Immense Purchase for Cash Direct From Manufacturers.

The Largest Variety of Furs Ever on Sale in the West will be Offered to the Trade at 50 to 60 cts on the Dollar of Present Market Value.

Bargains in Black Silks, Silk Poplins, Merinos, Empress Cloth, Pongee Silks, Alpaca, Etc.

A. E. McKinney, 411 and 413 Felix Street, St. Joseph, Mo.

Has a grand opening this week at his mammoth Dry Goods Establishment of Ladies', Children's and Misses' Furs, consisting of Muffs and Boas, Hats, Caps and Sacks, and as every dollar's worth is new, and having been bought at manufacturers direct, at a time when the market was very much depressed and dealers dreadfully anxious to realize on stock for cash, large lots of the richest and most desirable makes of goods have been bought to close at an immense sacrifice to the manufacturer, hence McKinney is enabled to offer the most surprising bargains in furs ever known east or west. To substantiate this all are invited to call and see for themselves. He also announces that owing to the ready sale found for Ladies' Seal Skin Sackings, Muffs and Boas, Hats and Caps, he has deemed it advisable to add a second invoice of these elegant goods, and requests that all who think of purchasing, will make an early examination of this line.

McKINNEY,

also calls attention this week to additional bargains in Black Silks, having enjoyed the past week the largest sales in this line of goods ever known to the trade in this city.

His buyer east, who is constantly on the lookout for drives, has made another grand purchase.

He offers this week in Black Silks a lot of the celebrated Guinet make, prices on each number guaranteed to be less than the agent's cash price for the same. All who want a good Black Silk Dress at less than they will ever get the good for again, should visit McKinney's. He also offers 100 pieces pure silk poplins at 75 and 85c, worth in any market 90 and 91.25. 50 pieces Pongee Silks 50c, usual market price 75c.

One case Empress Cloth, very fine and all new shades, at 45c, guaranteed to be equal to anything in the market at 50 cents.

One hundred pieces 4-4, all wool merino, in new shades, at 62c, a great bargain.

One case Black Alpaca Luster 102 cts. per yard, usual price 25c.

One case heaviest Brown Sheet at 9 cents.

One case 4-4 Bleached Muslin at 9 cts. equal to Lonsdale.

Similar bargains are now to be found in each department of the house, viz: Notions, Handkerchiefs, Kid and Thread Gloves, Woollens, Hosiery, Underwear, Shawls and Cloaks, Prints, Domestic, Cotton Flannel, &c., &c.

Possessing every facility, McKinney is determined that no house east or west shall offer more or greater inducements from day to day than he; therefore we say

It will pay anybody wanting anything in the line of Dry Goods to visit the Establishment, or order of

During the Fever season of last month the stock of Ayer's Agree Cure in the Old North State became exhausted, and before a supply could be received from Lowell, the suffering from chills and fever became fearful. A few parties were so fortunate as to have it on hand, and in Tredell county, the druggists eked out their slender stocks by selling doses—a spoonful each—for a dollar. Many paid ten dollars for a bottle, when the regular price is but one, and thought themselves favored at that, so valuable are the curative properties of this preparation, which not only expels the poison from the system, but leaves the patient with unimpaired health and vigor. —Raleigh (N. C.) Standard.

Nice Embroideries at Mrs. Buskirk's.

Mr. Benjamin Petree, an old citizen of Andrew county, living one mile and a quarter east of Savannah, has swapped farms with Mr. D. I. Hall, of Nodaway county, whose farm lies eight miles north of Graham, and five miles south of Graham. It was about an even trade. Mr. Petree's farm consisted of eighty acres, with a fine bearing orchard; Mr. Hall's tract, of 120 acres, about half in cultivation, with small orchard. Mr. Petree moves up to Nodaway in the spring; and Mr. Hall becomes a citizen of Andrew at the same time. Mr. Hall moved from Andrew to Nodaway county twenty-one or two years ago, and has a number of relatives and acquaintances in this county. By this arrangement each county has lost and gained a good citizen.

There will be regular services (D.V.) hereafter, until further notice, in the Episcopal Church, every Sunday at 10:30 a. m., and occasionally in the evening at 7:30. Sunday School for the winter immediately after morning service. The house is free to all God's worshippers, and their attendance desired. We would especially invite the children to attend the Sunday School. JOHN BENNETT, Missionary in charge.

Journal of Agriculture and Farmer

We call the attention of our readers to the advertisement of this old and reliable Agricultural and Grange paper that appears in another column. It has been published in St. Louis for a great number of years and is the leading paper of its class in the Southwest. It is reliable and trustworthy, and if any of our friends desire to take a first-class Agricultural Journal they can do better than to take this one.

The publishers are making their weekly report of the markets of St. Louis and other large cities a prominent feature of the paper and doubtless all will find them authentic and reliable. Give the Journal of Agriculture and Farmer a trial and you will doubtless be pleased and profited by it.

Any of our friends wishing to subscribe for this valuable Agricultural Journal will please call on us. We will club it with the REPUBLICAN on the most favorable terms. no2w6

Grape Culture and Wine.

The culture of the Grape in New Jersey is getting to be one of the most important industries of the State. The principal varieties raised are the Oporto and Concord. Mr. Spear's vineyards at Passaic promises a larger yield this year than any previous year. In consequence Mr. Spear has reduced the price of his Port Grape Wine. The oldest can now be had for \$1 per bottle from any of the druggists. It is used for medicinal purposes as a superior wine, and in families as an excellent party wine. Its intoxicating properties are so slight that the weakest person may use it to advantage and temperance people cannot object to its use for medicine.—Evening Bulletin.
