COMMITTEE ASSIGNMENTS OF DEMOCRATIC AND REPUBLICAN MEMBERS OF HOUSE

In arranging committees of the house Speaker Lenroot placed N. J. Terens, the Democratic member from the second assembly district, Manitowoc county, on the Assessment and Collection of Taxes committee, an important assignment. He is not scheduled on any other committee. No doubt exists but that Mr. Terens will make a valuable member, being level headed, with grasp for detail, hence will his suggestions be of importance to this body.

Joseph Willott, who is the Republican member from this county, has been appointed chairman of the Ways and Means committee and a member of the Committee on Enrolled bills.

Deaths of a Week.

Mrs. Ole Madson died at her home in Jerpen last Friday, aged 85 years. She came from Gerpen, Norway, now more than half a century ago and located in the country shortly after her arrival in the United States. The funeral services were conducted by the Rev. Mr. Alfson last Saturday and were attended by her two sisters from this city, namely, Mrs. Christensen and Mrs. Halvor Peterson. Mrs. Madson lived an upright life and died greatly respected.

Mrs. Vogel, wife of Daniel Vogel of this city died at the age of 38 years. She was buried from her home in this city on Tuesday. She contracted a cold on Christmas Day which culminated in her death last Saturday. She was a woman of kindly disposition and her death is deeply mourned.

PAUL SCHUETTE ON WINNING SIDE

Great Debate Between Two University Literary Societies.

ANNUAL INTELLECTUAL CONTEST

The Manitowoc Student Closed for His Side of Question.

MADE A STRONG, FORCIBLE ARGUMENT

Much Interest was Manifested in this City in this Forensic Effort—This Philomathia Boys Proud.

In the debate between the Philomathia and Athenae societies attached to the state university last week the former won. Manitowoc takes just pride in this achievement inasmuch as Paul Schuette, son of August Schuette, was on the winning side.

The two societies meet annually and the Athenae had been successful in the two former contests. The Philomathia had the affirmative side and the Athenae the negative. The question was:

"Is the present concentration of vast aggregations of capital in the United States, in single, private manufacturing corporations, inimical to the public welfare?"

Interpretation—(a.) Single private manufacturing corporations shall not include those operating under a franchise by municipal corporations. (b.) Manufacturing means the process or one of the processes of converting the raw material into the finished product."

Paul A. Schuette closed the debate for the affirmative. He said:

"A combination of the agricultural classes is obviously impossible. As these great corporations more and more get control of the industries in which it is especially engaged, it finds himself having but one buyer for many of its raw materials. The competitive buyer has disappeared, and it is a case of one buyer, one bid, one price for the farmer. At the same time these and other combinations have raised to him the price of the necessities of life, and have thus decreased the real wages of the farmer."

"It is claimed that combinations increase our export trade, but if the people pay for it, the people and not the combinations should get the credit for it. If combinations can better increase our foreign trade than competing concerns it is because they have the power of extorting such a high price from domestic consumers that they can sell very cheaply to foreigners."

"We have an old maxim 'The safety of the public is the supreme law.' Industrial corporations should be organized and managed on sound business principles, and should not be allowed to encourage over capitalization and thus create the conditions of inflation which inevitably result in reaction and panic. When a period of depression comes, failure is the inevitable result of such a great excess of liabilities over assets."

W. H. KALAHER HAS BEEN ADMITTED TO BAR TO PRACTICE LAW

M. W. Kalaher, one of the teachers in the First ward school was admitted to the bar as a practicing attorney by Judge Kirwan last Saturday morning. Mr. Kalaher passed the rigid legal examination of the State Bar Examiners at full examination, 1902. His papers were eminently satisfactory. It is the intention of Mr. Kalaher to abandon school work at the close of the present term and thenceforward to apply his energies to the legal profession. He is a young man of ability, whose work has counted, and he has a promising future before him. He means to leave this city to take up the labors of the law in another field.

COUNTY SUPT. CHRISTIANSEN ATTENDS MEETING OF EDUCATORS AT MADISON

Supt. Fred Christiansen is in Madison attending the meeting of county superintendents which closes today. Subjects relating to the supervision and management of the public schools were considered.

Under the law the state superintendent is required to hold two such conventions each year. Superintendent Cary has called the second one for Eau Claire for today and Friday. The county superintendents must attend one of these conventions.

The state superintendent held a conference with the institute conductors of the different normal schools of the state.

GLANDERS BREAK OUT AMONG SOME OF THE CITY HORSES

Considerable commotion was occasioned in the city by the spread of information on Monday that glanders were rife among the horses. State Veterinary Surgeon E. D. Roberts of Janesville was in the city on Sunday and condemned several animals which have been killed. It was thought the disease would become so rampant that horses very generally would suffer with the disease and would be killed. Prompt and effective measures were taken, however, which checked everything like contagion and further trouble from this source is averted. There is much occasion for alarm among horse owners as the report was made upon the first appearance of the disease and the steps that are being taken will make it impossible for further contagion.

WHAT WAS DONE AT CIRCUIT COURT

The Criminal Calendar is About Disposed of

CASE OF JOHN SPINDLER IS UP

Grave Accusation Lodged Against the Defendant.

GILLET PROSECUTION WAS ABANDONED

Charles C. Olsen Secures a Verdict against the City for \$250 for Injuries from Defective Sidewalk.

The criminal end of the Circuit court calendar will be finished today and the civil jury cases will be immediately taken up, and it is thought that the entire number of cases will be disposed of within the next ten days. The court is now engaged on the case of John Spindler, who is accused of a grave charge against a six year old child, Anita Voland of Kiel. The defendant is a young man of 21 years and his alleged victim is so young that the Court mercifully decided that she be not called to testify.

