore girls throw their challenge to the other class-women to a basketball game in the near future.

We, the undersigned, wish to express our appreciation for the surprise given us on Monday morning February 14, by the faculty.

- "Seniors"
- "Juniors"
- "Sophomores"
- "Freshmen"

Many and varied are the experiences that befall the boys of the B. B. team on their trip last week. Ask Hank, Vernon, Hill or any of them for particulars.

Cot Mahoney says he feels old and decrepit. His lady friend at Dodge City ran off from him, poor Cot! And he used to be such a promising lad, too.

If we haven't a president amongst the seniors we are sure of a new physics professor. Leo Ackers taught the third hour physics class Wednesday. He proved to be a regular shark at electricity Paul Barber taught the first hour class with good results.

A new senior, Gladys Thomas from Palmyra, Mo. enrolled Thursday.

Some of the normal training girls are taking special pictures of different classes, for the annual.

A "shocking incident," occurred in physics class. After recitation the students formed a circuit and obtained the full benefit of a small static machine.

JUNIOR NEWS.

Frank Highland has earned a new nickname. It seems that by numerous experiences while on a basket ball trip, he has become known as "Rastus". For further information inquire of Coach Wood.

Clifford Sawyer has been absent this week on account of illness.

Winifred and Mildred furnish plenty of excitement in sixth hour English class. They try to see which one can cough the loudest.

The English six class is debating on their opinions about Macbeth; whether Macbeth or his wife conceived the idea of murdering Duncan, and whether Banquo did not tell Duncan of his danger from lack of proof or from purely selfish interests.

Hank is not the only one who earned a new nick-name. While at Hugoton last Friday, Winifred earned the name of "Blonde High-Pockets."

SOPHOMORE NEWS.

Elizabeth Hubbard is out of school because of sickness.

Mildred Headrick is absent from school.

Donald Brown is moving to Great Bend, where he will attend school. He will be greatly missed here.

Mildred Longwell was absent on Tuesday, on account of illness.

Miss Pittman: "Now, class, you may write about birds, plants, or quadrupeds."

J. P.: "May we write about animals?"

Miss Lance thinks the brains of

her fifth hour geometry class are like the weather, rather dusty.

Alice Nichols is very anxious to get back to school. She says she can't come back for at least two weeks.

Marjorie Butcher, a former L. H. S. student, will return to Liberal in a couple of weeks, she has been attending the Elkhart H. S.

FRESHMAN NEWS.

Vera Harnden was absent from school Monday and Tuesday.

Lawrence Harness was absent on Tuesday and Wednesday because of
