

Society

Mrs. Freda Edridge, Vanda Cross, and Mrs. Cole and son Alton enjoyed a picnic on the Cimarron Sunday.

The Gleaners Sunday School Class of the Methodist church which is composed of the business girls of the church held their regular monthly social and business meeting Monday night at the church. A pleasant time was enjoyed by all the girls present.

Entertain Wives

The Men's Bible Class of the Methodist Church entertained their wives Tuesday evening in the basement of the church. An interesting program was given and games played after which a dainty luncheon was served.

The Ladies Aid of the Presbyterian Church met Wednesday with Mrs. Ansell Mahoney, at her home on North Kansas.

The American Legion Auxiliary and the Legion men will meet tonight at their regular meeting, and after the business sessions the Ladies and Men together will enjoy a social time in the Club rooms.

Line Party

The Liberal Hospital gave a line party to the Tucker Friday night for the student nurses, Miss Sayre, and Miss Cox of Hutchinson and Miss Follett of Wichita.

Miss Flora Cox was a dinner guest at the W. B. Simon home Tuesday evening.

A crowd of Liberal people enjoyed a picnic dinner at Holland's grove Sunday dinner. The picnicers were: Dr. Winters, Miss Sayre, Miss Follett, Miss Flora Cox, Miss Goldie Lane, Miss Pauline Munsey, Mrs. F. W. Huddleston, Louise Huddleston and Horace Huddleston.

Mrs. J. B. Spradling and little son Joe spent Saturday evening and Sunday at the home of Mrs. Oscar Starker east of the city.

Entertained for Lieut.

Mr. and Mrs. Abe K. Stouffer and Mr. and Mrs. J. L. Biltgen entertained Saturday evening, at the Stouffer home on North Sherman, at a seven o'clock dinner in honor of Lieut. and Mrs. Richard Gaw. The decorations were beautifully carried out in roses. The bride was presented with a corsage bouquet of lavender sweet peas and pink roses, and lilies of the valley. The guests were: Messers and Mesdames, Lieut. and Mrs. Gaw, T. W.

Gaw, Chas. Taylor, Whit Tynan, Ira Kiney, John W. Baughman, Warren Zimmerman, J. G. Ault, M. H. Levi, C. D. Gasaway, Matt Dunlap, R. E. Colvin, A. F. Gorman, and L. W. Stevenson, and Misses Vivian Brink, Zelma Ross, Blanche Brown, and Mae Flood.

Paul Schenks was a dinner guest at the L. G. Stoner home Tuesday evening.

On Wednesday, May 24, at 2:30, in the social rooms of the Methodist church, the Auxiliary of the Woman's Foreign Missionary Service will meet in regular session. An unusual program will be given and of course every member will want to bring a friend. Please don't fail in this. Besides the demonstration of "The Sword Bearer" there will be several other new features, an old fashioned spell down of the words written in Halls, found in lesson four of R. B. Odany. This will take the pace of the mystery box question.

The program is as follows:
Two minute prayer for our missionaries in the field.
Hymn No. 629 in the Hymnal.
Devotionals led by the President.
Duett—Mrs. A. T. Moore and Mrs. Pierce Munsey.
Roll Call.
Report of Secretary and Treasurer and groups on Thank Offering fund.
Organizations on the Field—Mrs. T. B. Moore.
Do We Need More Missionaries?—Miss Ida Henry.
The Aim of Our Missionaries—Mrs. Hart.
Special Song.
Offering
Demonstration of "Sword Bearer"
Please come on time!

The Executive Committee of the Liberal Musical Association met Wednesday at the Methodist church and further arrangements were made for the organization of study classes which will be announced at the next open meeting on Wednesday, May 26. The association will hold a reception for all the present members and their friends. The program and further arrangements will be announced next week.

REED - SHRUM

A. C. Reed of this city and Miss Lola Shrum of Elkhart were married May 8th at the Methodist parsonage by Rev. A. E. Henry. Mrs. Reed is a daughter of Mrs. Chas. Rodgers of Elkhart. Mr. Reed is a popular young business man and the Democrat extends congratulations to the young couple who will make their home here.

CHAMBERLAIN SHOP HAS A NEW BARBER POLE

A bright new barber pole has been erected at the entrance of the L. C. Chamberlain barber shop to take the place of the one destroyed by an auto which got on the sidewalk a week or two ago.

J. V. Martin of Tyrone was a Liberal visitor Wednesday and attended to some business interests.

There was a lot of comment Wednesday when Dr. Beaty parked his red Ford alongside of Gene Davi's Stutz, but as Gene has threatened to whip up if we mention the two cars in the same paragraph, we cannot say anything about it. For further details see Dr. Beaty.

CITY DADS MAKE A GOOD SALE OF BONDS

\$15,000 Worth of Waterworks Bonds Sold at a Premium of \$1.02 1-3

Members of the city council met Monday night and closed a deal whereby \$15,000.00 worth of the cities' five percent water works bonds were sold at a premium of \$1.02 1-3.

This is a part of the \$93,000 voted sometime ago, but owing to the high cost of material and labor the bonds were not sold. Thru a very fortunate circumstance the city was able to buy 16,000 feet of 4-inch water pipe at a very attractive figure, and at the same time being able to make such a sale of the bonds, concluded to go ahead with some expansions which have been held off for this reason.

This is undoubtedly the best bond sale made in Liberal and shows that the council is getting on to the job of selling bonds, likewise that the investors are pretty well satisfied with the security offered.

The bonds will come due in 20 to 30 years serially.

The extension to be made from this fund will give service in practically all parts of the city, and there will be many fire plugs in the out lying districts, reducing the fire hazard considerable. It will enable the mains to be connected up to conform with the state law regulating "dead ends".