In the case of Robert Gillett charged with the burglary of the Rand & Roemer hardware store the state abandoned the prosecution believing it could not prove the defendant guilty. The case of the state was based on purely circumstantial evidence which the defense was able to refute by the testimony of witnesses who did not appear at the preliminary examination.

The case of Chas. C. Olsen who sued the city for injuries sustained through a defective sidewalk secured a verdict of \$250.

The trial occupied three days and a hard fight was made. Jurors in the case were: Stephen Bertler, Knud Johnson, Frank Smojenski, Frank Haylinek, Chas. Berger, C. J. Holsen, Frank Lenhard, Chris Schoch, F. J. Mosler and Gust Auman.

At the meeting of the city council last Monday the settlement of the Holtenbeck claim, made by the city attorney, was ratified and an order will be issued to her for the full amount, \$600. She will pay all the costs of the action.

AN OLD MANITOWOC BOY INJURED IN TRAIN HOLD-UP

Patrick Carroll, a fireman on a locomotive of the Great Northern railroad, was seriously hurt in a train hold-up last week at Boulder, Montana. The engineer of the same train was killed. Carroll before he went railroad was a Manitowoc resident, and he lived in this county for a number of years. He now lies in a hospital at Clancy, Montana, in a critical condition, though one of his friends writes to The Pilot that hopes of his ultimate recovery are entertained.

HOW S. A. WOOD CELEBRATES THE YEARS AS THEY PASS BY

W. F. Nash, editor of the Two Rivers Chronicle, prints the following: "S. A. Wood, a well-known and highly esteemed resident of Manitowoc makes a practice celebrating his birthday anniversary by writing a letter on such occasions to a lady friend whose home is 'way down East' where he came from fifty or more years ago when he came West." Frequently these letters are written in poetry and contain many quaint ideas and delightful literary tidbits. Last Wednesday was his 81st birthday and the letter to the lady friend, in the East announcing the fact was written in the form of a poem which was somewhat speculative as regards that which awaits us all when death shall have ended our earthly career. He is decidedly agnostic in his views as regards a future state of existence and closes his letter as follows: 'Who knows of these, which state he'll merit? Or whether either he'll inherit?—Old questions answered yet by none, And solvable by death alone. Hence we jog on in hope and dread, Clinging to life's uncertain thread; Assured of nothing, only that, Nobody knows "where we are at."'

Pinchon—Sperl. At the residence of the bride's parents in the town of Kossuth on the 20th day of Jan. 1903. By D. W. Sheldon, Justice of the Peace. Mr. Charles M. Pinchon of Milwaukee and Mamie G. Sperl of Kossuth.

Job Work at The Pilot.

BRIEF ITEMS OF INTEREST IN CITY AND COUNTY

MORE SMALL POX CASES—Two inmates of the home of Joseph Jodinski of S. 20th street are down with the smallpox. The city will care for the new cases while the county has taken charge of the old one. It is doubtful that the economy sought by the county commissioners will now be found as with three or four cases, the charge would have been divided and considerable less than for caring for one case.

SOCIETY ELECTS OFFICERS—The following are the officers of the Z. C. B. J. insurance society, a Bohemian organization: President, Jos. Wilda, Secretary, Jos. Kostlevy, Financial Secretary, A. J. Fanta, Treasurer, S. Krainik, Guard, Jos. Kustka, Trustee, 3 years, J. Shusta.

STOLE \$10.00 IN CASH—One of the school desks in the Luling school was robbed of \$10 last Friday. The money was derived from the sale of tickets for the art exhibit to be given here the latter part of this month.

THE FIRE SALE—The sale of goods damaged by the smoke by the fire in the store of Ed. Harris is still being kept up as will be seen by turning to the advertisement of the Boston Store. These goods are sold at greatly reduced figures.

WAS IN LUCK—Albert Engels was in luck last week. On Tuesday he lost a purse containing \$130 in bills and on Thursday it was found by a boy who returned it to the owner, for which the boy was handsomely rewarded.

SLEIGHING PARTIES—It is almost a nightly occurrence to see sleigh loads of happy young people going through the city to some of the out-of-town resorts for a few hours revelry. If sleighing keeps up, there will be a number, for quite a few are planned.

BAND ORGANIZES—The City band, Prof. Urban, conductor, met last Friday and elected officers for the ensuing year. Prof. Urban, director, George Detgen, secretary and treasurer, Otto Songlaub. The members of the band will have a dance at Schreihart's hall on January 24.

OUT AT CATO—The young men and maidens who reside in Cato and contiguous towns danced at the Cato hall last Friday and a good time was participated in by all those who were present. Several other dances are projected for the winter season at the same hall and they are sure to be successful.

CO. H. HONORS CAPTAIN KNUDSON BY GIVING HIM SWORD

Captain Norman A. Knudson was the recipient of a handsome new sword presented to him last Friday by the sixty-six members of Co. H. as a token of esteem and a tangible evidence of duty well done. Lieut. C. M. Krumm who made the presentation said: "Captain Knudson, the sixty-six members of the company, knowing the trials you have had and those you will have knowing the work you have done and the interest you take in the company, could find no words to express their thanks to you. But as a token of our esteem, our respect and in thanks for what you have accomplished in the past and confidence of the future, I, on behalf of the members of the company, present you this sword."

Announcement of the engagement of Miss Olive Proell and George Vits is made.
