The Three Million Centennial Job Under Discussion.

E. W. Washburn Talked of for Secretary of the Treasury.

ARKANSAS MATTERS UNDER DISCUSSION IN CABINET MEETING.

WASHINGTON, D. C., May 6.—The discussion of the three million centennial job was fairly opened to-day in the house of representatives. Mr. Kelly led off in a windy declamation of an hour in support of the bill. Mr. Hale, of Maine, then spoke an hour against it, followed by Mr. Keard, of Indiana, and Mr. Tremaine, of New York, in its favor. The rules were suspended and the bill made special order for to-day, and for every day thereafter until disposed of. There are fifteen members yet on the list of speakers, so that it is possible that the measure will run for a week yet. Mr. Hale's speech was the most striking one of the day. He addressed himself to the many questions involved, showing the burden about to be imposed on the taxpayers, and citing the previous legislation of congress to prove that the friends of the bill did not originally ask for a congressional appropriation in order to give character to the scheme.

NEW YORK.

Walking Match Between James Gordon Bennett and John Whipple

MISCELLANEOUS INTELLIGENCE

JUDICIAL.

New York, May 6.—In the Supreme court yesterday evidence was taken on the retracer interposed on behalf of Theresa Small, the little girl, aged twelve years, formerly abducted by Capt. Williams and Police Commissioners Gardner, to the return of the two latter, made before the court a few days since. It is intended on the part of the girl and those with whom she lived to disprove the allegations made by Williams and Gardner, that the place in which the girl lived was a parlor-house, and that the girl had been used as a decoy.

A WALKING MATCH.

The walking match this morning between James Gordon Bennett and John Whipple, the famous amateur pedestrian, for \$3,000 a side, was won by Bennett. Time, one hour, forty minutes and fifty-two seconds. Whipple was nearly seven minutes behind.

RAILROAD SUIT.

In the suit of M. M. Simpson vs. the Union Pacific railroad, Jay Gould and others, Judge Donohue rendered a decision this afternoon. He denies defendant's motion to dismiss plaintiff's complaint for want of jurisdiction, and orders plaintiff's writ for costs to be increased from \$250 to \$2,000, and refuses an injunction to restrain transfer of stock of the company in the hands of the defendants.

GOV. VAN VELDER, A CONFIDENTIAL CLERK OF THE HUDSON RIVER RAILROAD COMPANY.

Go. Van Velder, a confidential clerk of the Hudson river railroad company, together with Baxter, another clerk, in the office of the company, were yesterday in the office of the state attorney, looking over the state of which he only had the key, was found to have been tampered with. The door was forced open, and it was discovered that \$23,000 were missing.

IT WAS AGREED TO-NIGHT AT THE MEETING OF THE GRAND ARMY OF THE REPUBLIC OF THE UNITED STATES.

It was agreed to-night at the meeting of the grand army of the republic of the United States, held at the city hall, to be no distinction between the Union and Confederate graves on decoration day. Both will be decorated. Of the latter there are many in Cypress Hill and other cemeteries around New York.

PICKENSVILLE, Ills., May 6.—The trial of Wesley Wilmore, for the murder of Ed. Jones, in Jackson county, July 4th, over a year ago, commenced here to-day. The prosecution is conducted by A. Pugh and D. W. Fountain. F. W. Albright, J. Blackburn Jones, R. W. S. Whetley and E. H. Lomen for defendant. The prosecution closed their case this evening, and the defense opens in the morning. The case has excited much feeling among the parties, and there is a lively interest manifested in it. Public sympathy is running generally in the interest of the defendant, especially since the hearing of the evidence on behalf of the prosecution. The case will probably close to-morrow.

TWO BROTHERS SHOT BY ONE MAN.

CINCINNATI, O., May 6.—Two brothers, named Walker, were shot at Owenton, Owen county, Ky., yesterday, by Win. Smoot. One of the brothers died instantly, the other is dangerously wounded. Smoot charged them with having secured an indictment against him in the Federal court for some misdemeanor.

ARKANSAS.

The Situation Remains Unchanged.

