The Bulletin.

Announcements.

Judge of Circuit Court:

We are authorized to announce the name of Andrew D. Duff, of Jackson County, as candidate for judge in the first judicial circuit, as organized by the act of the general assembly, approved June 2, 1877, and composed of the counties of Alexander, Hardin, Franklin, Jackson, Massac, Pope, Pulaski, Saline, Union and Williamson. Election first Monday in August, A. D., 1877.

We are authorized to announce the name of John Dougherty, of Union County, as candidate for judge in the first judicial circuit, as organized by the act of the general assembly, approved June 2, 1877, and composed of the counties of Alexander, Hardin, Franklin, Jackson, Johnson, Massac, Pope, Pulaski, Saline, Union and Williamson. Election first Monday in August, A. D., 1877.

To the voters of the first judicial district, composed of the counties of Franklin, Saline, Hardin, Pope, Massac, Pulaski, Alexander, Union, Jackson, Williamson and Johnson, with the approval of many friends, I hereby announce myself a candidate for Judge of the circuit court, under the act of the general assembly, approved June, 1877, at the election, on the first Monday in August, 1877.

FRANCIS M. YOUNGBLOOD.

ANNOUNCEMENTS.

County Clerk.

We are authorized to announce Samuel J. Humm as a candidate for the office of County Clerk at the election to be held November 4th, 1877.

WHAT OF THE FUTURE?—HERE AND EVERYWHERE.

The people of Cairo are the most hopeful class of human beings on the face of the earth. Neither fire, financial panics, nor threatened floods nor pestilence, brings despair to even the most faint-hearted. Disappointment has followed disappointment, but hope has ever been a sheet-anchor which held them in good heart.

The hope of an early dawn of a more prosperous era, that now inspires them, is, we believe, founded upon a rock. Its full fruition will not long be delayed, if all the signs that now point in that direction are not most grievously at fault.

Although scarcely recovered from the shock of the great strike, the business of the country is rapidly assuming a healthier tone. The crops of grain and fruits were never more abundant, and not for many years have prices afforded the farmers more remunerative returns. Through this channel money is flowing from the money centers of the country into the hands of the people. Hence we hear, on every hand, the notes of busy preparation for increased activity in all the departments of industrial and commercial life. And much can be augured from the better feeling and increased confidence of the people. Everybody seems inspired by a well settled conviction that six months will not elapse before all branches of trade and industry will become active and prosperous; and no where is this conviction more general or firmly fixed than among the people of the Mississippi valley.

By the application of wholesome Democratic policies to the South all disturbances and convulsions there have ceased, and white and black men alike, according to the means at their command, are bending their energies to the cultivation of the soil, and the upbuilding of their prostrated and shattered industries. Before the advent of winter the harvest of this effort will be gathered, and the South, for the first time in many years, will have of the world's goods, enough for themselves and abundance to spare.

And the Northwest is one grand granary. From the present grain crop of Illinois, every man, woman and child in the United States might be furnished a bushel of wheat, and every inhabitant of Europe and America a bushel of corn! Iowa, Wisconsin, Kansas, and Minnesota, have not been less fruitful, if population is taken into account; and turn where you will in all that vast territory drained by the Missouri and Mississippi rivers, and plenty is the rule and failure the exception.

James B. Eads has cut an ample channel to the sea, and thus, (in the full effect of the term) rendered Cairo an "inland seaport." Cairo business men are not unmindful of the situation thus produced, and are preparing to take advantage of it. The Mississippi valley, in moving the immense surplus, will employ its own outlets to the ocean, and Cairo, the half way house, will of necessity, become a grand entrepot for the interchanging products of the lower and upper valley; and a grain market for both home and foreign buyers, of no mean importance.

And still other agencies are at work to bring Cairo out of the condition of comparative torpidity in which she and other cities have lain for five or six years past. A powerful organization of citizens is grappling with the tax problem which for years past has stood as an almost insurmountable obstacle to the growth of the city. There is reason to believe that the problem will be satisfactorially solved, and that the property and business of Cairo will thereafter bear no public burden, save such as will prove adequate to a healthy maintainance of municipal, county and state governments. This consummation once fixed, the great bar to investment of capital in Cairo realty will be removed, and those who hold as well as those who buy a foothold in the city, will have no concern about realizing a fair return for its use, or their "money back," should they elect to sell again.

