All good house-keepers will agree in one thing, and that is that they have trouble to get pure ground spices. John E. Lufkin makes pure ground spices a specialty. He will neither buy nor sell adulterated ground spices. At his store on Commercial avenue, between Seventeenth and Eighteenth streets, can be found strictly pure cinnamon, allspice, pepper, cloves, ginger, nutmeg, mustard, etc., all of which are guaranteed to be strictly pure or money refunded in all cases. 2-23-2t

Many people, when attacked with a pain in the back, or other symptoms of derangement of the kidneys, have recourse to gin, for its diuretic properties. Now, the juniper berry, from which gin is made, is possessed of highly valuable remedial properties, but the quantity contained in the distilled spirit is too small to be of much avail, beside the danger of acquiring an appetite for alcoholic stimulants. One of the ingredients in Parker's Compound Fluid Extract Bunchu is juniper, but it is in the shape of a highly concentrated fluid extract, possessing all the virtues and none of the deleterious principles of the berry. In short, in this combination there is presented to the sufferer a remedy unsurpassed. Sold by all druggists, everywhere. 2-23-2t

ITEMS PERSONAL.

Mr. W. M. Williams is now the agent in this city of the Vicksburg and Meridian, and Schenck and Meridian railroads, with his office at No. 35 Ohio street. Williams is a prompt business man, energetic and thorough-going, and the roads for which he is agent are of incalculable benefit to Cairo. The stagner Northwestern left last night on her second trip loaded with 900 tons. freight taken at this port exclusively for Williams' roads.

The Saffords, the Rexfords, the Burds were last night impatiently awaiting the arrival of the Belle Memphis, so that they might hike away to the Mardi Gras at the Buff City.

The friends of Joel G. Morgan, in this city, will regret to hear that his bright little son, Allen Greb, died at Shawneetown last week.

The Shawneetown 'Gazette' says: 'Hon. John H. Mulkey of Cairo, is in the city. It is the intention of Judge Mulkey we understand, to locate in our city in the practice of the law. We trust that the report is true. His reputation as one of the first jurists of the state and his extensive acquaintance in Egypt would insure a large and paying practice. The judge is an admirer of our people, and we hope that within a few more days he will be one of them, a citizen of Shawneetown.' Judge Mulkey has a large and very lucrative business in the county of which Shawneetown is the center, and he consulted his own interests by removing to that city. The judge is recognized as one of the best lawyers in Southern Illinois, and we will, we are sure, give offense to no one by saying that he is universally acknowledged, that he is the most profound and successful lawyer in Lower Egypt. He is a lawyer by instinct and is precisely adapted to the profession, which he loves devotedly. Always a student, his mind is furnished with all the materials he needs in his business. He has succeeded, and will continue to be successful. We commend him to the favor of his new fellow-townsmen.

Col. Taylor returned home yesterday evening. Presiding Elder Grant arrived in the city yesterday and preached last night in the M. E. church.

Mrs. Matilda Fletcher of the Chicago 'Inter-Ocean' is at the St. Charles on her way to Cape Girardeau, where she is to lecture. C. G. Ashley, auditor of the Cairo and Vincennes Railroad company, has arrived in this city and has taken possession of his office in Water's block.

ITEMS OF RELIGIOUS NEWS.

All the churches will be in full dress today. Mr. Turney has no hesitation in denouncing Mr. Denton as a scientific fraud.

Tubal U. Hip mounted Turney's Hippogriff in the 'run' yesterday evening and rode a devil of a race in his raciest manner.

Rev. H. B. Thayer will lecture to-morrow morning in the Presbyterian church on - 'For what did Christ die?' In the evening: 'Spiritual Discernment' will be the learned man's theme.

Enthusiastic propagators of Dentonism are circulating Denton's track in the highways and byways of the country around about Cairo. Why don't the Christians stir their stumps in their cases?

The sermon of the Lord's supper will be administered at the Methodist church this evening at the close of the sermon. All who love the Savior are invited to be present and commune. FRED L. THOMSON, Pastor.

The friends of this city, stirred into enthusiasm by Denton's eloquence, contemplate the establishment of a Sunday school. They have the face of a bronze image. What right have they to appropriate Sunday? They don't believe in that day. It is ours.

Rector Coan was requested by his vestry to reconsider his determination of removal to St. Louis. We are now informed that his previous decision is reaffirmed and he expects to conclude his administration here on Sunday, March 5. Bishop Whitehouse visits the parish to administer confirmation on Wednesday evening at 7:30 o'clock.

