## Donaldsonville Chief

Entered in the postoffice at Donaldsonville, La., as second-class mail matter.

JAS. VON LOTTEN, Pub. and Prop.  
SATURDAY, JULY 9, 1921.

Read on this page about the big automobile to be given away at the South Louisiana Fair, October 3.

Geo. Landry, the popular and accommodating proprietor of the Welcome soft drink and lunch establishment, will leave Monday for Hot Springs, Ark. He expects to visit Atlantic City, New York and other cities of importance before returning home.

The last North Carolina legislature increased the annual appropriation for its negro land-grant college at Greensboro from \$22,000 to \$30,000 besides setting aside \$105,000 for the purchase of additional land and for permanent improvements.

Only one property transfer was recorded in the clerk of court's office this week, as follows: Geo. H. Richard to Hubert Richard. The south improved half of lot No. 17 in square No. 36, in the town of Donaldsonville; price, \$800.

The summer criminal term of the district court will convene here next Monday, when a grand jury will be empaneled to serve for the next six months. A petit jury has been drawn to serve for the second week of the term, beginning July 18.

### Negro Killed in Fight.

George Augustin and Lee Roy Anderson, two negro swimmers, became involved in an altercation on Bayou Manchac on the 28th ult., at 5 o'clock in the morning, which resulted in Augustin having his throat cut with a razor, from the effects of which he died shortly afterwards. After committing the crime Anderson took to the swamp and made good his escape. He has not yet been apprehended.

### Marriage Licenses.

The following marriage licenses were issued at the clerk of court's office this week:  
Edmond Brignac to Miss Annie Bourgeois.  
Jos. Marcel Trosclair to Miss Josephine Zeringue.  
Calvin Benward to Zenobia Robertson.

A recent dispatch from Shreveport says that the Shreveport Ice and Brewing Company, announces through arrangements with the Ohio Ice Manufacturing Company it will within the next two days begin shipping four trainloads of twenty-five cars each, twenty tons to the car, of ice from its factory to the city of Cincinnati to help relieve the ice shortage in the states of Ohio, Indiana and Illinois.

The executive committee of the Democratic State Central Committee met in New Orleans Wednesday night and fixed September 27 as the date of the primary for the nomination of three justices of the Supreme Court, and one judge of the criminal district court in New Orleans. Three vacancies occur on the supreme bench through the creation of the new Caddo-Natchitoches district and the retirement of Chief Justice Monroe and Associate Justice Sommerville.

Elsewhere in this issue of The Chief will be found the ad of Geo. H. DeRussy & Company, licensed real estate agents of this city, in which they offer for sale at reasonable prices several valuable tracts of improved land on Bayou Lafourche, some large and some small. Some with and others without sugarhouses. These in the market for good farms would do well to look into the offerings of this well-known real estate firm.

### Hot Wave in Middle West.

Unusually hot weather has prevailed throughout the middle west during this week. In Chicago, several deaths resulted from heat prostrations. One large foundry concern, employing 5000 men, shut down on account of the heat. Donaldsonville felt the full effects of the hot wave. Last Monday the thermometer went up to 96. Tuesday it was 97. Wednesday 94. Thursday the hot spell was broken by a heavy rain, accompanied by a cool north wind and since that time the temperature has been lower.

Fish are unusually plentiful this year. All of the bayous, lakes, canals and other streams in this section, are said to abound with the finny tribe in great numbers. There are fishing parties every day and very large catches are reported by all. Grand Bayou, which is one of the most popular fishing places in this vicinity, is the mecca of the greatest number of fishermen. Here, trout, sac-a-lait and perch are taken in large quantities every day. The fish are of an exceptionally fine quality and highly relished by all.

### ST. CHARLES PARISH ROADS.

The public roads which parallel the Mississippi river on the west bank are graveled all the way from Port Allen to New Orleans with the exception of that stretch which traverses St. Charles parish, and a short piece in St. John, where there is no gravel. The people of the parishes of East and West Baton Rouge, Iberville, Ascension, St. James, St. John and Jefferson have taxed themselves to build and maintain hard-surfaced roads, and it is said to the credit of these several counties, that their public roads are practicable at all seasons of the year and under any and all weather conditions. In St. Charles parish, whether it is due to the fact that the people have not yet awakened to the necessity and importance of good roads, or to a disinclination on their part to contribute a small amount in extra taxes for their construction, is not very clear, but it is certain that the people of that parish are not keeping up with the march of progress displayed by their neighbors on either side in this all-important matter.

