A SONG FOR A BOY I LOVE.

Resp shead of the world, if you can, my boy, Tis the only sure way to succeed, If you e'er fall behind, 'twill be hard to get back To the spot where you once had the lead; And there's no way to win in the battle of life, So essy, so safe and so sure, As to have a few dollars ahead of your wants-For most of life's ills 'tis the cure.

But you never get dollars till first you get pence,
As from acorns the mighty oaks grow; Work bard, and work eves, and save as you toil Thus be true to yourself in the years of your

And you'll rest without worry when old: Save the pennies to-day, into silver they'll turn, And the silver will grow into gold. Let the fools try to tempt you to pleasures to

Store your brain in the hours they give to the

With knowledge, you'll not be the worse; For labor, and study, and saving in youth Will give rest and content when you're old. And the pennies to-day will be silver full soon, And the silver will grow into gold. Fair Italy lies on the Alps' farther side,

Tis the place we have dreamed of alway, limbs of youth Ere by Tiber we pass age away;

So work, my brave boy, in the years of your If you want rest and plenty when old-Take care of the pountes, to silver they'll turn. And the silver will grow into gold, -Lou J. Beauchamp, in Detroit Free Press.

> A Dr. Seyers, of Clayton, Ga., was startled a few evenings since, while driving home from a visit to a patient, by the fall of a meteor, or what he supposed to be a meteor, and which buried itself in the earth only a few yards ahead of him. Hurrying home, continues the Chicago Mail, he procured a spade and pick, returned to the spot and dug up the serial visitor while it was still smoking hot. To his great surrous instead of Saling von you are suffering from Nacather to these symphics great surrous instead of Saling. a meteor, and which buried itself in the his great surprise, instead of finding an irregular mass of meteoric stone, there appeared a smooth, perfect sphere of steel-blue metal, with polished surface and which was a four-pointed star, a representation of a bird-reptile resembling in a measure our extinct archæopteryx, and a great number of smaller figures, resembling those used in modern shorthand. The metal of which the ball was composed was about as hard as copper, entirely infusible by the Bunson blow-pipe, and evidently a new element. The doctor is of opinion this picturesque may have been fired

some monster gun on a neighboring planet, moon, and that it may be the first result of a series of experiments which may end in establishing communication with those heavenly bodies. It is expected that the beavenly canon-ball, or whatever it is, will attract unusual attention among scientists. They will probably discover, if they give the matter thoroughly scientific investigation, that the great international liar is oose somewhere in Georgia.

LIVER DISEASE

Mrs. Mary A. McClure, Columbus, Kans., writes; "I addressed you in November, 1884, in regard to my health, being afflicted with liver disease, heart trouble, and female weakness. I was advised to use Dr. Pierce's Golden Medical Discovery, Favorite Prescription and Pellets. I used one bottle of the 'Prescription,' five of the 'Discovery, favorite Prescription and Pellets. I used one bottle of the 'Pleasant Purgative Pellets.' My health began to improve under the use of your medicine, and my strength came bank. My difficulties have all disappeared. I can work hard all day, or walk four or five miles a day, and stand it well; and when I began using the medicine I could scarcely walk across the room. all day, or walk four of five inness day, and stand it well, and when I began using the medicine I could scarcely walk across the room, most of the time, and I did not think I could ever feel well again. I have a little baby girl eight months old. Although she is a little delicate in size and appearance, she is healthy. I give your remedies all the credit for curing me, as I took no other treatment after beginning their use. I am very grateful for your kindness, and thank God and thank you that I am as well as I am after years

dyspepsia. I am pleased to say that your 'Golden Medical Discovery' and 'Peliets' have cored me of all these aliments and I cannot say enough in their praise. I must also say a word in reference to your 'Favorite Prescription,' as it has proven itself a most excellent medicine for weak females. It has been used in my family with excellent results." Dyspepsia. - James L. Colby, Esq., of Fucatan, Houston Co. Mrs. I. V. Webber, of Yorkshire, Cattaraugus Co., LIVER

N. F., writes: "I wish to say a few words in praise of your 'Golden Medical Discovery' and 'Pleasant Purgative Pellets.' For five years previous to taking them I was a great sufferer; I had a severe pain in my right side continually; was numble to do my own work. I am happy to say I am now well and strong, thanks to your medicines."

Minn., writes: "I was troubled with indigestion, and would ent heartily and grow poor at the same time. I experienced heartburn, sour stomach, and many other disagreeable symptoms common to that disorder. I commenced taking your stomach, and many other disagreeable symptoms common to that disorder. I commenced taking your Golden Medical Discovery' and 'Pellets,' and I am now entirely free from the dyspepsia, and am, in fact, healthier than I have been for five years. I weigh one hundred and seventy-one and one-half pounds, and have done as much work the past summer as I have ever done in the same length of time in my life. I never took a medicine that seemed to tone up the muscles and invigorate the whole system equal to your 'Discovery' and 'Pellets.'" Byspepsia. - Theresa A. Cass, of Springfield, Mo., writes: "I was troubled one year with liver complaint, dyspepsia, and deeplessness, but your 'Golden Medical Discovery' cured me." Chills and Fever.-Rev. H. E. Mostey, Montmorenci, S. C.,

Decatur Street, New Orleans, La., writes: "I used three bottles of the 'Golden Medical Discovery,' and it has cured me of chronic diarrhes. My bowels are now regular." "THE BLOOD IS THE LIFE."

