

Sidewalks, Paving and Tree Planting Are All to Be Pushed Along.

That the city shall construct an eight foot sidewalk along the east side of South Ashby avenue for the first block south of Main street and five feet wide for the other two and a half blocks which it controls as frontage on the park site was decided by the council Monday evening. It is to be laid next to the curb and reduce the length of the bridge which the city must build over the city ditch where it crosses South Ashby. The decision concerning the location of the sidewalk on the west side of the street was left to the Fourth ward councilmen after they should inspect the situation in company with the city engineer.

The proposition was brought up by Chairman Nation of the street and alley committee who wished a sidewalk plan which would make the least expense possible in the bridge construction. Bideau wanted no arrangement which would interfere with a row of trees close to the street for the purpose of beautifying the park frontage but agreed to Freeman's suggestion that placing the trees inside the walk if it was next to the curb would be satisfactory. The council adopted the motion of Nation and Filson that the city engineer in drawing specifications for advertising for bids for the bridge should plan for two spans of fourteen feet each. The bridge is to be wider than the present one to avoid making it higher than the grade of the adjoining properties.

Bideau as a member of the buildings and grounds committee reported that it had secured the promise of a visit from D. J. Walters, a landscape gardener from the Agricultural college, for March 30 and asked the council concerning what plan it would endorse for the placing of the trees for the new park drives. The other members inspected the sketches of the park and its environment but were disposed to await the recommendation of the committee at the meeting next Monday night before taking any special action. The question of names for the city's two parks was briefly commented on, and an ordinance relating to and designating the names was introduced on first reading.

Bideau introduced on first reading an ordinance providing for the issuing and selling \$25,000 park bonds. City attorney Brown reported that he had prepared the transcript of the proceedings leading to the issuing of the bonds which the purchaser would require. The ordinance for the paving of South Ashby was given second and third reading and final passage.

Visiting Specialists

FROM THE

Cleveland Institute of Medicine and Surgery

Legally Chartered and Incorporated, Cleveland, O., will pay their first visit to CHANUTE, KAN., and will be at the

Oriental Hotel, Wednesday, April 3.

Tell Your Sick Friends.

One Day Only

8 a. m. to 10 p. m.

FREE!

This Institute, composed of a group of regularly graduated physicians and surgeons, licensed, legally chartered and incorporated under the laws of the State of Ohio sends at its own expense these eminent medical specialists in order to introduce the newest methods and discoveries in medicine and surgery, such as the system of treatment under X ray, Violet ray, Finzen ray, Hydrotherapy, Etc., to give to those who call on the above date, consultation, examination, advice and all medicines required to complete a cure, absolutely free. These specialists will diagnose your case and give the benefit of their skill and medical knowledge.

There is in this case no experimenting or guess work at your expense. You will be told whether you can be cured or not. If your case is curable they will put you under treatment immediately; if incurable they will give you such advice as may prolong your life. Their treatment always gives quick relief, and ultimately, positively cures. Being prepared to cope with each individual case the human system is thoroughly cleansed of the disease in a natural and direct manner, and improvement is noticed at once; even the worst cases are treated without any inconvenience to the patient or the pursuing of his or her vocation.

If you are improving under your family physician, do not come and take up their valuable time, as they absolutely refuse to treat any one who is under the care of the local physicians. They wish besides to give each patient plenty of time and their undivided attention, but cannot listen to long stories not pertaining to your trouble. They have discarded the old methods and remedies used for ages by the medical world, and which it would be folly to depend upon any longer, for they are not known to cure, as thousands die, depending on them for relief. The following list of diseases only are taken under treatment to-wit: Diseases of the Nervous System, Heart, Stomach, Lungs, Kidneys, Catarrh, (purulent or dry), Consumption, Epilepsy, Deafness, Diseases of women, Tumors, Pseudo Cancers, Piles, of a Chronic nature only. They treat Deafness by an entirely new method, and hearing in many cases is restored at once. Catarrh in all its varied forms, like other diseases if once taken under treatment is cured permanently to remain so and to never return. It matters not whom you have seen, or with whom treated, do not fail to call, as a visit will cost you nothing, and may restore you to health, or even save or prolong your life, as thousands of persons will testify by unsullied testimonials in all parts of the country. If you suspect Kidney Trouble, bring a two ounce bottle of your Urine for chemical and microscopical analysis.

REMEMBER—The free offer is during this visit only, and will not be repeated. Persons commencing treatment upon their future visits will be required to pay, but not one cent will be asked from those commencing treatment during this visit for any medicine necessary to effect a cure, irrespective of your position in life, or the number of those who come on the above date. Whenever, or by whom wanted, a positive guarantee to cure will be given under their system of treatment. Those having long standing and complicated diseases, who have failed to get well and become discouraged, are particularly invited to call.

NOTICE—Married ladies without their HUSBANDS, and minors without their FATHERS, will positively not be admitted to consultation unless accompanied by one of their local physicians.

Office Hours: 9 a. m. to 7:30 p. m.

DON'T FORGET THE DATE

The Sensational Book "Typewriter Secrets"

This book has stirred the typewriter world to a frenzy. It tells about the high prices on typewriters—the so-called rebuilt and the value of second-hands. It tells you how you can get a good, standard, visible typewriter at a price never heard of before. How you pay a little each month—how you can have it on trial without deposit. Just write for the book—it's free. It's wonderfully interesting, even if you are not now in the market.