The assurance given by the general government that the erratic "father of waters" shall cease his inroads upon his banks, and leave our protective embankment unimperilled, is accepted by those who entertain a just estimate of Uncle Sam's integrity, as an absolute guarantee. Operations in that quarter will have so advanced by the first of March next, that the most timid of citizens will banish all visions of wrecked levees and inundated cities, and rest absolutely assured that our means of protection are ample, though all the waters of Lodore come tumbling down in one roaring volume.

More might be said, and much better said; but enough has been indicated to assure the general reader that whatever others may think, the people of Cairo begin to realize that a better era is dawning for the whole country, and that in the race for industrial, business and commercial thrift, Cairo people will not be laggards.

BEECHER.

The other day we referred to a telegraphic report of Beecher's sermon, in which it was stated that he had uttered the inhuman sentiments quoted below. At that time we did not believe it possible that any man would hold such opinions or so jest at the sufferings of the poor. It seems, however, that Beecher was really guilty of the utterances which the telegraph first announced. The New York *World* of the 23d of July says:

"The Rev. Henry Ward Beecher's discourse last evening was upon the riot growing out of the railroad strike. He wanted to know what right the workingmen, the members of those great organizations, had to say to any one, "You shall not work for wages which we refuse." They had a right to say to the employers, 'we will not work for you,' but they had no right to tyrannize over their fellow men. These men had put themselves in an attitude of tyrannical opposition to all law and order, and they could not be defended. The necessities of the great railway companies demanded that there should be a reduction of wages. There must be a continued shrinkage until things come back to the gold standard. It was true that $1 a day was not enough to support a man and five children, if a man would insist in smoking and drinking beer. "Is not $1 a day enough to buy bread?" continued Mr. Beecher. "Water costs nothing. Men cannot live by bread. It is true, but the man who cannot live on bread and water is not fit to live. When a man is educated away from the power of self denial he is falsely educated. A family may live on good bread and water in the morning, good bread and water at mid-day and bread and water at night. (Laughter.) Such may be called the bread of affliction, but it is fit that man should eat the bread of affliction."

LIFE INSURANCE.

The thinking people of the country are rapidly drifting toward the conclusion that our whole life insurance system is but a grand swindle. This impression is greatly strengthened by an exposure of the modus operandi by which the Charter Oak Life company "did it," and the history of the Charter Oak is nothing less, in the degree of its glaring villiany than the unwritten history of scores of other companies whose standing now is as the Charter Ork was, "unquestionably sound." A government system or bureau of life insurance should be established, and so hemmed 'round and about by laws of congress, that such villiany as marked the management of the Charter Oak, could never be repeated. We are not an advocate of a "strong" or centralized government; but we most openly and earnestly favor a government sufficiently strong to protect the poor people of the country, the widows and orphans, from legalized robbery under the guise of life-insurance. There are, however, safe and reliable life insurance companies; but the life insurance agents of Cairo, are among the few people of the country accessible to Cairo who know the names of those companies.

A JONESBORO correspondent of the St. Louis *Republican* believes that in the pending contest for the circuit judgeship of the district, Judge Duff will, on the choice of the people, that Union county will give him an almost unanimous vote and that Hon. F. M. Youngblood, despite the gallant fight he is making, will "get left." This may or may not be so. We can't tell; yet believe ourselves quite as competent in that regard as the correspondent of the *Republican*. Judge Duff may carry Union county, by a large majority; but Youngblood's majority in either Williamson or Franklin will offset it; and the vote in the other counties, with the possible exception of Jackson, will be close. Either candidate would do honor to the office, and as neither has a marked advantage of the other, either in his knowledge of the law, his moral purity or personal integrity, we refer to their candidacy here for the sole purpose of putting our speculations against those of the correspondent of the *Republican*, that the two may have, among the readers of the BULLETIN, an even "send off."

