

DO YOU KNOW that indigestion can be cured, permanently cured, so that you can eat any kind of food that you crave? It has been done not only once, but in almost every case when Chamberlain's Tablets are used. An instance: Mr. J. BUY NOW WHILE DELIVERIES ARE POSSIBLE

Buy your Ford Car now while deliveries are possible. There is only a limited, specified number of Ford cars allotted to this territory. You will be wise to buy one now while we can get cars to deliver. A signed order with us is your protection.

Even our small allotment of Ford cars is not shipped us until we have bona-fide orders for them. This is because the demand for Ford cars all over the country is greater than the supply or production. So, don't depend on spring delivery.

Only so many Ford cars will be shipped in this territory; only so many will be able to get Ford cars. If you are interested, order and plan ahead. You will have us deliver you a Ford car as soon as possible. Then you will have it to use whenever you want it.

The Ford is an utility—in your home or business. Its serviceability, its ease of operation, its low cost of maintenance has made it such. It will serve you the year around. Spring and summer, autumn and winter, it is your servant; always ready to do your bidding.

In this issue we have a little sketch of the life of B. F. Jones of Newport who is a Republican candidate for the nomination of Secretary of State. Ben will get a unanimous vote in Lincoln county, and we believe he stands a good chance for the nomination. He has always led an active life and worked hard for the upbuilding and betterment of his adopted state, Oregon. Should he land the office he will not lay down on the job, but will keep on working for the betterment of conditions for the common people.

GRANGE RESOLUTIONS

Following are a number of resolutions adopted by Pomona Grange while in session here last week:

WHEREAS, the issue of building a bridge across the Yaquina River at or near Toledo is of special concern to the people of Lincoln County, and Whereas, the candidates for County Commissioner and County Judge have much to do with whatever action is taken in this regard, therefore

Be It Resolved, by Lincoln County Pomona Grange, in regular session at Toledo, Oregon, this 24th day of March 1920, that it is its wish that the above mentioned candidates publicly state their position in regards this important issue.

WHEREAS, the success of the farmers of Lincoln County largely depends upon the organization of the farmers into strong cooperative associations, covering the different farming industries of the county, and

Whereas, the dairy industry is the paramount industry of the county and always will be and should receive the first and highest consideration, and

Whereas, the Farm Bureau has placed the organization of the dairy industry on its program for this year, therefore

Be It Resolved, by Lincoln County Pomona Grange, in regular session at Toledo, Oregon, this 24th day of March 1920, that all the dairymen of Lincoln County proceed to assist the County Agent and Farm Bureau in carrying out that program by perfecting a strong dairymen's association at the earliest possible date.

WHEREAS, the people of the Toledo Port District, cooperating with the U. S. Government, have been and are expending vast sums of money in port developments, particularly in harbor and bar improvements, and

Whereas, these expenditures have been made with a view of providing a means of communication and trade relations with the outside markets, and

Whereas, imports of supplies and exports of miscellaneous resources are appreciable, yet our one big asset for which these developments and expenditures have been made is our timber, and

Whereas, a large portion of this timber is located in the Siletz basin

and at present not connected with the means of transportation being arranged, and is therefore not available, and

Whereas, the people of said district have waited in vain for commercial interests to build a railroad connecting the Siletz timber with the means of transportation being provided, but have been repeatedly disappointed, and since the future holds no better assurance of such private construction of said railroad, and

Whereas, a Port owned and operated railroad twenty miles in length connecting the harbor improvements at Toledo with the head of tide on the Siletz river would make available practically the entire assets and other natural resources of this now inaccessible region, at the same time bringing into use the means of transportation already provided and being provided for this purpose, as above stated, therefore

Be It Resolved, by Lincoln County Pomona Grange, in regular session at Toledo, Oregon, this 24th day of March 1920, hereby approve of the project of the building of a railroad from Toledo to the head of tide on the Siletz river by the Port of Toledo, and recommend that the said port commissioners proceed at once with such construction.

WHEREAS, the three state educational institutions, O.A.C., U. of O., and Monmouth Normal are facing a financial crisis due to the enormously increased attendance and growth without commensurate increase in income, and

Whereas, the state legislature after the most careful investigation passed a bill providing the necessary assistance, and

Whereas, this bill does not become effective until endorsed by the people at the polls in May, therefore

Be It Resolved, by Lincoln County Pomona Grange, in regular session at Toledo, Oregon, this 24th day of March 1920, heartily endorse the above referred to bill, known as the Higher Education Tax Bill.