There is considerable automobile passenger and freight traffic along the river roads. Travel through all of the parishes except St. Charles, is pleasure, but when the latter parish is reached it becomes a discomfort if not a hardship, since the earth roads are not even kept up and are full of bumps and ruts, and during rainy weather traffic along these roads is a burden. Good roads are one of the most important issues before the people of the entire country. Millions of dollars are being spent annually upon their construction and upkeep. The federal government spends over \$100,000,000 a year for the building of good roads. The recent Constitutional Convention made provision for the raising of about \$3,000,000 annually to be used for good roads, which have proven such a boon to humanity. Nearly every parish in the state has issued bonds to provide funds to gravel their roads. St. Charles parish alone has failed to fall in line. Surely the people of that county are not worse off than the people of other counties in the state, and the enormous amount of traffic on the roads in St. Charles should impel the people thereof to follow the example of their neighbors and provide means to make traffic on the roads within their border safe, pleasant and comfortable.

### DOGS SHOULD BE SUPPRESSED.

This is the season of the year when there is danger of dogs developing that dreadful disease, hydrophobia, and for that reason canines of all kinds are at this time a menace to public safety. There are many dogs, some perhaps good and others worthless curs, roaming the streets of the town at all hours of the day and night. During the day they are a constant danger to pedestrians, while at night, by their barking, fighting and howling, they disturb the peaceful slumber of the inhabitants and become a nuisance. There is an ordinance which requires the owners of dogs to pay a license, and to attach a license tag to the dog's collar. Notice should be given to owners of valuable dogs to procure their licenses by a certain day, after which all animals found upon the streets without tags will be killed. The dog laws, as a rule, have no owners, or their owners do not consider them worth the price of the license, and these are let loose on the community. The life of one human being is worth more than all the canines in creation, and the authorities should see to it that the ordinance in question is strictly enforced and the animals, whether good or worthless, kept off the street by the owners. The ignorant laws would do well to look into the offerings of this well-known real estate firm.

### Rent-Profiteering in New Orleans.

The New Orleans newspapers have inaugurated a vigorous campaign against the rent profiteers, who are designated as "rent-hogs" in that city. Much space is devoted each day to an expose of the steady increase in rents which have been going on there during the past two or three years, in some instances amounting to more than 100 per cent. The press takes the view that these increases are absolutely unwarranted in the face of the cut in wages and general reduction in the prices of merchandise of all kinds. A plan is on foot to call a tenant's strike, by which they will refuse to pay the increased rents. Many of the victims declare that they will leave the city unless some action is taken to curb the "rent-hog" activity. The legislature will be asked to pass stringent laws regulating the profits of those who have property for rent, the same as exist in other states. It is said that homes are being broken up and businesses demoralized by the unparalleled rise in rents.

W. H. Webb, formerly of Indiana, has purchased from Mr. Jung of New Orleans the Ingleside plantation, situated in Assumption parish on the left bank of Bayou Lafourche, four miles below Napoleonville, and has taken possession of the place. The new owner intends to erect a modern factory for the canning of products to be raised on the farm.

### Fine New Automobile Given Away.

Wouldn't you enjoy driving up to your front door a bright, shiny, new automobile--a five-passenger car, fresh from the factory with all the latest improvements? And then to watch your wife's and children's faces beam, or your best girl's countenance brighten as you dash off to take her for a spin. There's to be an automobile given away at the South Louisiana Fair, Monday, October 3. The hour is 4 o'clock p. m. You want to be there to claim your automobile. This is how it's done: Starting July 15 and ending October 1, the principal merchants of Donaldsonville will present with each cash purchase of \$1 a ticket on a factory-new, five-passenger automobile. Shop for the late summer and early fall before this date and get the benefit of this wonderful opportunity. Be sure to be on hand for the announcement of the winner.

### Ferry Waiting Room a Disgrace.

The waiting room at the ferry landing at Westwego in the parish of Jefferson, is perhaps the dirtiest and filthiest building in the state, unfit for animals much less for human beings to inhabit, and a danger to the health of those who must enter it to seek shelter from rain or the heat of the sun. The floor is covered with dirt and filth, a veritable breeding place for vermin, and a sickening stench fills the nostrils of those who must enter it. The few openings in the building have neither sash nor shutters and the place on the whole is a disgrace to the community. This building belongs to the company which operates the ferry, and the board of health should see to it that it is cleaned and kept clean and in a sanitary condition or removed altogether. Due consideration for public health demands that this matter be given attention at once.