ALTHOUGH the present school law limits the levy of taxes for the support of public schools to two dollars on the $100, fully two-thirds of the school district of Alexander county make annual levies of from $2 50 to $4 00. Yet no portion of our taxes are paid more cheerfully than the school taxes. The only resistance made to the levy of this year, was against the tax imposed by the directors of one district in township 16, 1. As the levy in that district was about $9 50 on the $100, the party to whom five-sixths of the taxes were charged, determinedly remonstrated. It was the first time he ever "squirmed" under a tax levy; but the demands of 16, 1, were a little "two steep" for human endurance. A levy of school tax in excess of two dollars, must be for building purposes and authorized by a vote of the people.

WE mean no offense. We simply want to ask a question. The question is this: How was it that until after Col. S. S. Taylor retired from the mayorality, the corporation taxes of Cairo never exceeded one-half of one per centum, or fifty cents on the $100? He built sidewalks, laid down sewers, ran a pump, maintained in harmonious order all the machinery of the city government, and taxed people only $5 on the $1,000. The tax last year was $2.40 on the $100; this it is $2.07. We make this inquiry in no spirit of fault finding, for we hold the present government to be an economical one. We simply don't know where the difference "comes in," and ask for information.

EXCEPTING here and there a small squad of strikers holding out, the great strike is over, and on all the leading roads the old employes have returned to work. The situation at East St. Louis yesterday was much improved, nearly all the men on the numerous roads centering there having returned to their work, and trains, both passenger and freight, were running as before the trouble. At nearly all other places a like condition of affairs exist, and it is now certain that the strike is at an end.

THE yield of the late varieties of peaches in this section of the country, this year will be simply tremendous. Hundreds and thousands of trees are breaking down under their great loads of fruit, notwithstanding the measures to prevent it. It's sad. We never contemplate the loss of peaches without giving a thought to old Jake Zimmerman. He might have made such soul-electrifying peach brandy out of 'em.

Obstruction of Railways.

THE LAW OF ILLINOIS CONCERNING WILFUL INTERUPTIONS OF RAILROAD TRAFFIC.

The following are the sections of general interest of the Illinois draft law drafted and passed in the interest of farmers to prevent the obstruction of railroad traffic:

1. If any locomotive engineer, in furtherence of any combinat on or agreement, shall willfully and maliciously abandon his locomotive upon any railroad at any other point than the regular schedule destination or such locomotive, he shall be fined not less than $20 nor more than $100, and confined in the county jail not less than 20 days nor more than 180 days.

2. If an person or persons shall willfully and maliciously, by any act or by means of intimidation, impede or obstruct, except by due process of law, the regular operation and conduct of the business of any railroad company or other corporation, firm, or individual in t is State, or of the regular running of any locomotive, engine, freight or passenger train of any such company, or the labor and busine s of any such coporation, firm or individual, he or they shall, on conviction thereof be punished by a fine of not less than $20 nor more than $200, and confined in the county jail not less than 20 days nor more than 90 days.

3. If two or more persons shall willfully and maliciously combine or conspire together to obstruct or impede, by any act, or by means of intimidation, the regular operation and conduct of the business of any railroad company, or any other corporation, firm, or individual in this state, or to impede, hinder, or obstruct, except by due process of law, the regular running of any locomotive, engine, freight or passenger train on any railroad, or the labor or business of any such corporation, firm, or individual, such person shall, on conviction thereof, be punished by a fine of not less than $20 nor more than $200, and confinement in the county jail not less than 20 days nor more than 90 days.

The Cleveland Convention.

PROBABILITY OF TAFT'S NOMINATION—ENDORSEMENT OF HAYES.

