Said primary election will be held at the usual polling places of this county.  
In all voting places the polls will be opened at 8 o'clock a. m. and close at 6 o'clock p. m.  
Given under my hand and the seal of said county, at my office in the City of Meade, County of Meade, State of Kansas, 8th day of July, A. D. 1918.  
(Seal) **W. W. PRESSLEY**  
County Clerk.

**Departed**  
Mrs. M. G. Burroughs died at her home in this city July 5th, 1918, after a lingering illness of several years.  
Ida May Hays was born in Mooresville, Indiana, September 10th, 1878. She was a graduate nurse, graduating from an Indianapolis hospital in 1905.  
On August 6th, 1910, she was married to M. G. Burroughs, and to them one child, a daughter, was born, who with her father survives.  
About two years ago Mrs. Burroughs came with her husband to Meade in the hopes of regaining her health, but without avail.  
Funeral services were held at the residence Saturday morning at ten o'clock, conducted by Rev. J. Lloyd, pastor of the Nazarene church, and interment made in Graceland Cemetery.  
Mr. A. J. Plush died at his home in this city Monday morning, June 8th. Less than a year ago Mr. Plush fell a victim to Bright's disease, and since that time has consulted specialists in all parts of the United States, in the hope of getting relief, and had returned home on Friday previous to his death, all hope of recovery having been abandoned.  
At the time of his death he was a member of the city council, and was a man that had a deep interest in all public affairs. Less than a year ago he completed the flour mill, which he operated in connection with his elevator until his health became such that he was unable to attend to his business affairs.  
Albert J. Plush was born in Sheridan County, Missouri, June 1, 1869, and came to Kansas with his parents in 1884. On February 4th, 1892, he was married to Miss Verna Hulton Cox, and in 1897 they moved to Penolos, Kansas. In 1915 the family moved to Meade.  
His wife, one daughter, Mrs. Zella Zink, three sons, Earl, Carlos, and Lloyd; two grandchildren, five brothers and one sister.  
Funeral services were held at the Methodist church Tuesday afternoon, conducted by Rev. Geo. A. Kraft, pastor, and the remains taken to Penolos, Kansas, where interment will be made.  
Some of Meade's best talent will appear when "Eliza Comes to Stay," Tuesday evening, July 16th. Some catchy specialties will be put on between acts.  
George B. Cones had charge of the Register of Deeds office during Mr. Scott's stay in the harvest field.  
Mrs. R. C. Griggs and children left the first of the week for Hutchinson, where they will remain for the present.  
O. M. Frame left this week for an extended stay in Frederick, South Dakota.  
Word from J. M. Wood, who is now in a Chicago hospital, says that he is improving rapidly.

**FAMINE IS RUSSIA'S PERIL**  
Country is Hard Pressed to Provide Staples Essential to the Maintenance of Her Inhabitants.  
Not Germany but famine is the most desperate peril which Russia faces now. Russia is hard pressed to provide staples essential to the maintenance of her people, observes a correspondent. Great cities such as Petrograd are short of provisions. Bread is hard to obtain. Appeals have been published to the citizens of the capital explaining that the grain-growing provinces refuse to sell their wheat or flour and begging the people to remember that any disorders will make it yet more difficult to get food.  
With such conditions existing what will happen at the end of the long, hard Russian winter? And if actual starvation blights the chief cities of Russia, then what can be hoped for from the army and the government?  
In the largest sense, of course, Russia will survive. To a certain extent that vast country may even "come back" before the end of the war. But no help from Russia can be counted on by the allies. They may hope for some uncertain assistance, but their plans will necessarily be made without reckoning on Muscovite co-operation at all.  
**URGUE FRENCH METRIC SYSTEM**  
Scale of Measurement Favored in Preference to the English Standard Which Now is in Use.  
Recently we have been strongly urged to adopt the French system of measurement in this country, as opposed to the English scale now in use, comments a writer. The war has made us familiar with such terms as millimeter, centimeter, kilometer and so on. It is urged that the metric system of the French is much superior to the English. The English themselves are awake to this fact, and there has been a similar movement in England that has gained more strength than its counterpart in America.  
An English engineering journal, in supporting the plan, states that since 1840 84 countries have given up their standards of measurement to adopt the French system, and that not a single nation has adopted the English method in all that period. It also is pointed out that no fresh system of measurement has been brought forward. The French plan is an exact and easy of manipulation that it leaves little chance of improvement.  
**STRANGE OCCUPATIONS.**  
The British Tommy has always been famous for the brilliancy of his powers of romance, if asked questions he did not want to answer by people who had no right to know. The latest illustration is afforded by a repatriated soldier of a Welsh regiment. He had been a prisoner in the camp of Gutrow, where the German authorities, with a view to securing skilled labor, were anxious to learn the occupation of the prisoners. But surely never before were there such callings—a treading bender, a watchmaker's striker, a milestone inspector. The Germans gave it up.—Christian Science Monitor.  
**THE HUN-MARRIED SEA.**  
Lord Northcliffe told a sea story at a banquet in New York.  
"Thanks to the hun," he began, "the sea to all of us is as hateful now as it was in peace time to the Burnley chap."  
"A seasick Burnley chap on the Isle of Man had to be heard to say to his son:  
"Jimmy, I've gotten a stick with a silver knob on't a' whom. That can have it. There's two or three quid in the bank, an' that's for t' buryin'. And, Jimmy, bury me in t' Isle of Man. I can't stand this trip again, alive or dead."  
**EXPLAINED.**  
"What is the price of white tape?" asked the lady.  
"Five cents per yard," said the assistant.  
"That's very dear," said the lady.  
"Well, you see," said the helpful assistant, seeing his master's eyes upon him, "it's on account of the scarcity of tapeworms."  
**DIAGNOSIS.**  
"Did you find much the matter with the man who got mixed up in the gas explosion?"  
"They said at the hospital he was suffering from that all-gone feeling."

**Bill Dettle Enlists**  
A letter from Bill Dettle to his parents states that he has enlisted in the Signal Corps, and when the letter was written was on his way to Fort Logan, Colorado. Bill has for the past year been second truck operator at the Rock Island depot, and though only 18 years old, was counted among the company's most accurate operators. He has made previous efforts to enter the service, but was rejected on account of his age, but perseverance won, and this time he was accepted. The best wishes of his Meade friends go with him.  
John Marlow and Lutie Davis went to Wichita Wednesday for the purpose of joining the army.  
It may interest our readers to know that the home talent play to be given Tuesday evening, July 16th for the benefit of the Red Cross was given by the Dramatic Club at Lawrence recently, and was such a winner that at the request of the citizens of the city, it was repeated to a crowded house. The committee has asked us to announce will not be repeated here, Tuesday evening, July 16, being the only opportunity to see it.  
Moses Black has been going about on a cane for the past ten days as a result of having had an encounter with a hay rake, at the home of his daughter, Mrs. Judson F. Hulbert, south of Meade, while assisting in the harvest.  
**OPEN AIR SUNDAY NIGHT MEETINGS**  
Last Sunday night was the first of the open air Sunday night meetings. A good sized audience on the Court House lawn heard Rev. Phillips discourse on "The More Excellent Way." He held up to his hearers the power of a Christ-like Love as the true solution of all of earth's problems.  
Next Sunday night the band will furnish music, and the service will be of patriotic nature in recognition of Rev. Hunt's leaving for war Y. M. C. A. work. Rev. Hunt will address the meeting on some phase of this part of army life. You will want to hear him. Come out and enjoy these open air meetings.