### Victim of Painful Accident.

While out for a drive in his "divver" last Sunday afternoon, Fred Landry, Jr., a popular young man of this city, came near being seriously hurt in an accident. In steering to one side of the road to let another car go by, the front wheels of his machine became locked and the car collided with the embankment in Port Barrow, near the foot bridge. The windshield was smashed to pieces and Mr. Landry sustained cuts about the face and head. He was taken to the home of Edward Ramirez, near the scene of the accident and Dr. Sims summoned, who dressed the wounds and pronounced them slight. Mr. Landry was then taken to his home. He is out and about again feeling all right. His automobile was badly damaged.

### Legion Post's Big Festival.

The Leon Gautreaux Post No. 81, American Legion, held a rousing festival at Gonzales last Sunday. The festivities began at 1 p. m., and consisted principally of athletic events, burlesque stunts, pony and horse races. Harry Fitzpatrick of New Orleans, was the orator of the day. Speeches were also delivered by A. I. Picard and C. C. Weber. The Gonzales band furnished music during the afternoon and the program concluded with one of the most largely attended and enjoyable dances ever given in Gonzales. Steward's Jazz Band of Baton Rouge dispensed music for the dance. Post 81 is increasing in popularity and membership every day.

### New Candy Store.

Misses Bylsma and Gaudin, the enterprising young Donaldsonville girls, who opened the Specialty Candy Shop in Railroad avenue, opposite the Ellis' home, last Saturday, report doing an exceptionally good business. The candy which they make is of a fine grade, deliciously flavored, and sold at a very reasonable price. Those who have bought some of this candy declare that there is none better to be had at any place. These progressive young ladies are reserving of a full measure of public patronage, which it is hoped will be accorded them. The Chief congratulates them upon their venture and wishes them every success possible.

### Death of William Guedry.

William Guedry, a highly respected citizen of Smoke Bend, died at his home at that place last Monday morning at 2 o'clock, after an illness of only about seven days. He was 36 years of age and a sugarboiler by occupation. Funeral services were held Monday afternoon at 4:30 at St. Francis of Assisi Church, Smoke Bend, after which the remains were brought to Donaldsonville and laid to rest in the Catholic cemetery. Deceased is survived by his wife and four young children, the oldest of whom is 9 years of age. Peace to his ashes.

Mr. and Mrs. Victor Maurin arrived here last Sunday for a two weeks' sojourn at the hospitable home of Dr. and Mrs. P. T. Thibodeaux, parents of Mrs. Maurin. Mr. Maurin is assistant manager of the Paramount Pictures Corporation, and is here to enjoy a well-earned vacation. The Chief wishes the visitors a pleasant stay in Donaldsonville.

### Burnside News.

Mr. and Mrs. S. Logan McConnell, after a visit to Mrs. McConnell's parents, Mr. and Mrs. Bringer, have returned to their home in Burnside.

Mr. and Mrs. Horace W. Green of Hammond, motored to Napoleonville last Sunday and stopped here on the way to visit the Saxons. Although long a resident of this place it was Mr. Green's first visit in seventeen years.

Paul Louis Thibodeaux, a Burnside boy, now an employee of the Western Union Telegraph company, New Orleans, is spending part of a two weeks' vacation with friends here. He will be the guest of relatives in Waveland, Miss., next week.

On the day that the United States celebrated its one hundred and forty-fifth birthday, last Monday, a telegram dated New Orleans, July 4, was received by the Western Union for transmission to a well-known party at Burnside. The message was received by the company's office at Donaldsonville at 4:30 p. m., the same day, and notwithstanding that the Cumberland Telephone and Telegraph Company, which has connection with Burnside is a big partner of the Western Union, the telegram was mailed in Donaldsonville on the 5th instant and reached the addressee at 6:20 a. m., July 7, sixty-two hours old. How is that for quick service in this boasted age of wireless, airplanes, automobiles and balloons? My advice to those who wish to communicate with Burnside by wire is to use the Postal Telegraph Cable Company.

Now that we are at peace with Germany--"peace by the resolution plan"--the only reminders of the war are the extremely low prices of such commodities as corn and the continued low prices for such summer goods as figs, watermelons, cantaloupes, 25 cents a dozen; peanuts, 5 cents the dozen, and shrimp, 40 to 75 cents a gallon. Figs are plentiful and sugar cheap--preserves galore.

