We have the greatest assortment of custom made clothing for men, youths and boys for spring and summer wear that we have ever had the pleasure of showing to our large, appreciative, extensive trade. It would hardly be necessary for this clothing firm to advertise their clothing, but for the fact that many people who buy Clothing do not all think of all that there is in clothing being made out of first class material, cut right and made to fit.

We represent only the first class manufacturers. Our stock of gents furnishing goods is Simply Immense and it is really not necessary to say that we lead in style, quality and prices, as our large array of sustomers who daily visit this upto-date Clothing house is sufficient to convince the trade. People are alwaps looking for the best values and they are being found now at our Clothing Store.

We Take our own measures for tailor made suits. We won't be deceived by tailoring concerns claiming to send out expert cutters to take orders, while these men are, in a large majority of the cases, office clerks who have had but little experience and are sent out sor an outing, and care little for satisfaction given to you. Give your trade to us and we stand between you and agents who are not responsible, and who, after getting your money, laughbut you don't. Come and see us.
