PARAGRAPHS.

—It would have been better for Sheridan had he been "twenty miles away."—*Boston Post.*

—A countryman in Boston paid $200 to see King Kalakaua. He paid it to a pickpocket.

—A suspicious young lady said to her lover, "I have no doubt you peddle out my kisses among other young ladies."

—The headquarters of the army are at Washington; its hindquarters are in St. Louis; it has "put its foot in it" in New Orleans.

—Mr. Tilton has three or four hundred unanswered applications for locks of his hair. The fair solicitors are requested to exercise patience until he can get time to start a jute factory.—*Brooklyn Argus.*

—A little girl, four years old, created a ripple by remarking to the teacher of her Sunday school class: "Our dog's dead. I bet the angels was scared when they see him coming up the walk. He's cross to strangers."

—*Kladderadatsch* (the Berlin *Punch*) represents the leading ultramontane members of the German Parliament in jackets, saying that they have resolved to give the lie to Prince Bismarck, who stated that Kullman held fast by their coattails.

—The *Staats Zeitung* is laboring to dissipate the common (though erroneous) opinion that the Germans have no conception of a joke. An Indiana paper having said of Governor Allen that, "Every time he opens his mouth he puts his foot in it," the *S. Z.* translates it thus: "It is said that every time Herr Allen speaks he puts his foot in his mouth."—*Chicago Post.*

THE NEW WALTHAM!

The past twelve months at the Waltham Watch Factory have been the busiest in the Company's history. Several wholly new stem-winding watches have been produced, and great improvements have been effected in the manufacture of all variety of their standard watches, until now they include every size in both key and stem-winding, that can be desired, of every quality and of every price. At the same time new inventions in machinery, and other large economies, have cheapened the cost, so that at present it is not too much to claim that the Waltham Watches are the best and cheapest watches in the world. These claims are, in fact, almost everywhere admitted. In this country it is a matter of fact that hardly any fine American watches are sold but those of the Waltham make, while orders are now regularly received from England, Australia, and the British Possessions generally, and foreign countries are abandoning the hand made productions of Switzerland and England, and eagerly adopting American machine made Waltham watches in their place.

Buyers of silver watches should be careful to observe the stamp of the Company on the case, as well as on the movement, as the Waltham Watch movements are frequently put into cases which are inferior both in quality of metal and workmanship.

For sale by all leading jewelers.

THE BULLETIN

THE CAIRO BULLETIN.

Leading Journal of Southern Illinois.

The Bulletin

Will steadfastly oppose the policies of the Republican party, and refuse to be trammelled by the dictation of any clique in the Democratic organization.

It believes that the Republican party has fulfilled its mission, and that the Democratic party as now organized should be restored to power.

It believes the Radical tyranny that has for several years oppressed the South should be overthrown and the people of the Southern States permitted to control their own affairs.

It believes that railroad corporations shou'd be prohibited by legislative enactments from extorting and unjustly discriminating in their business transactions with the public.

It recognizes the equality of all men before the law.

It advocates free commerce: tariff for revenue only.

It advocates resumption of specie payment, and honest payment of the public debt.

It advocates economy in the administration of public affairs.
