Lock & Fendish have opened a nice stock of boots and shoes in the masonic building. Their stock is new and complete, direct from the factories. They ask a careful examination of their goods and prices, feeling confident that they can satisfy those wishing to purchase. See their advertisement on this page.

Councilman Richey has the courage of his convictions. It is in his judgment any proposition is not in the interest of the city he doesn't mind his objections but makes them at once and square-foot. It has been the boast of Wichita for years that he levied the smallest taxes in the state; capital consequently has sought investment here. We hope to see Richey just as stiff in the backbone with reference to the salary grab.

CLEAN UP. Will our authorities please see that the principal streets of this city are cleaned up immediately and kept clean? There are several localities which also must be disinfected with lime or something else. Keep the refuse of waterworks out of the ditches. Arrest every offender.

THE ART CLUB. The Art club will meet at 9 a. m. Thursday at Grifflin's Park, and it is hoped every member will be present. Each member is requested to bring a basket of lunch, as it is intended to make a day of it, and have a picnic dinner at the park after the regular lesson.

FRANK WILLIAMS, ESQ., Capitalist and Real Estate Broker.

SALARIES AND EXPENSE.

A Little Talk in Which Tax Payers are Interested.

The EAGLE objected a year ago to Wichita being organized as a city of the first class on the sole ground of extra expense and extra taxes, with no better government. We now call the attention of the tax-payers to the action of the city council night before last looking to an increase of expenses for simple salaries alone to the amount of thousands of dollars.

Notice is here and now given that if the salary bill proposed night before last is adopted, that a ticket will be advanced next spring made up of influential business men and heavy tax payers, who will agree to serve the city for nothing—not for nothing either for the prosperity of the city means the prosperity of every individual business man, and of every tax-payer.

In other words, and in short, the tax-payers of this city don't like and won't endorse any high salary scheme, nor do they endorse the movement which looks to it, and if the thing is urged as we intimated, a ticket will be gotten up of solid business men, pledged to do the same work and in an acceptable manner, for nothing, and the EAGLE will be for that ticket and so will be the men who have to foot the bills.

Now we are not conscious of personal enmity, don't believe that we are particularly narrow as to these matters, and would not be called small when it comes to municipal matters, but we do want above all things to see taxes kept down, as low taxes is the winning card for Wichita.

A BAND OF VISITORS.

The mayor and city council together with some representative gentlemen of the city of Eldorado, who had been down to Anthony and Winfield to see the city buildings lately erected in those towns, with a view to erecting one in Eldorado, that place having recently voted \$12,000 for such purpose, arrived in Wichita last evening.

DOUGLAS AVENUE PAVEMENTS.

It is, and has been for years, evident to every observant man, that the sidewalks along Douglas avenue are too narrow. They ought to be widened at least six feet. This widening ought to be provided for right away permitting every new building to go wide.

CAN'T BE DID.

We are in receipt of a communication signed by thirteen denizens "and many others," all fictitious names but one being earnestly but respectfully that we give the public the name of the author of "Enoch Henry." We are sorry, but we cannot comply with the request, principally for the reason that the names signed to the request would more than likely cause our young and brilliant contributor to commit hari kari.

IN MEMORIAM.

Whereas, It has seemed best to an all-wise God to remove from our midst, our friend and schoolmate, Harry B. Taylor; Resolved, That in him our high school has lost one of its most ardent students, and the Emporian society one of its most faithful members, and its honored president;

Resolved, That we extend to the parents of our beloved brother, our warmest sympathies in this, their sad hour of bereavement; Resolved, That a copy of these resolutions be presented to the family of the deceased, and be published in the city papers.

A PAINFUL ACCIDENT.

Mr. Arthur Miller, who has for some time been employed by the Wichita paper company, met with a painful accident yesterday morning. He was assisting in unloading a wagon load of paper when a heavy weight fell upon his left foot breaking several of the bones. He suffered intensely for a few hours but last night was resting easy.

HE WAS SURPRISED.