Mayor Griffith and the members of the council are to be congratulated on this sale and the fact that they are able to better the water system.

SUBLETTE WON WEDNESDAY

The Sublette base ball team came to Liberal Wednesday and defeated the Liberal team by a score of 11 to 5. Sublette has a real team and the Liberal fellows did well to hold them to as low a score as they did.

W. J. Bodecker returned last night from a business trip to Wichita.

Mrs. W. M. Dahms of Plains shopped and visited here Wednesday.

Dr. St. Aubyn of Kismet, was over transacting business matters Tuesday afternoon.

C. Bradford was over from Elkhart Wednesday. Mr. Bradford is manager of the Elkhart branch of the Liberal Auto Supply Company and a good booster for Elkhart.

"Perjury," one of the greatest pictures since "Over the Hill" will be shown at the Majestic Theatre Monday and Tuesday nights. Don't fail to see it.

WILL DEVELOP JET INDUSTRY

Company Formed to Work Large Deposits Recently Found in Wayne County, Utah.

What is believed to be the first jet deposit to be developed in the United States is now being successfully mined in Wayne county, Utah, where recently mineralogists discovered the largest commercial body of the mineral known to exist in the world. Singularly, discovery of the jet was accidentally made by a party of miners engaged in assessing work for a copper company. The work of mining the jet began late in the summer of last year and, with financial backing assured, is expected to develop into great proportions.

At the present time the work of mining the mineral is more or less crudely done, but it is the intention of the owners of the decidedly valuable deposits soon to install modern machinery and develop the industry into the largest of its kind in the world.—Baltimore American.

Smoking at Washington.

The Japanese were the most incessant smokers of all the visitors to the conference on limitation of armaments, said a newspaper man who attended the meetings. Baron Kato seldom is seen without a cigarette, and quite frequently lights one with another. Prince Tokugawa does likewise, while the diminutive Mr. Duluch is never seen without a cigarette. Mr. Hanhara is more temperate in his use of the weed. There was never any prohibition about smoking in the Japanese conference rooms. Mr. Hughes prohibits smoking when the correspondents gather. They park their partly smoked weeds on the outside. The Chinese never offered any objection to the cloud-filled conference rooms. For the French, M. Briand was the principal user of tobacco, and when he was not in a plenary session, where no one is permitted to smoke, he never was seen without his Turkish cigarette.

Niagara's Future City.

An idea which has occurred to many minds since the last "harnessing" of Niagara falls was clearly put by a speaker before the Engineers' society of New York. It is that most of the electric power obtained from the falls will be used within a few miles of its place of origin instead of being transmitted to distant cities. In other words, it is believed that at and near the falls will be situated the future industrial center of America. It would be theoretically possible, it is stated, to transmit power from Niagara as far as San Francisco, but the cost would be prohibitive. It is much cheaper to locate factories near the falls.

OBSERVE EQUALITY IN RINGS

Up-to-Date Custom Is for Bride to Equip Man of Her Choice With Wedding Symbol.

Custom has decreed that when a man receives from the woman he loves a promise that she will be his wife, he should forthwith buy her a ring. It is an excellent custom, according to the jeweler.

Most ancient and modern lovers have observed it, but modern lovers are going one better. Instead of one ring, two are bought, and they are not both for the lady. Jack and Jill together wear the sign of their engagement.

Equality of sex in voting and in the eyes of the law is responsible for this new idea, according to the Louisville Courier-Journal. For, mark you, two pockets bear the strain. No modern, self-respecting Jill would allow her Jack to cater for his own finger. And when the plain gold circlet follows, again ring equality is carried out.

It is no new custom for men to wear wedding rings. They have done so for ages. But it is a new idea that they should not have to pay for them. The up-to-date bride insists on doing her share, and buys the ring for her groom, while he purchases the sign of her new estate.

Irish Landlords Get Out.

Lord Gough, like many another Irish landowner, is leaving his home in the old country. Lough Curta castle in County Galway has lately been dismantled and its fine old contents disposed of.

The castle, which stands overlooking the Lough, is wonderfully picturesque. It was built for Lord Gort by Nash himself at a cost of \$40,000 and was purchased by the Goughs after the Irish famine of 1847, when the viscount of his day ruined himself in the endeavor to feed his starving tenantry. The present home of the Gorts in the Isle of Wight, East Cowes castle, was built by Nash, who designed it for his own occupation.

Another valuable property to go is Sir Hew Hamilton Dalrymple's romantic home, Luchie, on the ruins of Tantallon castle, which figures in "Marmion." The property, with a fine acreage, includes the greater part of North Berwick. Sir Hew, it is good to hear, is at least not selling The Bass Rock in the Firth of Forth, which is his—London Mail.

The Office Figuring Machine for the Railroad Man

In thousands of freight offices, supervisors' offices, shop offices, ticket offices and scale agents' offices, you will find 10-key Daltons doing all the figure work.

There is no figure job in any office that a Dalton cannot handle. Simple—only ten keys. Fast—only keyboard designed for Touch Method operation. Versatile—a Dalton multiplies easily as it adds.

Typical of what Railroad Agents Think:

"Would like to say right here that the 'Dalton' is the word I swear by now since I have used the machine for I consider it far ahead of anything I have ever used. No more headaches and worrying since the Dalton made its appearance in my office."

Agent L. A. White, Herndon, Kans.

A railroad man needs a machine that will do all his work—not half. You will never know what a real all-round figuring machine is unless you see a Dalton demonstration.

We will be glad to demonstrate to any railroad man the 10-key Dalton upon request.