Arthur Brishane so graphically depicts the lives and conduct of Americans in Paris that I am prompted to reproduce in this paper some of his pictures of life in stock abroad. The pictures are:

"What would be a cheerful Paris do without the American ass in Paris? To see that leaves his reputation." "The young lady with the bobbed hair and the frequent ZUT dances with him, leaving her handbag with money on the table. Her true friend, Fish of the Mackerel family, takes her money as pre-arranged. She with high shrieks accuses the American of robbing her, and he, poor fool, speaking nothing but English and through his nose at that, pays the price to avoid spending a night in jail and explaining to his fellow natives, 'they have no morality in France and know nothing about family life--I ought to know.'"

P. Alex Poche, contracting mechanical engineer, arrived here Sunday night from Havana and left Monday on the noon train, accompanied by his wife, who was here visiting her mother and other relatives. They sailed from New Orleans Thursday for their home in the Cuban city.

It is reported that Jas. Plaisance, a colored bricklayer of this city, while at work today at Napoleonville, fell from a scaffold and sustained injuries which resulted in his death shortly after the accident.

### SHERIFF'S SALE.

Charles O. Weber  
Louis J. Echeverria  
BY VIRTUE of and in obedience to an order of seizure and sale, issued by the above named court, in the above entitled and numbered cause, and to me directed, I have seized and taken into my possession, to the last and highest bidder, according to law, at the principal front door of the courthouse of the parish of Ascension, in the city of Donaldsonville, on

SATURDAY, AUGUST 13, 1921, at 11 o'clock a. m., the following described property, to-wit:  
A certain lot of ground situated and being in the parish of Ascension, in the town of Donaldsonville, numbered as lot 173 on a plan of said town measuring 60 feet front on Railroad avenue, by 160 feet depth, and forming the corner of Railroad avenue and Claiborne street, together with all the buildings and improvements thereon and thereunto belonging. Being the same property acquired by Allice Weber Ayraud, by an act executed before J. G. Gondran, notary, on November 14, 1908, and duly recorded in Conveyance Book 52, folio 88, parishes of Ascension and Iberville.

Terms and conditions--Cash in United States currency.

GEORGE H. RICHARD,  
Sheriff, Parish of Ascension.  
Donaldsonville, La., July 5, 1921.

### Next Week's Bill at the Community.

Sunday and Monday--"The Lure of Egypt," from the novel "There Was a King in Egypt," also a comedy.

Tuesday--Florence Chase in "The Woman Above Reproach" and International News.

Wednesday--"Ashes of Love" with an all-star cast.

Thursday--June Caprice and Geo. B. Seltz in "Rogues and Romance" and International News.

Friday--Margaret Fisher in "Payment Guaranteed" and episode of "The Purple Riders."

Saturday--Eva Novak in "Wolves of the North" and a Century comedy.

### Fair at Laplace.

A fair will be given at Laplace, in St. John parish, August 27 and 28 and September 3-4, for the purpose of raising funds for the building of a Catholic chapel at that place. It is planned to have most of the booths in charge of organizations, such as the Knights of Columbus, Woodmen of the World, Ladies Altar Society and Children of Mary.

### CHARTER

of the

ST. JAMES OIL AND REFINING COMPANY, INCORPORATED.

State of Louisiana--Parish of Caddo.

BE IT REMEMBERED, that this day be-

fore me, J. D. Wilkinson, a notary public, in and for said parish and state, personally came and appeared J. Reynaud, a resident of Laplace, state of Louisiana; Geo. R. Murrell, a resident of Bayou Goula, state of Louisiana; D. W. Breazeale, a resident of Natchitoches, Louisiana; Archie M. Smith, a resident of New Orleans, Louisiana; and C. Russell, a resident of Laplace, Louisiana, who stated and declared unto me, notary, that they have formed and organized themselves, and do by these presents form and constitute themselves, as well as such other persons as may hereafter become associated with them, into a corporation, and have adopted as their charter and act of incorporation the following:

### ARTICLE ONE.

The name of this corporation shall be the ST. JAMES OIL AND REFINING COMPANY, INCORPORATED, with its domicile in the city of Donaldsonville, parish of Ascension, state of Louisiana, and under said corporate name it shall have and enjoy succession for the term of one hundred (100) years, unless sooner dissolved, as hereinafter provided. All legal process shall be served on the president, or in his absence on the vice president, or in the absence of both, on the secretary, at the office of the company.