CINCINNATI, July 31.—Reports from Cleveland and other parts of the state to-night show that the feeling in favor of Taft as the Republican nominee for Governor is increasing. Unless there is a decided change in the feeling or something further in the way of a positive refusal from Mr. Taft, there is now little doubt of his nomination. Should he refuse, however, and a second choice be forced upon the convention, that choice will probably be between West and Ex-Governor Dennison. The platform will, it is now believed, contain an endorsement of the administration, but probably so skillfully framed and in such general terms as to omit special reference to the southern policy. It will doubtless declare for the silver dollar, and there will probably be an effort to insert a plank suggesting to congress the postponement of resumption in '79, but from present indications this effort will hardly succeed.

Ninety Days in Jail.

THAT'S WHAT THEY GET FOR INTERFERING WITH A RECEIVER'S RAILROAD.

SPRINGFIELD, ILL., July 31.—Twenty-six strikers, charged with a contempt of court by interfering with the trains of the Indianapolis, Bloomington and Western Railway, a company in the hands of a receiver, had an examination to-day in the federal court. Their main offense consisted in the adoption of a resolution that no trains of the company would be allowed to depart from Urbana, Champaign county, where the strikers had gathered, unless the pay of brakemen and switchmen was restored to its former figures. Judge Treat sentenced them to ninety days' confinement in the county jail.

Administrator's Sale.

Public notice is hereby given that in pursuance and by virtue of a certain order, judgment and decree of the county court of Alexander county, state of Illinois, made and entered at the February term of said court, A. D. 1876, upon the application of the undersigned as administrator of the estate of Lewis Jorgensen, deceased, to said court for leave to sell real estate of the said estate to pay the debts of said estate, I will as such administrator, on Tuesday, July 31th, 1877, at the hour of two o'clock in the afternoon, at the front door of the court house in the city of Cairo, in said county and state, offer at public sale to the highest and best bidder the following described real estate namely: The east half of the northeast quarter of section four (4), in township No. seventeen (17), south range No. two (2) West of the 4 principal meridian, in said county, also in street lots, Nos. one (1) to twelve (12), both inclusive, and Nos. thirty-seven (37) to forty (40), both inclusive, in block No. thirteen (13) in the fourth (4th) addition to said city of Cairo, as the said lots are designated and described on the recorded map or plat of said city, also lot No. twenty-four (24), in block No. fifty-five (55), in the first addition to said city of Cairo, and also lots thirteen (13) and fourteen (14), in block No. seventeen (17), in the city of La Salle, in the county of La Salle, and state aforesaid. Said real estate is to be sold for the payment of the debts of the said estate, and the same will be sold for one-half cash in hand and the balance in six and twelve months. With good personal security and a mortgage, or sale mortgage, on the premises sold to secure balance of the purchase money.

HORACE WARDNER,

CENTAUR LINEMENTS.

One thing is now thoroughly established. Never since man suffered and human agencies alleviated pain, has there been anything which went so far as a pain annihilator and curative agent as the Centaur Liniments. These Liniments have within the past year cured more cases of Rheumatism, Neuralgia, Stiff joints, Caked Breasts, Swellings, Poisonous Bites, Lame Animals, etc., than all others remedies combined. As the name of centaur implies half horse and half man, thebe name the Centaur Liniments are for man and beast. But not the same Liniment. The White Liniment is for man the yellow for horse and animals. Herein this Liniment differs from other remedies, although some of the ingredients are alike in each. They contain the well-known witch hazel, arnica, carbolic, rock oil, mentha and other powerful ingredients.

Wm. H. Hickey, rector of St. John's church, Wakefield, Clay county, Kansas, writes: "Many years have I been suffering from a weak back, caused from a sprain more than 40 years ago. I have not found anything to relieve me until I commenced the use of Centaur Liniment. I feel it my christian duty to inform you that by its wonderful effects I am entirely relieved of pain. January 22d, 1877.

Messrs. J. McClure & Co., druggists, Cincinnati O., says:

"Teamsters pronounce the Yellow Centaur Liniment superior to any thing they have ever used. We sell several dozen bottles every month, and the sale is steadily increasing."