Thoroughly cleanse the blood, which is the fountain of health, by using Dr. Pierce's Golden Medical Discovery, and good digestion, a fair skin, buoyant spirits, and bodily health and vigor will be established.

Golden Medical Discovery cures all humors, from the common pimple, blotch, or cruption, to the worst Scrofula, or bloodpoison. Especially has it proven its efficacy in ouring Salt-rheum or Tetter, Fever-sores, Hip-joint Discase, Scrofulous Sores and Swellings, Enlarged Glands, and Eating Ulcers. Rev. F. Assury Howell, Paster of the M. E. Church, of Silverton, N. J., says: "I was afficted with catarrh and indigestion. Boils and blotches began to arise on the surface of the skin, and I experienced a tired feeling and duliness. I began the use of Dr. Pierce's Golden Medical Discovery as directed by him for such complaints, and in one week stime I began to feel like a new man, and am now sound and well. The 'Piensant Purgative Pellets' are the best remedy for billous or sick headache, or tightness about the chest, and bad tuste in the mouth, that I have ever used. My wife could not walk across the floor when she began to take your 'Golden Medical Discovery.' Now she can walk quite a little ways, and do some light work."

of Cambridge, Maryland, says: "Mrs. Eliza
ANN Poole, wife of Leonard Poole, of Williamsburg, Dorchester Co., Md., has been ceeced
of a bad case of Eczema by using Dr. Pierce's
Golden Medical Discovery. The disease appeared first in her feet, extended to the knees,
after being treated by several physicians for a year or two she
commenced the use of the medicine named above. She soon
began to mend and is now well and hearty. Mrs. Poole thinks
the medicine has saved her life and prolonged her days."

Mr. T. A. Ayres, of East New Market, Dorchester County, Md.,
vouches for the above facts. Mrs. IDA M. STRONG, of Ainsworth, Ind., writes:
"My little boy had been troubled with hip-joint disease for two years. When he commenced the use of your 'Golden Medical Discovery' and 'Pellets,' he was confined to his bed, and could not be moved without suffering great pain. But now, thanks to your 'Discovery,' be is able to be up all the time,

CONSUMPTION, WEAK LUNGS, SPITTING OF BLOOD. GOLDEN MEDICAL DISCOVERY cures Consumption (which is Scrofuls of the Lungs), by its wonderful blood-purifying, invigorating and nutritive properties. For Weak Lungs, Spitting of Blood, Shortness of Breath, Bronchitis, Severe Coughs, Asthma, and kindred affections, it is a sovereign remedy. While it promptly cures the severest Coughs it strengthens the system and purifies the blood.

It rapidly builds up the system, and increases the flesh and weight of those reduced below the usual standard of health by

Consumption.—Mrs. Edward Newton, of HarrowsmithOnt, writes: "You will ever be praised by me for the remarkable curs in my case. I was so reduced that my friends had all
given me up, and I had also been given up by two doctors. I then
went to the best doctor in these parts. He told me that medicine
was only a punishment in my case, and would not undertake to
treat me. He said I might try Cod liver oil if I

For three years I had suffered from that terrible disease, consumption, and heart disease, before consulting you I had wasted away to a skeleton; could not sleep nor rest, and many times wished to die to be out of my misery. I then consulted you, and you told me you had hopes of curing me, but it would take time. I treatment in all. The first two months I was almost discouraged; could not perceive any favorable symptoms, but the third month I began to pick up in flesh and strength. I cannot now recite how, step by step, the signs and realities of returning health gradually but surely developed themselves. To day I tip the scales at one hundred and sixty, and am wall and strong."

liked, as that was the only thing that could possibly have any curative power over consumption to far advanced. I tried the Cod liver oil as a last treatment, but I was so weak I could not keep it on my stomach. My husband, not feeling satisfied to give me up yet, though he had bought for me everything he saw advertised for my complaint, procured a quantity of your 'Golden Medical Discovery.' I took only four bottles, and to the surprise of everybody, am to-day doing my own work, and am entirely free from that terrible cough which harrassed me night and day. I have been afflicted with rheumatism for a number of years, and now feel so much better that I believe, with a continuation of your 'Golden Medical Discovery,' I will be restored to perfect heaith. I would say to those who are falling a prey to that terrible disease consumption, do not do as I did, take everything else first; but take the 'Golden Medical Discovery' in the early stages of the disease, and thereby save a great deal of suffering and be restored to health at once. Any person who is still in doubt, need but write me, inclosing a stamped, self-siddressed envelone for reply, when the foregoing statement will be fully substantiated by me."
