

HUNTER HELD FOR BRIBERY.

KENTUCKY SENATORIAL ASPIRANT INDICTED.

PARTISAN FEELING HIGH.

True Bills Returned by the Grand Jury Against Three Republican Leaders and Two Others for Conspiracy to Corrupt Legislators—Two Democrats Also Indicted by the Jury.

FRANKFORT, Ky., April 19.—This morning the Franklin county grand jury returned a true bill against Dr. W. Godfrey Hunter, Republican nominee for the United States Senate; ex-Congressman John Henry Wilson of the Eleventh district; E. T. Franks of the Second district; Captain Noel Gaines and his brother-in-law, Thomas Tanner, of Frankfort, charging them all with conspiracy to bribe. All are Republicans with the exception of Gaines and Tanner.

The news at once became public and created the greatest indignation among the Republicans, all of whom denounced it as a conspiracy among Frankfort Democrats to defeat and humiliate Hunter. They claimed that the indictments against Gaines and Tanner, the Democrats, were returned simply as "savers," to prevent the public generally from gaining the impression that the grand jury had been made an engine of political persecution, and that they would be dismissed at the first hearing on account of insufficient evidence.

Chairman Jones of the Republican caucus said that it was a "diabolical and hellish conspiracy," and that the Republicans would disprove and resent it in proper spirit. State Senator Deboe was of the same opinion and not one of the Republican leaders hesitated to condemn the action of the grand jury as partisan and prejudiced.

Dr. Hunter has at last rebelled against Hanna and his agent here, Samuel Taylor of Ohio, and yesterday afternoon sent a request to Taylor that he leave Frankfort at once and not return to meddle in the Senatorial muddle. This was not done, however, until it became known that the administration had withdrawn its support from Hunter, and that it was the desire of Mr. Hanna that Hunter should retire in favor of some candidate that could unite the party. Taylor communicated with Mr. Hanna at once and was told to use his own discretion. He will remain, at least for a time.

BALDWIN'S MORTGAGES.

The Noted Californian Borrows a Fortune to Meet Accruing Obligations.

SAN FRANCISCO, April 19.—The Hibernia bank has put on record a mortgage given by E. J. Baldwin for \$850,000, covering the Baldwin hotel property and annex, his home on California street near Jones, residence property on Webster street near Fell, property on Stevenson street, property in Los Angeles and ranches in Los Angeles county. The indebtedness is payable in one year and bears six and one-half per cent interest.

In addition to the mortgage the bank filed an assignment from Baldwin for the rent and all other income from his business property to secure the payment of interest on several loans made to him. His total indebtedness to the bank, as represented by mortgages, now aggregates \$1,870,000. When questioned regarding the new loan, Baldwin said: "I have borrowed the money to pay other obligations, preferring to borrow rather than sell any property during the present depression in prices. There is no foundation for the rumor that I am in danger of bankruptcy. I have enough unincumbered property left on which I might borrow a million or two if necessary. The passage of a protective tariff will make all of my enterprises pay and make it easy for me to pay all I owe."

CHINESE BOYCOTT.

A Temporary Restraining Order Granted Against Butte, Mont., Labor Unions.

HELENA, Mont., April 19.—Judge Knowles of the United States district court has granted a temporary restraining order in a suit that promises to be of international importance. It was a suit by the Chinese residents of Butte against the officers of twenty-four labor unions of Butte to restrain them from continuing a boycott now being ordered against the Chinese residents there. There are four plaintiffs, who appeal for the rights of 300 of their fellow countrymen. The plaintiffs do business in Butte as dealers in Chinese merchandise, and conduct a restaurant. The boycott has been effective in Butte for some time, and lately the unions have been distributing circulars, carrying transparencies and stationing men before the doors of the defendants to warn prospective customers that they enter at the peril of also being made subject to the boycott.

Rev. Howie Asked to Resign.

ATHEVSON, Kan., April 19.—There has been trouble in the Presbyterian church for some time, one faction of the congregation desiring the resignation of Rev. M. F. Howie, and the other faction wanting him to remain as pastor. The quarrel was brought up at a meeting of the presbytery at Hiawatha yesterday, and that body ruled that Rev. Howie should tender his resignation, to take effect next October. Rev. Howie is the oldest pastor in Athevson in point of service, having occupied his present pulpit about fifteen years.

SENATE COMMITTEES.

Republican Committee Votes to Accept the Democratic Proposition.