Mr. J. L. Byers, of Leavenworth, who came to Kansas thirty years ago, was in the city yesterday. Mr. Byers was gazing with admiration upon one of the fine brick blocks now in course of erection on Main street, and in a short conversation Mr. Byers expressed the greatest surprise at the rapid growth of the queen city of the west. He has not been in Wichita for two years, and so great has been the improvement and change in that time that it hardly appeared the same place to him.

A NEW CLUB.

Some of the contractors of the city have formed themselves into a society called the "Rascality Club." The membership comprises some of the choice spirits of the city who will carry their motto, "fun and good fellowship" to the fullest extent. The officers are Thomas Hahn, president; Al. Thomas, vice-president and Jack Green, secretary.

MISREPRESENTATION.

The proprietors of the Royal Spice mills are very anxious to meet a certain lad in the city who claims to be intimately connected with them in business. He was a few days ago making the rounds and claimed to be an agent for the company for retailing their merchandise. He visited several places soliciting orders, claiming that he could save them the profit that fell to the retail dealers who bought of the company.

HOUSE ROBBED.

The residence of Mr. E. Dumont was visited by thieves last Sunday night. Before retiring he had deposited his pants on a chair and in the morning found they had been moved to the window. An examination showed that his pocket book had been taken, but fortunately nothing else was to be found. His coat and vest had also been examined by the visitors but before retiring he had fortunately placed his watch in a drawer and they did not find it.

STORE ROBBED.

Some weeks ago Sheriff Hayes took possession of the hardware store at Clearwater belonging to Mr. A. B. Phillips. He suspended operations in the establishment and expected shortly to open it for general purposes. His modus operandi was by far too slow for some lads, however, and they a few nights ago made way with a window and gained an entrance. They appropriated unto themselves a considerable amount of the goods and made safe their escape.

A HAPPY MEETING.

Col. B. F. Sheets of Oregon, Illinois, has been in the city for a few days, and yesterday he started for the depot on his way home. Mr. H. P. Reed saw him for the first time in twenty-one years and recognized him. Mr. Reed had been under him during the late unpleasantness for three years and was much surprised and over-delighted to see his old Colonel, and they spent a few minutes very pleasantly in talking about "old times" and the many people known to each of them.

ATTEMPT TO BREAK JAIL.

Some of the prisoners at the jail are getting very industrious. They don't seem to think it is entertaining to put up with their present condition, so Monday night they made a long strong pull to ramoose the ranch. By some means a razor and a few case knives had gained admittance and were persistently used, but as the fates would have it the bars were too large and tough to yield to their laborious efforts.

OF COURSE.

"It's hot," was the frequently repeated reply to the question most popular among reporters, as they made their rounds yesterday. The opinion met with as little opposition as anything that was discussed. Not a few complaints were boiled out and the idea prevailed that the frost had not disappeared and it would be safe to bet that no more would appear for a week or two. The report that a cold wave was coming before the fall season was the most entertaining subject that could be mentioned.

WHICH WE WILL SELL AT JUST ONE-HALF OUR FORMER PRICES.

A gentleman who has kept an eye on a thermometer every hot day this summer, stated that yesterday was the most tropical day of all by one degree. Monday yesterday took it on an excursion one degree above that. One would imagine that but little business was being transacted but it was always observed that on approaching a crowd located in a shady place they would in a short time speak of something that had a business ring about it and would decide to immediately, or "just as soon as it moderated." The look into the future spirit did not seem to be entire squelched as it was asserting itself whenever it was thought proper.

ENTERPRISE FANCY STORE.

The excessive heat was quite an inconvenience to those laboring in the sun. Work for a few hours was discontinued on a number of the brick buildings. The lads thought it best to leave the field for a time. The tin-roofing business was also at a discount. Several men quit work from noon until 4 o'clock in the evening. The gentleman near noon reports having been burned by a piece of tin that had been exposed to the sun for some time where the air could not lend its cooling influence. The boys were disposed to doubt his assertion, but a blister of the "burn spots" was prepared for exhibition which, with some, was convincing evidence that his statement was correct.