'Philo Veritas et Justitia' replies, in the 'Sun' of yesterday evening, to 'True,' and goes for that gentleman with a very long and a very short stick. 'Philo' is an infidel, but what of that? We Christians cannot deny to our fellow creatures who have fallen into the slough of unbelief freedom of

THE BEST AND CHEAPEST HOTEL IN AMERICA.

There are a great many hotels in this country whose proprietors with a sense of confidence, that is truly laudable, will believe that the above heading refers to their particular hotel, and no other. If these proprietors were all assembled in a body at a certain time and place, and a trumpet was to sound the above quotation, cry out as if with one voice, 'That's my house!' We say, 'No!' But our 'travelling correspondent,' whose perambulations extend through every quarter of the globe, says, it is 'Alas, too true!' and we submit to his superior judgment.

We mean, however, to speak of New York hotels. There is one hotel on Broadway, that certainly is the largest, best and cheapest first-class hotel in the city.

We wish to say, and experience will bear us out, that when a guest receives an elegantly furnished room, with meals, at his command, from early breakfast every hour till midnight, with a perfect parlor on wheels for an elevator, to carry him from one floor to another, and all for \$3 per day, we think the proprietor of that hotel may come forward and claim the above title for his house. The Grand Central Hotel, on Broadway, upon which has been lavished nearly \$1,000,000, and stands as a landmark. It is that hotel. Its proprietor, H. L. Powers, judiciously discriminates between the upper and lower classes, fixing the prices at \$3, \$5 and \$4 per day, according to location. The Grand Central is the only hotel we know of, that does business on this system.

MUNICIPAL SQUIDS.

The ordinances are executing themselves. Mr. Webb continues to be a candidate for city attorney.

The streets of the city are in a bad condition - mud.

Why don't somebody stir up a little excitement about the approaching charter election? It is time to commence to discuss the probable candidates.

The gentlemen who have been mentioned as probable candidates for mayor, are Dr. Smith, A. B. Safford, P. H. Pope, John Wood and Jas. S. Swayne.

The proposition to increase the salary of the mayor is becoming popular. His salary should be increased. No man competent to fill the office can give the time necessary to the proper discharge of the duties of the office for the present salary.

The C. and V. Railroad company propose to gravel Commercial avenue six feet on either side of the tracks. This is a liberal proposition and will, when executed, make Commercial the best street in the city. But the grumblers will not be satisfied.

ITEMS MISCELLANEOUS.

Turney lectures Monday night in the M. E. church.

Jack Winter will have this morning a large lot of freshysters.

There is but one case of spotted fever in the city, and only five small-pox cases.

A large amount of real estate changed hands in this city last week. 'Things is working.'

Jack Winter has bought and shipped to Mobile within the past two days fifteen thousand six hundred eggs.

The Cairo Turner society have engaged a professor of gymnastics who will give lessons in the noble art of agility.

A good many of our citizens with surplusage in their pockets are getting ready to build new houses - business and residence.

Parker & Blake are having a huge sign painted on the side of Ross' building, corner of Commercial avenue and Eleventh street.

Yesterday was a bleak, cold day. The sun came out but didn't heat the atmosphere any more than a toy stove would St. Peter's at Rome.

Mr. Webb has been collecting money wherever to detract the expenses of legal proceedings against the Cairo and Vincennes Railroad company.

David Walk will lecture at the Athenaeum on Monday night, March 3. A lecture on travel will be refreshing after the Denton-Turney shower of religious controversy.

The steamer Idlewild will arrive at our wharf to-day loaded to the guards with Evansville, Paducah and Mound City people en route for Memphis and her Mardi Gras.

A number of inventors and mechanics passed through East St. Louis Friday last en route for the Cairo narrow-gauge railroad, which is now being rapidly pushed forward.

The Odd Fellows of Cairo are becoming numerous and enthusiastic. The equipment for an Encampment will arrive in a few days when an Encampment will be instituted.

The only patriotic Washington-respecting buildings in the city were the custom-house, Rough and Ready engine house and the Illinois Central wharfboat, which is not a building. They flew their flags.

A large funeral cortege accompanied the remains of Mrs. O'Neal to Villa Ridge, where they were interred in the Catholic cemetery. The deceased was the mother-in-law of Deputy Sheriff Cain.

The temperance people of this city are becoming alarmed. They anticipate the repeal, by the present general assembly, of the anti-get-drun-and-break-things law. The opponents of that law are active, and are putting the water meter to shame.

At about 7 o'clock last night an alarm of fire called out the engines, but they were not needed. The alarm was occasioned by the burning of a chimney in Bill Garing's house on Ninth street. That chimney is in the habit of burning. It can't get over it. Bill, out of respect for the fire department, to take that chimney out of his department and put in one that won't burn.