WASHINGTON, April 19.—The Republican committee on committees of the Senate agreed unanimously to accept, so far as it is empowered to do so, the proposition made by the Democrats for the reorganization of the Senate committees. The proposition which the committee has agreed to accept provides that the Republicans shall fill all the committee places which were filled by Republican senators during the last congress including the chairmanships vacated by Republicans, and that they shall be given one additional place on the appropriations committee, vacated by a Democrat, and that the membership of the committee on postoffices and post roads shall be increased from nine to ten in order to give the Democrats an additional place on that committee. This arrangement will result in leaving Republicans at the head of all the important committees, but a majority of the membership of many of them will be anti-Republican.

There are indications that committee recommendation will not be received with favor by all the republican senators.

GLADSTONE SEVERE.

Bitter Against the Rulers of Germany and Russia.

LONDON, April 19.—Mr. Gladstone has written a letter to the Macedonian leader, Captain Dampzis, in which he says: "Under the present deplorable scheme, all the British government has the right to do, seemingly, is to plead its opinions before a tribunal of two youthful despots, the emperors of Germany and Russia, and to abide by their help to execute their final determinations."

"Our disgraceful office seems to be to place ships, guns, soldiers and sailors at their disposal for the purpose of keeping down the movement for the liberty of Crete, and of securing to these young despots, who have in no wise earned the confidence of Europe, the power of deciding questions which rightfully belong to the Cretans."

The Larissa correspondent of the Times says: "Everyone here continues to declare that an outbreak of war is inevitable within the next two or three days, especially as it is now known that, in high quarters at Athens, a peaceful solution of the difficulty is regarded as almost hopeless."

Both died before their parents returned home. The notes bade the parents good bye and expressed the hope that they would meet them in heaven.

Wool Men Dissatisfied.

WASHINGTON, April 18.—Western Senators, after several conferences, have reached an agreement to stand together for important changes in the wool schedule of the Dingley bill. The Senators most prominently identified with the movement are Messrs. Mantle, Carter, Shoup, Warren and Barrows. They have not only agreed upon a line of amendments, but have decided to insist on their inclusion in the bill. The meetings have also been attended by many prominent wool growers. The proposed amendments are directed mainly to closing the many loopholes for evasions and fraud which woolmen agree abound in the Dingley, and were also found in the McKinley law.

Another Sealing Commission.

WASHINGTON, April 18.—The President has decided to appoint another expert commission to act in conjunction with one already selected by Great Britain to visit Behring sea this summer to study the conditions surrounding seal life. It is the purpose of the state department to endeavor to secure the consent of the British government to the adoption of a modus vivendi suspending all sealing on land and sea while the experts are at work during the approaching season. Negotiations in this direction are now in progress.

The abandoned ship was recently reported at London as having been sighted by the steamer Idaho, and until this morning it was believed that all who had been on board the unfortunate vessel were lost.

REED'S POLICY STILL GOES.

THE HOUSE MEETS ONLY TO ADJOURN AGAIN.

THE DEMOCRATS EXPLAIN.

Bailey, De Armond and Other Minority Leaders State Their Positions on the Contest Within the Democratic Party in the House—Mr. Bland's Pacific Roads Resolution Shut Out.

WASHINGTON, April 18.—The House, by a party vote, decided to adjourn from today until next Wednesday. The session was a comparatively brief one and was devoted almost entirely to explanations by Messrs. Bailey, De Armond and others of their positions in the contest within the Democratic party in the House as to what course the party should pursue with reference to the Republican policy of adjourning for three days at a time without attempting to enact legislation. Mr. Bailey opposed adjournment because Mr. Bland would be shut out from offering a Pacific railway resolution.

AN OMANA DYKE BREAKS.

Only a Railroad Embankment Holds the Cut-Off Lake Flood Back.

OMAHA, Neb., April 19.—The Missouri river here is stationary, but a great stream is still running into Cut-off lake, which has risen six inches since last night. The first dyke across the foot of the lake gave way this morning, and a gap thirty feet wide is letting the torrent down into the basin above the second dyke. There the water is rising rapidly.

This dyke is crossed by a railroad track and trainload after trainload of material has been dumped there to strengthen the threatened embankment. It alone now stands between the flood of water in Cut-off lake and the railroad yards and factories below. Every energy is now bent to save that dyke.

WILD ADVANCE IN WHEAT.

Chicago Prices Are Up Four Cents, Closing at the Top.

CHICAGO, April 19.—Wheat this morning went up in a wild whirl 4 cents a bushel and closed at the top prices, with "calls" for Monday 4 to 5 cents away. The market opened very tamely at a slight decline from Thursday's last prices and halted for a few moments. Then a large volume of buying orders poured in and the price started to advance rapidly. May wheat went from 80 1/2¢ to 72¢ in a few moments. It dropped back to 71 1/2¢ and then went up again to 73 1/2¢, the last orders being filled at that price. July wheat was even stronger than May, closing at only 1/4¢ discount.

