"DANDROCIDE"

Dandruff is a scalp disease. "Dandrocide" is its cure. "Dandrocide" is a scalp food, and in ridding the dandruff, gives the hair cells natural life and healthy hair growth. Most hair tonics gloss the hair, but leave the damaging dandruff. "Dandrocide" removes the dandruff, thereby removing the evil. "Dandrocide" grows a bountiful supply of long and silky hair—a luxuriant growth of hair will come with the use of "Dandrocide."

Remember the bottle as illustrated in the picture.