LITTLE ROCK, May 6.—The press agent's report that Baxter men say Brooks had the Supreme Court Judge, Bennett and Seale, arrested, is another deliberate attempt to deceive the public abroad. They do not pretend to make such assertions here. On the contrary, they chuckle over their shrewdness and sagacity in thus preventing a session of the Supreme court, whose decision in his own case, Brooks has always expressed himself willing to abide by. General Blucher, of Baxter's command, yesterday received a note from Judge Bennett's son, and promised to forward it to him, remarking, with intent to deceive, that it would take several days for it to reach him. Judge McClure, of the supreme court, issued habeas corpus writs to-day, which were served upon Generals Blucher, Churchill and Newton. Churchill replied that Judges Bennett and Seale were not in his charge, and he did not know where they were; but if he had known, he would not tell or deliver them up. Newton and Blucher made no reply. Brooks was reinforced by one hundred men, under Capt. Gibbons, of Perry county to-day.

CHIEF JUSTICE McCLURE.

to-day had a writ served on Generals Churchill and Blucher, commanding them to produce the bodies of Messrs. Bennett and Seale, associate justices of the supreme court, whose arrest was mentioned yesterday. These officers replied by stating that martial law prevailed in Pulaski county at this time, and they knew of no orders except those which came from their superiors.

ADVISED FROM WASHINGTON.

Senator Clayton applied to the president for the use of federal troops in searching for the two judges, but the president declined to let them be used for that purpose. A few days ago the Baxter side sent to St. Louis to have a duplicate seal of the state made. The seal was forwarded yesterday by express. This morning the express agent had time to deliver it a square of Brooks men entered the office, and captured the seal. Considerable activity prevails on both sides to-night. Sentinels are doubled around Baxter's headquarters and a general military air pervades everything.

THE FLOOD.

MEMPHIS, May 6.—It is proper to repeat the statement sent in these dispatches that there is no suffering or destitution above Napoleon which has not or is not being relieved, and care should be taken to send supplies to responsible parties at the depots already established below that point, in order that they may be properly distributed. Planters from below were in the city to-day trying to procure hands, who confirm the previous statement in regard to a large number of colored hands refusing to work on the levees, thinking the government will provide for them.

NEW ORLEANS.

NEW ORLEANS, May 6.—Mr. A. P. F. Mardis, writing to the Freycinet, from Black River, says the country is submerged deeper than it was in '67. Among the people there has been great privations, and in some instances suffering. "Picture to your mind the condition in our locality, when helpless widows and children are compelled to fight against starvation with a half a loaf of corn a day. After mentioning other cases of destitution, the writer concludes: "But for the timely arrival of supplies from the relief committee of New Orleans, the suffering would have been intense. It thrills me with horror to contemplate what our condition would have been had not the heavy-hearted charity reached us in time. May the donors know what it is to want. If they could witness the effect of their noble acts they would fully realize that it is more blessed to give than receive."

NASHVILLE.

NASHVILLE, May 6.—A special to the Nashville paper, from Columbus, Tenn., at 11:30 last night, says: "There is great excitement here to-night over an outrage committed by a negro named Merritt Forbes, upon the person of a young lady, whose name is withheld by request of her friends. The villain met her on the outskirts of the city, about 9 o'clock, and accomplished his purpose before the neighbors, who had been aroused by her screams, could go to her assistance. Merritt Kelly will be hung in this city next Friday, for the crime of rape on a white woman, committed about two years ago. Sheriff Whitworth has made all the necessary preparations. The gallows is erected in the bottom, just outside the city limits, to the left of the Murfreesboro pike, between two hills, from which ten to twenty thousand people can witness the execution."

THE POLES.

PHILADELPHIA, May 5.—A mass meeting of Poles was held, at which resolutions were adopted for the formation of an organization to be known as the "Polish Organization in America," for the purpose of mutual protection and assistance in order to aid Polish immigrants. Address in commemoration of the anniversary of the adoption of the Polish constitution of May 3, 1791, were made by distinguished speakers, and a committee was appointed in reference to the centennial exhibition in Philadelphia.

Further operations were stopped by the approach of the guard. Purdon's brother is here to-day up things.