These are only samples of thousands upon thousands of similar testimonials reaching us every month. All the extracts, embrocations, salves and liniments in existence are not doing one-tenth the good which is done by these admirable Centaur Liniments. For frost bites, stings, cuts, itch, salt rheum, etc., nothing is like the Centaur Liniment, white wrapper. For spavin, ring bone, Sweeny, wind galls, poll evil, scratches, etc., on horses the yellow Centaur Liniment is equally good. They are certain in their effects, they are pleasant to use, they are handy and they are cheap. No family should be without Centaur Liniments. They are worth one hundred times their cost.

J. B. ROSE & CO., 46 Dey street, New York.

Castoria.

Mothers will have rest and their babies may have health, if they will use Dr. Pitcher's Castoria for Wind colic, worm, feverishness, sour mouth, sprue or stomache complaints. It is entirely a vegetable preparation, and contains neither mineral morphine, nor alcohol. It is as pleasant to take as honey, neither gags nor grips, and is superior to any remedy in existence.

Dr. E. Dimoch, of Dupont, Ohio, says:

"I am using Castoria in my practice with the most signal results, and find it a perfect substitute for Castor Oil."

This is what every one says. Many nurses in New York use the Castoria. It is prepared by Messrs. J. Ross & Co., successors to Samuel Pitcher, M.

CHANCERY NOTICE.

State of Illinois, County of Alexander
Circuit court of Alexander county, September term, A. D. 1877.

Edmund K. O'Brien vs. Edmund B. Garaghty, Eugene Garaghty, Jacob H. Burrough, Josephine Garaghty, B. Slevin and J. Slevin. Bill in Chancery.

Affidavit of the non-residence of Jacob Burrough, Eugene Garaghty, B. Slevin and J. Slevin of the defendants above named, having been filed in the office of the clerk of said Circuit court of Alexander county, notice is hereby given to the said non-resident defendants, that the complainant has filed his bill of complaint in said court on the chancery side thereof on the first day of May, A. D. 1877, and that a summons thereupon issued out of said court against said defendants, returnable on the third Monday of May, A. D. 1877, as is by law required. And an order having been entered of record in said court at the May term 1877, thereof, that said cause stand continued, with order of publication. Now, therefore, unless you, the said Jacob H. Burrough, Eugene Garaghty, B. Slevin and J. Slevin shall personally be and appear before the said Circuit court of Alexander county on the first day of the next term thereof, to be holden at the court house in the city of Cairo in said county, on the first Monday of September A. D. 1877, and plead, answer or demur to the said complainant's bill of complaint, the same, and the matters and things therein charged and stated will be taken as confessed, and a decree entered against you according to the prayer of said bill.

JOHN A. REEVE, Clerk.
JOHN H. MULKEY, Complainant's Solicitor.

CAIRO DRIVE WELL.

Medicated Vapor Baths

A thorough quantity and quality analysis by

PROFESSOR E. S. WAYNE,

Of Cincinnati sufficiently establishes the fact that in all essential medicinal properties the

WATER OF THE CAIRO DRIVE WELLS

Is almost Identical with that of the Famed Hot Springs of Arkansas.

The Drive Well Water carrying all the carbonate of iron or chalybeate properties that it can hold in solution. Hence, by heating this water and throwing its vapor, charged with such medicaments as the case in hand may require, directly upon the body or the diseased portion of the patient, we are through the process of absorption enabled to produce all the effects that are effected by the waters of the Hot Springs in one-half the time and at least one-half the expense—rescuing the patient from the perils of a long and exhausting trip, and from the ignorance, imposition and robbery inseparable from a visit to and a protracted stay at the above said springs.

It is now conceded that these vapor baths are the most thorough and rapid blood purifiers known to the world. They remove by agreeable processes and with amazing swiftness and certainty, all impurities from every fiber and tissue of the system; restore functional and organic power, and in place of inquietude, lassitude and physical exhaustion, give health, strength, energy and vigor to both mind and body.

Their restorative and curative powers are especially made manifest in diseases of a chronic character. Erysipelas, Dropsy, Rheumatism, Jaundice, Catarrh, protracted Chills and Fever, Female Irregularities, Syphilis, scrofula and all diseases of the skin and blood.

This process is pleasant and agreeable, and is always carefully adapted to the strength and condition of the patient.

