FROM THE SOUTH.

A Perfect Combination with two Sallent Advantages—Why it Concerns You. Advantages—Why it Concerns You.

"There is no mistake about it." remarked Dr. M. F. Howers of Gallatin, Missouri, "Benson's Captine Porous Plasters are one of the nealest combinations ever produced. They have two kinds of advantages over all others, which we may call the minor and the major. First, they are cleen and pleasent to use, never soiling the bunds nor the lines of the wearer. Second, they act quickly and powerfully. I have tried the Captine Plaster on myself for pneumonia, and on my patients for various diseases such as Nouralgia, Muscular Rheumatism, Lumbago, Kidner trouble, etc., and in all cases relief has followed in from three to forty-eight hours."

Dr. Flower merely voices the written or oral opinion of thousands in his profession. Benson's Cartine Porous Plasteriers are the perfect external application. The genuine have the word CAPCINE cut in the centre. Price, 25 cents. Seabury & Johnson, Chemists, New York. THE

Messas, B. J. Kendall & Co. Gents—Thro' the recommendation of a friend, about a year ago, I was induced to give your Kendall's Spanin Care a trial, and I am pieased to say that I was fully satisfied with the results. I used it in several instances upon spints, which after a few applications were entirely removed. I also used it on a spain with the same results. The medicine has grown in popularity in this vicinity in the past few months and what is sold here today I believe is put out upon its merits.
