

# UTENSIL FIRM APPEALS CASE AGAINST CITY

### Motion for New Trial by Plaintiff Denied; Sheriff's Case vs. County on Briefs; Wages Collection Suit Dismissed

Notice of appeal was entered in division two of the superior court yesterday by David L. Bishopp, attorney for the Aluminum Cooking Utensils company, following denial by Superior Judge Richard Lamson of a motion for a new trial of the plaintiff company's suit against the city of Prescott involving alleged interference by the city with sales agents of the plaintiff in Prescott. Motion for a new trial was entered by Bishopp without argument, and was dismissed by the court, whereupon notice of appeal was entered. The plaintiff was given 60 days in which to perfect its appeal. The defendant city of Prescott was represented by Alfred H. Gale, city attorney, of the firm of Anderson, Gale & Nilsson.

### Suit Against County

Action brought by Warren G. Davis, in his capacity of sheriff of Yavapai county, against the county, to collect salaries of two deputy sheriffs, was ordered submitted on briefs, without argument. The plaintiff was represented by Attorney Neil C. Clark, of Clark & Clark; the defendant by Attorney Emmett T. Morrison, of Morrison & Morrison. The case arose from a conflict between the sheriff and the board of supervisors over the payment of salary to two deputy sheriffs. The board had ordered the force of deputy sheriffs reduced, and the commission of two certain deputies canceled. This the sheriff refused to do, and after refusal by the board to issue warrants for the payment of the deputies' salaries, brought suit to force payment.

The plaintiff yesterday was given until January 3, 1922, to submit its brief, and the defendant until January 10 to submit its answer.

### Suit Dismissed

Action brought by John Brooks against the Money Metals Mining company, for collection of \$500 alleged in the complaint to be owed Brooks by the company for work performed, was ordered dismissed without prejudice on motion of R. B. Westervelt, attorney for Brooks.

# JOHNNY GUNG'L MAY BE NAMED AS LEGISLATOR

(Journal-Miner Capital Bureau) PHOENIX, Dec. 20.—Republicans from the seventh legislative district of Cochise county, who were here for the industrial conference, have expressed the opinion that Johnny Gung'l, of Wilcox, will be named by the board of supervisors of Cochise county to fill the legislative vacancy created by the recent resignation of Dana T. Milner. Milner, who presented his resignation December 15, gave as his reason press of personal business which would prevent his being in attendance at the special session expected to be called for a date early in the new year.

As a consequence of this law, irrespective of any further resignations that may take place between now and the date of the special session, the political lineup at the forthcoming session will be the same as at the regular session, 10 republicans and 9 democrats in the senate, and 20 democrats and 19 republicans in the house.

# LOCAL COUPLE WED IN JUSTICE COURT

Miss Mary E. Taylor yesterday became the bride of Otto H. Lind, at a marriage performed by Justice of the Peace Charles H. McLane. The young couple, both of whom live in this city, procured a license from Clerk of the Superior Court J. C. Woods, and were then married by Justice McLane. They will make their home in Prescott.

Journal-Miner Liners get results,

# OVER HUNDRED FAMILIES NEED HELP IN CITY

(From Wednesday's Daily) "Prescott little realizes the number of those who require help. I am sure if the citizens of this community could but bring home to themselves the fact that there are 110 families in this city requiring help at this time, there would be no question but what immediate attention would be given." This in a few words summed up the situation as expressed by Mrs. J. T. Richards, chairman of the associated municipal Christmas tree and its charity work.

"It is a difficult thing to place the wants before the public. We want co-operation, financially. The merchants of Prescott have come forward splendidly, but the bulk of this should not rest upon their shoulders. Individuals should donate to this cause."

That concerted action must be taken, irrespective of the Christmas work was clearly shown after the survey of the work had been made by volunteers. The ministers of Prescott and all directly interested in charity work have lent their efforts to this cause.

Those having clothes, suitable for children and grown-ups should notify Mrs. J. W. Osburn, telephone No. 121.

Those willing to contribute to the Christmas boxes should send their donations to the chamber of commerce office, where headquarters have been established. "That the work should be carried on aside from the Christmas time, is my candid opinion," stated the chairman yesterday. "This will help, but other action must be forthcoming."

