He says that he has never known it to academy of music, Brooklyn, and now fall in effecting a cure of the most con-firmed cases of inebries. Now, who would ask for a more agreeable medi-"Two Padditoots" written ten years ago by I. M. Morton. This play was

course of preparation. Still the great S. F. T. P. O. C. T. A. philanthropist maintains that he never saw or heard of the play, and if his bears any resemblance to it, that resemblance is purely

coincidental. Another plagiaristic dispute concerns left the manuscript of a play founded on a French novel, with the manager of the theatre some time ago, and that he changed the title trom"Indiscretion" to "Ferreol," and put it on the stage. This controversy will come up in court, however, and until it does there is no necessity for more than merely outlin-

AMATEUR REVIVALISTS have not fallen through the wear and tear of time. A silent but effectual power has been the cause of this desnow. Brother Harrison, a canal boat captain, was sent to prison for trying to engraft the church militant upon his canal boat services. Brother Norris, another sea fairing man was stoned and beaten, and now Brother Jones who tried to exhort a crowd in the street, tells a horrowing story of abuse and maltreatment, at the hands of the and maltreatment, at the hands of the "boy of the period." These good brothers should remember that their chances of success are wonderfully small, unless they can manage to gilt-edge their unterplated by the stores from the inner root tell on the platform. Had they fallen a few minutes earlier the idols would have been and maltreatment, at the hands of the thorities, although I suppose that like of success are wonderfully small, unmost controversies of this nature, it less they can manage to gilt-edge their

#### AFTER SEVEN CENTU-The Indiana corresyondence of the London Times says:

An event of some importance recent ly occurred in connection with the "Ferreol," Saedou's new play that is now running at the Union Square.

Temple of Juggernaut. Throughout the whole of the empire there is no shrine so sacred as Pooree, and no spot where a devout Hindoo would rather where a devout Hindoo would rather die than beneath this great fane. The temple, which cost half a million sterling of the money of our times, is literally black with age. The storms of nearly seven centuries, which are often so violent in the Bay of Bengal, have produced little impression pon it, and until a few weeks ago it seemed as likely to remain as many centuries. likely to remain as many centuries more. Many of the large temples in the province are now in ruins, but they

shattered to atoms, and in all probabil ity there would have been great loss of life. The resident magistrate applied are the principal theatrical attractions to the Governor for an engineer to into the Governor for an engineer to in-spect the damage. This was found to be a very difficult task, as the temple is so dark. There are no apertures for the light; five or six lights are kept burning in the daytime; and even with these nothing is visible but the idols. It is but very rarely that tem-ples are repaired, and the sound of the chisel and the hammer on the top of this great temple will do more to weak-

#### Paper Barrels.

Brotherly, Love, people begin to look around for something to send them, in and say no more about it?

THE STORM YESTERDAY made so no of the most copious rainfalls that has come the first of the centennial; that has come the centennial; that has come the first of the centennial; that the first of the centennial; that has come the first of the centennial; that has come the grounds, the properties of the grounds, the properties of the grounds, the properties of the develings, sardet, with a description of the entire small, from eight to two twe feet in diameter, and located about ten feet in the streets and avenues running the first of the exception of the develings, in the the city at right angles, and at proper distance, apart. The foundations of the develings, as to ability to burst, hav Another and more probable theory is the wooden barrel, as they roll at a

vanish on reflecting that the accumulated debris of ager has entombed these dwellings beneath the surface. Besides, on one side of the ancient city, there is still a lake or marsh, which at some remote period may have overflowed its banks, submerging portions of the site of the ancient city long after its extinction, and added its deposits to the accumulating debris. The site of the city is now covered with trees, mostly oak, of an ancient growth,

forts to stand up, and answered:
"Don't you know anything, you
numb-head you?"
"What is it, ice?" she asked.

"You don't suppose I'd fall down on sand, do you?" he shouted. "I was go-

ing-gowns!"
It is sad to see folks living this way. EUROPEAN PLAN. The county clerk of Boone county turned over to the county treasury
