AS TO THE PILOT.

From many sources The Pilot has received conrteous endorsement, for which we extend our appreciation. Among the numerous letters which have reached this office we take one and herewith print it, not in a self-sufficient and laudatory spirit, but grateful for the impulse prompting it and the felicity and delicacy of diction through which the 1884

most position in the civilizing influences of modern life. The most definite contrast and striking peculiarity in her collective character; the one separating her from the races of Europe, was the repudiation of an historic and widespread belief that huge armies resulted in powerful prestige making countries great. It is true the United States won her tiberties and became autonomous and self-governing through the intrepidity of her heroic sons, who left the plowshare and buckled on the armor of war and successfully carried forward a revo lution, which drove the usurper into his own lair. When no further necessity, however, called for military prowess America's Cincinnatus laid down the The Pilot is published at 816 York Str.