### Nativity Story in Program by City's Schools at Theater

A dramatization of the Nativity will be given at the Elks theater by the Prescott schools, Friday, December 23, at 2:15 p. m. Vocal and instrumental solos will have a large share on the program. The school children will be heard in chorus singing.

This program represents the city schools' part in holiday observances, and promises to be specially interesting. The public is cordially invited to attend and see the work of the schools. No admission will be charged. The following numbers will be given:

Birthday of a King, solo—Mr. S. H. Martin.  
Oh! Little Town of Bethlehem.  
Gesu Bambino, solo—Miss Marjorie Nelson.  
The Manager Thorne.  
Christmas Eve.  
It Came Upon a Midnight Clear.  
The First Noel.  
We Three Kings of Orient Are.  
Silent Night.  
Joy to the World—Audience stand and sing.  
Violin solo—Mrs. Keeney. Mrs. S. H. Martin will act as accompanist.  
The program is in charge of Miss Marjorie Nelson, head of the music department.

### The Nativity Story

Act I—The Annunciation.  
Act II—The Nativity.  
Act III—The Watching Shepherds.  
Act IV, scene 1—The Adoration of the Shepherd; scene 2—The Adoration of the Kings.  
Cast of characters:  
Angel—Edna Sims.  
Mary—Ester Devin.  
Joseph—Norman Fain.  
Three kings—Arthur Davis, Dan Sherman, Robert Martin.

# DIVORCE GRANTED TO JEROME WOMAN

A divorce decree was granted by Judge Richard Lamson in division two of the superior court yesterday to Mrs. Susan Elizabeth McHenry from John McHenry, former catcher for the Jerome city baseball team. The prayer of the plaintiff that she be permitted to resume her maiden name, Susan Elizabeth Scott, was granted in the decree. The decree was granted on grounds

of desertion, the plaintiff testifying that shortly after their marriage her husband had apparently tired of her, and left her. Mrs. Ollie L. Scott, mother of the plaintiff, also testified. The defendant failed to appear in court to answer summons duly served. Costs and attorney's fees were granted the plaintiff, who was represented by Norman F. Wykoff, of Jerome.

# NOTES NOT TO BE TAKEN FOR GRAZING FEES

### Information That Promissory Paper Would Be Accepted by Government Cancelled in Telegram From Washington

(From Wednesday's Daily) Promissory notes will not be accepted by the federal government from permits on national forests who have been unable to meet payments of grazing fees, postponed last fall by congressional legislation to December 1 of this year, the local forest service office was advised yesterday by telegraph from Washington. Only cash, the wire advised, will be accepted.

Letters of inquiry have been received from stockmen grazing their cattle on the Prescott National forest, under the impression that promissory notes would be accepted, H. Basil Wales, supervisor, said yesterday. He has replied that, according to the instructions received by him from Washington, notes will not be taken.

The information that notes would be acceptable is contained in a communication from the Arizona Cattle Growers' association, which communication says:

"In telegraphic information just received from Senator Ashurst, it is stated that Senator Ashurst, representative Hayden, Governor Thomas E. Campbell and Mr. Dwight B. Heard had an extended interview with the secretary of agriculture on this matter, pointing out that many honest, industrious cattlemen in Arizona, through no fault of their own, were not in position to pay these fees at this time and unless the fees were extended, these men would be ruined.

"Rather than enacting further legislation in this matter the secretary of agriculture has kindly issued instructions to the various forest supervisors, directing them to accept promissory notes from those permittees on the forests who have been unable to pay the grazing fees, in all cases where the good faith of the permittee was evident.

"The Arizona Cattle Growers' association requests interested cattlemen to make tender of their notes to the forest supervisors, and failing to secure proper recognition, to take the matter up with the association's offices at Phoenix."

This information, Supervisor Wales said yesterday, is cancelled by the telegraphic instructions he has received from Washington.