TO FREE IRELAND.

Fifty Thousand Americans to Spring a Surprise on Great Britain.

NEW YORK, April 19.—"Within a year there will be another armed uprising in Ireland against England's rule, and for Irish independence." So say the leaders of the Irish National alliance here, who claim to be carrying out the policy of the organization with which they are affiliated in Ireland, England and Scotland. The fact that such a movement was contemplated was kept secret until recently, while the task of organizing all over this country has been actively progressing. While no attempt is now made to disguise the real nature of the recent conferences of the leaders in this and other cities, as well as the presence here of many well known Nationalists from Ireland during the past few months, the greatest secrecy is observed as to details.

"The English government knows what to expect next year, and any denials that might be made here would not deceive them," said a well known leader of the alliance. Beyond the knowledge, however, that next year is the centenary of the rising of 1798, and that Irishmen all over the world are anxious to commemorate it in a proper manner, the English government knows nothing, and never will until the blow is struck.

TWO BRAKEMEN KILLED.

Thrown Under a Switch Engine Which They Were Riding at Joplin, Mo.

JOPLIN, Mo., April 19.—Jerry Shea and John Ginn, Missouri Pacific brakemen, were run over and killed at 6 o'clock last evening by switch engine No. 938, in the Missouri Pacific yards here. There was no footboard on the rear of the engine and Shea was sitting on a tool-chest attached to the engine, while Ginn was standing on the r. l. holding on to the top of the tool chest. The top, being rotten, suddenly gave way while the engine was backing and both men were thrown under the wheels of the engine. Ginn was in two and Shea had his right leg and right arm cut off and was injured internally. Both were instantly killed. Shea was a telegraph operator and working extra. His home was in Nevada, Mo. He was a single man. Ginn leaves a wife and four children residing in this city.

LIFE STAKED ON A RACE.

James Hunter Probably Killed Himself When His Thoroughbred Lost.

SAN FRANCISCO, April 19.—James Hunter, who has followed the turf for many years, is supposed to have staked his life on Goldbug, his favorite racer, which started in a race at the Oakland track on Thursday, made a gallant struggle, but was beaten by faster horses.

Hunter anxiously watched the race on which he had staked everything. When it was over he pulled his hat over his eyes and remarked to his friend, Philip Siebenthaler: "I staked my life on that race and lost. A few drops will soon put an end to the whole business." Taking a last look at Goldbug as the animal was being led to the stable he turned away from the race course and has not been seen since.

Mrs. Card admits that a few months ago she set fire to a house belonging to Edward Imbaiser, as it was a rendezvous for tramps, and claims that her son-in-law and daughter threatened to have her arrested for arson unless she decided to them the property in question. Through fear of arrest she did as commanded, but now asks the court to set the deed aside.

The parties are under bond for appearance next Monday.

EDITOR SOL MILLER DEAD.

THE OLD NEWSPAPER MAN PASSES AWAY.

FORTY YEARS AN EDITOR.

Last Moments of the "Troy Chief's" Veteran Owner Unmarred by Suffering—One of the Last of the Old School of the Greeley—Franklin Days of Newspaper Making.

TROY, Kan., April 19.—Sol Miller, the veteran Kansas editor, gave up his long contest with disease this morning, and, at 6:30 o'clock, passed away without a struggle or paroxysm. All of the members of his family were present, and he was conscious almost to the last moment.

Mr. Miller's last words were uttered three minutes before his death and were an injunction to his nephew not to let Byers, the local undertaker, squirt poison into him and to forbid the doctors to cut his body open.

SOL MILLER.

Mr. Miller had been confined to his home for several weeks from a dropsical affection and heart trouble, but had done much of the work on his paper. The issue of Thursday contained his last writing. He had anticipated the end for some time and his affairs had all been put in perfect order.

Mr. Miller was a past grand master of the Odd Fellows of Kansas and had been a member of the society since he was a very young man. The funeral will be under the charge of that order. Solomon Miller was born in Lafayette, Ind., January 22, 1821, but before he was a year old his parents returned to their old home in West Alexandria, Ohio, where he spent his boyhood.

In 1853 Mr. Miller was married, and after the campaign of 1856 the "pioneer passion" which was so prominent in his family was aroused, and he moved to Kansas, arriving at White Cloud, in Doniphan county, in the spring of 1857, and established the White Cloud Chief, now the Troy Chief, the oldest paper in Kansas.

In 1872 he moved to Troy, where he lived ever since.

Mr. Miller represented his district in the legislature four times as state Senator and once as Representative. He also held several other offices, the last being that of member of the state board of charities under Governor Morrill. In the early days he was prominent in conventions, and was one of the organizers of the Kansas Editorial association. In 1871 he was grand master of the grand lodge of Odd Fellows.

