Brief Local.

The election is over, and now let all hands settle down to business again.  
The roads, under the influence of the wind and warm sun, will soon be in good condition again.

The entertainment last evening at the residence of W. B. Gilbert, Esq., was unusually well attended. The evening's entertainment was entered into with pleasure by all present.

Mayor Winter has notified the members of the city council and city officers to meet at his office at 9:30 o'clock this morning, where they will proceed in a body to pay their respects to Capt. Jas. B. Eads. Those citizens desiring to join the party are invited to do so.

The city council met last night, His Honor, Mayor Winter and Messrs. Rittenhouse, Wright, Lancaster and Thistlewood being present. There being no quorum present, on motion of Alderman Rittenhouse, the meeting was adjourned until 7:30 o'clock this evening.

Mrs. S. Williamson is marking down her goods, and is now selling straw hats at prices lower than ever. She is now offering hats which heretofore sold at 75 cents to one dollar, for 50, 40 and 30 cents, and all other goods in proportion. Her stock of flowers is very large and range from 10 cents to \$3 in price. The price for pressing and remodelling straw hats has been reduced from 35 and 50 cents to 20 and 30 cents. Mrs. W. invites all inspection of her goods and prices.

Dr. Chaplin, of Austin, Texas, preached last night at the 1st Baptist church to a very large and attentive congregation. His sermon was eloquent, pathetic and effective, and was highly appreciated, and there was one addition to the church. After the services were over the members stood around their old pastor and such a hand-shaking and joyful welcome was never witnessed here before. It was a source of great pleasure indeed to the doctor to know that he was so affectionately remembered by his old friends, and his emotion was plainly visible. He has done good service here in the cause of the church, and his work will long be remembered by all good people among us.

We clip the above from the Paducah Daily News. It is expected that Dr. Chaplin will arrive in Cairo to-day, en route to Texas. Should he be unable to make the southern connection he will attend the prayer meeting at the Presbyterian church to-night.

Harry Robinson's Minstrels.  
This, the best troupe of all the first-class minstrel organizations extant in this country, will visit Cairo on next Tuesday evening, November 13th. Harry Robinson's troupe has no equal. It is the minstrel troupe of America. This following is what the Kansas City Times of October 1st say of this excellent combination:

Harry Robinson's Minstrels now stand at the head of that particular line of business. This combination ranks in popular favor with the best in the land. It is today where Duprez & Benedict's, Cal. Wagner's, Skiff & Gaylord's standard combinations stood three or four years ago. This combination contains an array of burnt cork talent which has never before been excelled and seldom rivalled. Every act is new, every song is a novelty, each joke is a good one and each sensation is a pleasant surprise. A better combination of novel and amusing minstrelsy has never been welcomed to Kansas City. It would be tedious to enter into particular details as to last night's performance. It is so seldom that a minstrel troupe presents anything startlingly new that a mention of any particular act or scene would be regarded as superfluous praise; but it might be as well to remark here that the music is superb, that the five statue clog dances are brilliantly pretty, and the baby elephant scene is worth going a day's journey to see. It is seldom the Times awards unreserved praise to a minstrel combination, but Harry Robinson's troupe certainly deserves all that has been said. It is some satisfaction to remark, in conclusion, that by particular request the minstrels will remain here to-day and give a new programme this evening at the Opera House.

With medicated baths, would invite the attention of the sick, and those suffering with chronic diseases, nervous debility, exhaustion of vital power, neuralgia, paralysis, female complaints, catarrh and all impurities of the blood. Her system of treatment is pleasant and soothing, no shocks are given; she has been very successful for a number of years, and she does not hesitate to warrant a cure, where there is any constitution to build upon.

The Election.

The election yesterday passed off quietly, there not being the slightest disturbance of any kind at any of the polls. The vote cast was large, and owing to the large number of candidates in the field, the counting of the votes was slow and tedious. Below we give the vote of South Cairo precinct: In North Cairo at 2 o'clock this morning not more than half the votes had been counted, and it was evident that it would be 8 or 9 o'clock before the tally sheets could be made up. Tomorrow morning we hope to be able to give the full vote of the county.

Rev. C. C. Chaplin.  
The Baptists of the village of Paducah are now holding a series of revival meetings, which are proving very successful, and the interest in them seems not yet to have reached its zenith. Rev. C. C. Chaplin, who a few weeks ago conducted a series of meetings here, is now in Paducah and has preached a number of sermons there. The News of that town, referring to Mr. Chaplin's presence, says:

The interest of the occasion has been greatly enhanced by the presence and preaching of Rev. C. C. Chaplin, formerly pastor here, but now of Austin, Texas, where he has a fine church and a large and intelligent congregation, including the governor of the state.

Brother Chaplin has been most warmly welcomed by his old friends and the Baptists here, as much so, perhaps, as any person who ever went away from the city and returned. His visit has been an ovation, the citizens generally seeming to vie with each other in expressions of pleasure at seeing him again and making him feel perfectly at home. He has amply repaid the hospitality by preaching ably and eloquently in the cause and carrying them back to by-gone days when he conducted a revival here and his devotion in preaching every night for three months. He addressed congregations yesterday morning and night, which crowded the house to repletion, many standing throughout the services. We wish the church and pastor all success in their efforts, and our friend Dr. Chaplin a pleasant visit and a safe and happy return to his people and his family.