Having fitted comfortable rooms, with all needful appliances, patients can rely upon attentive, courteous and scientific treatment.

Lady patients, for whose ample protection has been made, will be attended by competent female assistants.

A. LOWER, M. D.

Nos. 59 and 37 Tenth street, between Washington and Walnut

CAIRO, ILLS.

NOTE.—This wanter contains 3.20 grs iron to 1 gallon Hot Springs water but 1.5 to 12 gallons.

CAIRO, ILLS. July, 20th 1877.

I have this day leased my bath rooms and fixtures to Dr. A. Lower, of Hot Springs, Ark. The Doctor having spent several years at Hot Springs is well posted in all those diseases to which the waters are applicable, and patients may rely upon his long experience and attention.

Dr. D. ARTER.

Dr. Whittier,

617 St. Charles street, St. Louis, Mo.

A regular graduate of two Medical Colleges, has been longer engaged in the special treatment of all Venereal, Sexual and Chronic Diseases than any other Physician in St. Louis, as city papers show, and all old residents know.

Syphilis, Gonorrhœa, Gleet, Stricture, Orchitis, Hernia, or Rupture, all Urinary Diseases and Syphilitic or mercurial affections of the throat, skin or bones, are treated with unparalleled success, on latest scientific principles. Safely, Privately.

Spermatorrhœa, Sexual Debility and Impotency, as the result of Self-abuse in youth, sexual excesses in maturer years, or other causes, and which produce some of the following effects: Nervousness, seminal emissions, debility, dimness of sight, defective memory, pimples on the face, physical decay, aversion to society of females, confusion of ideas, loss of sexual power, etc., rendering marriage improper or unhappy, are permanently cured. Pamphlet (56 pages) relating to the above, sent in sealed envelope, for two postage stamps. Consultation at office or by mail free, and invited, a friendly talk or blue pill or nauseating dose nothing. When it is inconvenient to visit the city for treatment, medicines can be sent by express or mail everywhere. Curable cases guaranteed, where doubt exists it is frankly stated. Office hours: 9 A. M. to 1 P. M. Sundays, 12 M. to 1 P. M.

Pamphlet, to any address, for Two Stamps

MANHOOD All about it, sent by mail for 10 cents.
WOMANHOOD Every woman should read it. 10 cents.
Sent sealed, all three, for 20 Cents.
Manhood and Womanhood in German, both together, Illustrated, 15 Cents.

MARRIAGE GUIDE. 280 PAGES. FINE PLATES.

Elegant cloth and gilt binding. Sealed for 50c. Over fifty wonderful pen pictures, true to life; articles on the following subjects: Who may marry, who not, why. Proper age to marry. Who to marry. How. Manhood, Womanhood, Physical decay. The effects of celibacy and excess. Who should marry. How life and happiness may be increased. The Physiology of Reproduction, and many more. Those married or contemplating marriage should read it.

After a life-long practice, I assert from human as well as moral conviction, it ought to be read by all adult persons, then locked up, not laid around or lost, as it is worthy of re-reading. It contains the cream of medical literature, thoughts gathered in an extensive practice, and worth to any one who will give it a careful perusal, ten times its costs.

Popular Edition, same as above, but paper cover, 265 pages, 25 cents by mail. Cheapest good guide in America. For either address, enclosing amount,

DR. WHITTIER,
617 St. Charles street, St. Louis, Mo.

DR. WHITTIER,

617 St. Charles Street,

Treats all forms of Venereal Diseases, Seminal Emissions and Sexual Debility, with unparalleled success. No matter who failed, call or write; pamphlet or consultation free. Can refer to the medical profession in all parts of the Country.

Ayer's Sarsaparilla

For Scrofula, and all scrofulous diseases, Erysipelas, Rose or St. Anthony's Fire, Eruptions and Eruptive diseases of the skin, Ulcerations of the Liver, Stomach, Kidneys, Lungs, Pimples, Pustules, Boils, Blotches, Tumors, Tetter, Salt Rheum, Scald Head, Ringworm, Ulcers, Sores, Rheumatism, Neuralgia, Pain in the Bones, Side and Head, Female Weakness, Sterility, Leucorrhœa, arising from internal ulceration, and uterine disease, Syphilitic and Mercurial diseases, Dropsy, Dyspepsia, Emaciation, General Debility, and for Purifying the Blood.