Miller was a notable type of the old time editor who is fast disappearing from newspaper offices. He noted the decadence of old time newspaper customs with chagrin. He was one of the printer editors of the Franklin-Greeley school who sometimes placed his own compositions in type. He did all of the writing for his paper with the exception of a few local contributions. On the anniversary of Washington, Franklin and other great historic characters Mr. Miller revered them by printing anecdotes of them, commenting on their lives and referring to the changes since their time. These editorials were often humorous and were always features of his rather eccentric paper.

Spicer Family Murder.

RISMARK, N. D., April 19.—The mystery concerning the fiendish butchery of the Spicer family at Winona has been partially cleared up. Alexander Caddott, the French half-breed under arrest, has made a confession, in which he implicates Black Hawk, the negro half-breed, who has also been under arrest as a suspect. After making the confession Caddott made a vicious attempt at taking his own life by stabbing himself with his pocket knife in the abdomen. The wound will not prove fatal.

No Prince for Miss Campbell.

NEW YORK, April 19.—Prince Carlo Bourbon del Monte Santa Maria di Faustino of Rome and Miss Jane Campbell of this city will not be married, their engagement having been abruptly terminated. Various reasons are assigned for the unexpected end of the engagement. One gives the ill health of the prince as the cause. Another is that Miss Campbell decided that she would make a big mistake in wedding the titled Italian. It is also hinted that the young nobleman did not offer serious objections to remaining a bachelor just at this time.

CASHIER MURDERED.

Hold Daylight Robbery of a New Hampshire Bank—Robbers Escape.

SOMERSWORTH, N. H., April 19.—While resisting the entry of two desperate and determined robbers, and during a heroic struggle to protect \$150,000 or more in money and securities in the compartments of the open vault of the Great Falls National bank of Somersworth Friday afternoon, Cashier Joseph A. Stickney was struck down and brutally murdered near the desk which he occupied for years.

After killing Stickney, the murderers ransacked the vault and fled with all the cash, with the exception of a few gold pieces. As near as can be estimated, \$6,000 was taken, but it is possible that the loss will considerably exceed this sum, as no one but the dead cashier knew the exact amount that was in the institution at the time.

The robbers, after knocking Stickney known with a blackjack, cut his throat.

The most remarkable feature of the robbery is that \$100,000 in bonds of the United States, which were kept in one of the drawers of the big vault, and which the robbers examined hastily, were not taken. Neither was any of the negotiable paper and securities of the bank—in fact, nothing is missing except the cash.

No one was aware that there was anything wrong at the bank until nearly 2 o'clock, or an hour after the murderous work was done. The perpetrators had ample time to escape. Scores of deputy sheriffs, marshals, police and citizens are scouring this section of the state and the adjoining state of Maine, which, from the city, is just across the Salmon Falls river.

The men made their visit to the bank at the busiest time of the day in the locality where the bank is situated, and so completely and thoroughly did they accomplish their robbery that only an uncertain clue and a very meagre description were obtained.

FRANCE OBJECTS.

The Dingley Tariff Bill Arouses Considerable Antagonism.

PARIS, April 19.—The Dingley tariff bill has aroused considerable antagonism among French mercantile circles, where it is pointed out that the measure may lead to a policy disastrous in its effects on certain French industries. Some representations of this nature have already been made to members of the French government. A reporter sent to M. Hanotaux, the French foreign minister, a number of questions bearing on the tariff situation and the relations of the two republics. The French foreign office returned the following written reply:

"The federal government at Washington will succeed without any doubt in drawing closer the bonds which unite France and the United States by abstaining from overtaxing imported French goods, such as sparkling and still wines, brandies, silks, woollens, gloves, works of art, etc. To shut out of the United States by quasi prohibitive tariffs the product of French industry and art will, evidently, have a contrary effect."

In answer to a question as to what co-operation France would give to bring about an international bimetallic conference, M. Hanotaux said: "The co-operation which France could give the United States in the assembling of a monetary conference would naturally depend on the state of trade between the two countries. As regards bimetalism, France seems uncertain and much divided."

MINERS IN DISTRESS.

Much Squalor and Misery in the Pennsylvania Coal Regions.

PITTSBURGH, Pa., April 19.—The legislative committee that is investigating the condition of the miners of the Pittsburg district completed its second day of personal inspection among the mines to-day, and a story of the scenes of misery, destitution and want that the investigators witnessed would fill many large volumes. When the work was finished, the members of the committee made the statement that no such suffering was ever known by them to exist before, and they are well convinced that something must be done, and at once, to alleviate the condition of the unfortunate thousands who are distressed.
