### MARKET REPORT.

PRICE CURRENT OFFICE, Monday Evening, June 23, 1873.

### GENERAL REMARKS.

The market continues dull and inactive, but not more so than is usually experienced at this season of the year. Some branches of trade are more brisk than past experience would lead us to expect during the summer months, while other departments which were expected to be active have settled down to a chronic dullness. Corn and meal hold firm, with an active demand, which receipts are inadequate to supply. Flour and hay are in full supply and no demand at all for either except in a small retail and jobbing way. Oats are dull and declining, quotations one cent lower than last week. Provisions of all kinds are plenty, with a very limited demand at present quotations. The market was bare of choice butter to-day for which there was an active inquiry. Receipts of eggs are small and prices are firm and advancing. Fresh eggs found ready sale to-day at the market.

Correspondents should bear in mind that our quotations represent prices for round lots from first hands, unless otherwise stated, and that in filling small orders higher prices must be paid.

**WHEAT.**—The market continues overstocked, dull and depressed, none at all selling except in smaller lots. 200 bbls various grades sold on orders at \$3.69 25 and 200 bbls do \$4.00 1/2.

**HAY.**—Quiet and dull, very little movement except sea small order trade may require. No demand at all for anything below a strictly choice timothy or mixed. There is no "glit edged" in the market. Two cars choice mixed, sold at \$15.1 car do \$17; and 1 car "glit edged" \$16.75.

**OATS.**—Very dull. The supply is limited and demand small. Prices are weak, and tend to still further decline, although holders are unwilling to make concessions. Our reports of sales comprised 1 car mixed in bulk on track and 3 cars mixed in sacks, delivered, \$2.

**CORN.**—White, continuous source and in good milling demand. Mixed is easy and in fair supply. Sales embrace 2 cars white in bulk on track 40c; 2 cars do in sacks do 39c and 2 cars mixed in sacks do 48c 1/2.

**CORN MEAL.**—The demand has fallen off slightly but prices continue firm. The supply is limited. 100 bbls choice steam dried sold at \$2.40 and 100 do \$2.55.

**BUTTER.**—The market is bare of choice butter to-day, and 60c. Edge would command 26 1/2c to 5 lbs sold according to quality 16 to 20c; 100 lb sold 60c country 15c to 20c, and 6 packages choice country sold at 20c.

**EGGS.**—Scarce, receipts small and active. We note sales of 1000 dozen, shippers count 12 1/2 to 14c.

**CHICKENS.**—The demand is active and receipts small, choice hens command a ready market at \$3.50 1/2 to 40c and choice young chickens \$2.25 1/2 to 30c.