# U. S. RECLAMATION BILL LOOKED FOR BY GOV. CAMPBELL

(Journal-Miner Capital Bureau) PHOENIX, Dec. 20.—Returning from the governors' conference at Charleston, S. C., and the national capital, where he appeared before congress to urge the adoption of a comprehensive national reclamation policy and held conferences with various members of the tariff committee looking to the securing of an adequate protective tariff on long staple cotton and other Arizona products, Governor Thomas E. Campbell arrived in Phoenix this morning. As a result of representations made by the governors, following the Charleston conference, it is believed by Governor Campbell that a national reclamation bill will probably be enacted at the present session of congress.

Governor Campbell is also of the opinion that a federal commission will be appointed to handle the Colorado river basin project.

### HIGHWAY CAR

Contract to provide the county highway commission with one Dodge commercial screen car yesterday was awarded by the commission to L. C. Dicus of Jerome. This car will replace an Olds touring car, which will be advertised for sale by the commission in the near future.

# CHRISTMAS PRICES AT LOW EBB HERE

Complaints of high prices in Prescott have no basis in schedules of holiday commodities here, it is shown in a comparison made yesterday by Henry Hartin with current prices being asked in southern California. Especially is this true of rates asked for birds for the Christmas table. Los Angeles dealers, in published advertisements, are asking 65 cents a pound for turkeys, while the price asked by the Prescott meat markets is only 45 cents. This relativity is maintained by local Einsteins in other commodities.

# PINE BOUGHS, SNOW EFFECTS, AT DANCE

(From Wednesday's Daily) Christmas trees, pine boughs and snow effects last night gave a merry holiday atmosphere to the Veterans of Foreign Wars Christmas dance at the Frolic, attended by a large crowd. In charge of William J. Baker, the dance was a huge and gay success. The proceeds will be used for Christmas work among disabled ex-service men in Prescott. N. A. Urem was assistant manager of the affair, A. C. Schneider floor manager, and W. D. Hooper, commander of Buckley O'Neill post, had charge of the fountain. Seidel's orchestra furnished the music.

# WORK AT CROWN KING TO START

(From Thursday's Daily) Work preliminary to resumption of operations at the famous Crown King gold mine, which for several years has been inoperative, due to litigation, was begun at Crown King this week. D. M. Lacey, one of the best known mining men of this county, where he formerly was engaged in mining, yesterday was at Crown King supervising the preliminaries. With him is a Chinese cook and an office man. A crew made up mostly of men formerly in his employ has been organized, and work of repairing bunk houses and other buildings at the mine is under way. Announcement of intended resumption of operations at the Crown King, and at the Wildflower and Old Tiger mines, was made this week in an exclusive Journal-Miner story to the effect that Lacey had taken over these three mines, known as the Murphy group. Until resumption of mining at the properties, roads and buildings will be put into shape. Re-opening of the mines is considered among the most hopeful indications of a general resumption of mining activity. Indications are that several mines in the Walker district will sooner or later be operating on a productive scale. Among these are the Sheldon and the Big Dome, the latter now being explored.

# BLACK HELD TO HIGHER COURT

### Man Alleged to Have Issued Worthless Checks Appears for Preliminary Hearing; Bond Is Set at One Thousand Dollars

(From Wednesday's Daily) Setting of bond at \$1,000 and issuance of an order that the prisoner be held to await action of the superior court, were steps yesterday taken after preliminary hearing of R. E. Black, colored, in a hearing before Justice of the Peace Charles H. McLane in the justice court. Black at the last account was unable to make bond.

Black is charged with uttering a bogus check for \$7.50, in a complaint sworn to by O. A. Hesla. He was recently brought back here from Maricopa county, to answer the charge. It is said by county authorities that he has passed several other worthless checks in Prescott.

# AMEND COMPLAINT IN SUIT VS. SUIT

(From Wednesday's Daily) Judge John J. Sweeney yesterday allowed counsel for the Prescott Lumber company to file an amended complaint in the case of the company against J. B. Johnson, which, as will be recalled from a recent exclusive Journal-Miner story, presents the strange phenomenon of a lawsuit to stop a lawsuit.

Johnson, through his counsel, Russell & Stack, is suing to recover value of houses removed from the Kline sanitarium, while the Prescott Lumber company, through Attorney Howard Cornick, is suing to prevent Johnson from maintaining the action.