This Sarsaparilla is a combination of vegetable alteratives—Stillingia, Mandrake, Yellow Dock—with the Iodides of Potassium and Iron, and is the most efficacious medicine yet known for the diseases it is intended to cure.

Its ingredients are so skilfully combined that the full alterative effect of each is assured, and while it is so mild as to be harmless even to children, it is still so effectual as to purge out from the system those impurities and corruptions which develop into loathsome disease.

The reputation it enjoys is derived from its cures, and the confidence which prominent physicians all over the country repose in it proves their experience of its usefulness.

Certificates attesting its virtues have accumulated, and are constantly being received, and as many of these cases are publicly known, they furnish convincing evidence of the superiority of this Sarsaparilla over every other alterative medicine. So generally is its superiority to any other medicine known that we need do no more than to assure the public that the best qualities it has ever possessed are strictly maintained.

CHANCERY NOTICE.

State of Illinois, County of Alexander, ss.
Circuit court of Alexander county, September term, A. D. 1877.

Frederick Kornmeyer, vs. John G. Harris, Peter Howe and Wm. Hallida. Bill in Chancery.

Affidavit of the non-residence of Robert Hall and Wm. Hallida, two of the defendants above named, having been filed in the office of the clerk of the circuit court of Alexander county, notice is hereby given to the said non-resident defendants, that the complainant has filed his bill of complaint in said court on the chancery side thereof on the first day of May, A. D. 1877, and that a summons thereupon issued out of said court against said defendants, returnable on the third Monday of May, A. D. 1877, as is by law required. And an order having been entered of record in said court at the May term, A. D. 1877, thereof, that said cause stand continued, with order of publication. Now, therefore, unless you, the said Robert Hall and Wm. Hallida, personally be and appear before the said Circuit court of Alexander county on the first day of the next term thereof, to be holden at the court house in the city of Cairo, in said county, on the first Monday of September A. D. 1877, and plead, answer or demur to the said complainant's bill of complaint, the same, and the matters and things therein charged and stated will be taken as confessed, and a decree entered against you according to the prayer of said bill.

JOHN A. REEVE, Clerk.
MULKEY, LINEGAR & LOGAN, Complainant's Solicitors.
Cairo, Ills., July 15th, A. D. 1877. 6w.

NON-RESIDENT NOTICE.

State of Illinois, County of Alexander, ss.
In the Circuit Court, September term, 1877.
Fleming and Lacey for use of Henry Weinmeyer, vs.
Henry R. Payson and Ferdinand E. Carla Hall of H. R. Payson & Co., garnishee.

Affidavit having been filed in the office of the clerk of the said court that Henry R. Payson one of the absent named defendants has departed from the State of Illinois, so that the said Henry R. Payson and are hereby notified that a certain writ of garnishee for the sum of $ and costs issued out of said court in said cause against you, returnable on the first Monday in September next. Now, unless you, the said Henry R. Payson shall personally be and appear before said court on the first Monday in September next and there show cause if any you have, to the contrary, final judgment will be entered against you for said sum and costs of suit. JOHN A. REEVE, Clerk.

FITS EPILESY

OR

FALLING SICKNESS

Permanently cured—no humbug—by one month's usage of Dr. Goulard's Celebrated Fit Powders. To convince sufferers that these powders will do all we claim for them, we will send them by mail, post paid, a free trial box. As Dr. Goulard is the only physician that has ever made this disease a special study, and as to our knowledge thousands have been permanently cured by the use of these powders, we will guarantee a permanent cure in every case, or refund you all money expended. All sufferers should give these Powders an early trial, and be convinced of their curative powers.

Price, for large box, $5, or 4 boxes for $10, sent by mail to any part of United States or Canada on receipt of price, or by express, C. O. D. Address,

ASH & ROBBINS,