A Surprise Party.  
We learn that our Methodist friends treated their minister, Rev. Mr. Morrison, and his estimable lady real badly last evening. Mr. and Mrs. Captain G. D. Williamson had called at the parsonage to spend the evening, and while the conversation was progressing there came a ring at the door, which, when answered by the reverend gentleman disclosed a large company of people who advanced by couples and literally "took" the place. Each arm bore a small package of something eatable which was deposited in the dining room, which, before the surprised host and hostess could understand what was really in the wind, was full of packages of all kinds, ranging in size from a tooth pick to a barrel of flour. Mr. Morrison and family only moved into the parsonage last week, and the visit last night was a veritable "housewarming" and a most complete surprise.

Mrs. L. J. Speers,  
No. 118 Commercial Avenue, Winter's Block, calls the attention of the ladies to her large stock of fall and winter millinery, of the latest designs, which she is daily receiving from New York and Philadelphia, On

MONDAY, OCTOBER 22,  
she will hold her  
GRAND OPENING,  
continuing one week, and wishes all the ladies to call and examine her goods. As her stock is large and complete visitors can rest assured of finding her stock to suit the most fastidious, and she will take special orders for anything that may not be in stock. Oct-14m

RIVER IMPROVEMENT.

Capt. Jas. B. Eads to Address the Citizens of Cairo To-Day at Ten O'clock at the Athenaeum.  
Let All Classes of Citizens Turn Out to Hear Him.  
Mayor Winter, at a late hour last evening, sent us the following for publication: MISSISSIPPI RIVER IMPROVEMENT.

Capt. James B. Eads will address the business men and the citizens in general this morning at 10:30 a. m., at the Athenaeum, upon the subject of the improvement of the Mississippi river, a subject in which we are all interested. I would therefore request that the business men, the laborer and all other classes of our citizens to turn out and hear the remarks of our distinguished visitor.

HENRY WINTER, Mayor.  
CAIRO, Nov. 6, 1876.  
The subject of the improvement of the Mississippi river is of vital importance to the people of Cairo. In fact we may say that the future of Cairo depends, in a great measure, upon the work to be done in this respect. Capt. Eads has demonstrated to the world that his ideas of river improvement are the correct ones. The jetties at the mouth of the Mississippi are an assured success; and it is now in order to urge—not only urge, but demand the improvement of the Mississippi from St. Paul to the Gulf. Capt. Eads will address our citizens upon this subject. Every citizen of Cairo has an interest in this matter. Let all turn out and hear him.

There is Danger Ahead.  
When those usually active little organs, the kidneys are neglected of their duties and grow sluggish, fatty degeneration, Bright's disease, diabetes, and other dangerous maladies, are the result of neglect to remedy this inactivity by medicinal means. When the all important functions of the kidneys are imperfectly discharged, those organs need stimulating, and the best possible agent for that purpose—since it performs its office without exciting them—is Hostetter's Stomach Bitters, which, in combination with its tonic and cathartic properties, possesses valuable qualities as a diuretic. Both kidneys and bladder are strengthened by it, and the vigor which it imparts to them, and the gentle but effectual impulse which it gives to their operations, is the best possible guaranty against their becoming diseased. The Bitters are invaluable in other respects as well as the above, since they remedy general debility, ureters troubles, chills and fever, dyspepsia, constipation, gout, rheumatism, and other ailments.

Personal.  
We were pleased yesterday to receive a call from Mr. E. W. Gortchold, advance agent for Mr. Harry Robinson's celebrated minstrel combination. Mr. Gortchold is an honorable gentleman, and represents the best and most perfect minstrel combination in America. This, we know, is saying a good deal, but we have reason to believe every word of it. The company will visit Cairo on next Tuesday evening, and between now and then we shall take occasion to say more of the merits of this unrivalled troupe.

Judge Bross left the city last evening on a business trip in the south. He will be absent some considerable time.

Millinery and Fancy Goods.  
Mrs. C. McLean, Eighth street between Washington and Commercial avenues, is just in receipt of an elegant and complete stock of Millinery and Fancy Goods of every kind. Among other articles we may mention that she is selling fine black straw hats in all the latest styles at from 40 to 50 cents; elegant patterns at prices lower than was ever offered to the trade; flowers and feathers from 10 cents to \$1; silks and velvets in all the new shades at prices to suit. In the hosiery for ladies and children line her stock is not equalled by any other establishment in the city, and she asks the ladies to call and examine them before going elsewhere. Mrs. McLean will sell her goods of all kinds as cheap, if not cheaper, than the same kind of goods can be bought elsewhere in this market. She solicits an examination of her stock and prices, believing that she is prepared to please all whom may favor her with a call in both. Ladies desiring to have hats pressed can have the same done for from 25 to 35 cents. 5-7t

CITY COUNCIL.  
(Regular Meeting.)  
COUNCIL CHAMBER, CAIRO, ILL.,  
November 6th, 1877.  
Present—Mayor Winter and Aldermen Lancaster, Rittenhouse, Thistlewood and Wright—4.  
A quorum not being present, on motion of Alderman Rittenhouse, Council adjourned until Wednesday evening, the 7th inst., at 7:30 o'clock p. m.  
J. B. PHILLIS, City Clerk.

Intermittent Fever  
Is so common in the country as scarcely to need comment. The causes which produce it are such as cold, irregular living, over exertion, low spirits, night air, exposure to miasmatic exhalations, &c. In large cities where edge tools and agricultural implements are manufactured, the grinder protects his lungs from the injurious effects of the dust flying off the grindstone by wearing a respirator. The coal miner ere he descends the shaft provides himself with a safety lamp to guard against fire-damp. Now it is equally necessary for those who are brought in contact with any of the causes leading to intermittent fever, to provide themselves with that well known and highly esteemed remedy against it, the home stomach Bitters.