# NILSSON NAMED ON STATE LEGISLATIVE LEGION COMMITTEE

George Nilsson, recently named a member of the national rehabilitation committee of the American Legion, has just received word of his appointment as a member of the legislative committee of the state department of the legion in Arizona. The notice was received from Department Commander Duane Bird, of Nogales. Others named on the committee are Celora Stoddard, Leon Jacobs and D. A. Little, of Phoenix; S. H. Bowyer, of Tucson; Arthur Curlee, of Douglas; and A. E. Schleimer, of Nogales. Celora Stoddard is a member of the Arizona senate, Arthur Curlee and A. E. Schleimer are members of the Arizona house of representatives, and D. A. Little is department adjutant. The others appointed have been more or less prominent in legal work, as well as in state legion affairs. George Nilsson, junior member of

the firm of Anderson, Gale & Nilsson, was post commander of the local legion post in 1920, and was an alternate delegate from the state department to the national convention of the legion in Kansas City in October. As a member of the state legislative committee, he will be enabled to keep in touch with recommendations for passage of legislation beneficial to ex-service men, as well as to serve the ex-soldiers through his work as national rehabilitation committee man.

# CHILDREN TO HAVE XMAS TREE DEC. 24

Prescott children Saturday afternoon will enjoy a Christmas tree at the Blue Triangle center. Santa Claus will be there to greet them, and to distribute toys, candy and nuts, said Mrs. Corinne Irving, general secretary of the Y, last night. The entertainment, which will be given by the Y. W. C. A. in conjunction with the Christmas work of public charities, and Mrs. Robert Birch, will include a real Punch-and-Judy show and the playing of games. It will take place at 2 o'clock in the afternoon.

# CAN OTHER SCHOOLS BEAT THIS RECORD?

"If any other school in the state can beat this, let us know," were the words with which W. Curtis Miller, superintendent of county school attendance, yesterday commented on the remarkable record made by Camp Verde in the percentage of high school pupils to the total school's attendance of the district. A visit to the Camp Verde county school district by Superintendent Miller revealed the fact that out of an enrollment of 138 pupils, 38 were doing regular high school work. This, he pointed out yesterday, is almost 30 per cent.

Of all the records available for a school or district employing more than one teacher, none can be recalled that can beat this, Superintendent Miller said, adding that if anyone knows of such a record, the school authorities will be pleased to have it reported at the office of Mrs. Ward Wheeler, county superintendent.

cent of schools. There is an enrollment of approximately 1,200 pupils in the Prescott city schools, with a high school enrollment of 185 and an average daily attendance of over 160. Prof. S. H. Martin, superintendent of city schools, said yesterday.

# GOATS WOULD REDUCE ANGELES FIRE HAZARD

(From Thursday's Daily) Southern California forest service officials want 100,000 goats to graze on the ranges of the Angeles forest. A communication to this effect was received here yesterday by H. Basil Wales, Prescott forest supervisor, from Supervisor Charleston of Los Angeles, in charge of the Angeles forest.

Enlightened self-interest actuates Supervisor Charleston, he confesses. Cropping by goats of the abundant browse and brush on the Angeles ranges will, in addition to fattening the goats, considerably reduce the fire hazard on those ranges. This is consummation devoutly to be wished, for the Angeles forest has established a history of annual forest fires, especially in the Santa Monica Canyon; where every year the Los Angeles newspapers find dramatic stories of fire-fighting to headline. The proposition is looked on favorably by Supervisor Wales, who states that range conditions for goats on the Angeles forest are exceptionally good.

"Conditions on the California forest are different than on the Prescott ranges," he said yesterday. "Already the Prescott forest is well utilized by cattle. On account of watershed conditions, it would be much better that we have no goats on our forest. Only one band now is on the forest, but I have received a number of applications for permits to graze more goat herds. It would be better for all were the herders to take their animals to the California forest."

### SELL TRACT LAND

W. F. Wingfield and Minnie Wingfield, his wife, have sold a tract of land in the Camp Verde district to D. Bell Monroe, the deal involving \$1,000. Both parties to the transaction live at Camp Verde.

### COTTON MARKET

NEW YORK, Dec. 20.—The cotton market closed easy, net 17 points lower to 2 points higher at \$18.80.