### ARTICLE TWO.

The purposes for which this corporation is formed and its objects are hereby declared to be: To acquire, own and operate oil, gas and mineral lands and leases; to drill, oil, gas or other wells for hire or on contracts for itself or for others; to acquire and own drilling rigs and machinery necessary for said purposes; to acquire, own and operate tank lines and tank cars for the purpose of transporting any and all kinds of oil, gas and other minerals; to lease, rent, acquire, build and operate refineries and absorption plants of any and all kinds, including the operation of plant and machinery for the manufacture and sale of carbon, gasoline or other products which may be manufactured or made from oil or gas on the by-products thereof, either in the state of Louisiana or in any other state of the United States, or foreign country, as may be determined by its board of directors; to acquire, build and operate pipe lines for the purpose of transmitting oil, gas and other minerals, either for itself or for others, and all kinds of minerals, mineral products, gas or oil, or gas or other minerals; to own and operate stores, commissaries, boarding houses, and to that end to purchase and sell any and all kinds of personal property; to acquire, own and lease and mortgage or dispose of real estate in the state of Louisiana or elsewhere; and to act as agent for other parties in the purchase, sale or disposal of any of the products of oil or gas and gas leases, or any kind of property, and generally to do and perform any and every act and thing which may be necessary for the purposes herein provided for, or that may be incidental thereto.

### ARTICLE THREE.

The capital stock of this corporation is hereby fixed at six hundred thousand (\$600,000) dollars, divided into sixty thousand (60,000) shares, each of the value of ten (\$10) dollars each, which may be paid for in cash, property transferred to the corporation, or services performed by it, at a valuation to be approved by its board of directors, and all stock when issued shall be fully paid and non-assessable.

### ARTICLE FOUR.

The affairs of this corporation shall be controlled by a board of directors consisting of not less than five (5) nor more than eleven (11) stockholders, to be elected at an annual stockholders' meeting on the first Monday of July of each year, who shall hold their office for one year, or until their successors are elected and installed; provided, that said board of directors may, by resolution, increase or decrease the number of directors to not exceed eleven (11) directors, with the same qualifications as the directors herein provided for. Said board shall have authority to exercise all of the corporate powers of this corporation; to buy and sell any and all kind of property, both real and personal, which it is authorized to acquire under the terms of this charter; and may, in its discretion, dispose of all or part of the property of this corporation whenever in majority of the stockholders thereof approve such sale; to employ and discharge at pleasure any and all agents, managers, clerks or other employees necessary in conducting its affairs. Until the election of a board of directors on July 1, 1922, the following shall constitute the board of directors of this corporation: J. Reynaud, who shall be president; Geo. R. Murrell, who shall be vice president; and general manager, Archie M. Smith, who shall be secretary-treasurer, and George R. Murrell and D. W. Breazeale.

### ARTICLE FIVE.

This charter may be amended or modified by a vote of two-thirds (2-3) of its stock east at a meeting called for that purpose, and no other authorized in writing to do so. When not otherwise provided by law, notice of all stockholders' meetings shall be given by letter addressed to the stockholder at his usual postoffice address ten (10) days prior to such meeting; but nothing herein shall prevent the stockholders, by unanimous consent, from holding a meeting without any limitation or otherwise, its affairs shall be liquidated by one or more liquidators to be selected by the stockholders at the meeting called for such purpose; and said liquidators shall have such power, perform such duties and give such bond as the stock-

### ARTICLE SIX.

No stockholder of this corporation shall ever be held liable for the contracts or debts thereof in any greater sum than the unpaid balance due on his stock, nor shall any more informality have the effect of deriding this charter null, or of exposing any stockholder to any greater loss beyond the loss of his stock.

### ARTICLE SEVEN.

The board of directors herein provided for may hold its meetings at any point in the state of Louisiana or elsewhere, and may keep and maintain officers in any other state of the United States and transact business therein on complying with the law of such states, and shall have power and authority to fill any vacancy occurring in said board, as well as to increase the number of directors as specified herein and elect the directors for such position.

Hereunto signed their names, in presence of E. Duringer and C. B. Fleming, the undersigned attesting witnesses, and me, notary, and set opposite their respective

holders may direct and require.

### ARTICLE SIX.

No stockholder of this corporation shall ever be held liable for the contracts or debts thereof in any greater sum than the unpaid balance due on his stock, nor shall any more informality have the effect of deriding this charter null, or of exposing any stockholder to any greater loss beyond the loss of his stock.

### ARTICLE SEVEN.

## Expert Vulcanizing

THE best tires made are subject to all sorts of unexpected shocks and strains. They sometimes wear in a certain place or in several places, leaving the greater part of the tire in good condition, able to give you much more service.

Then is when vulcanizing truly is economizing.

Get Extra Miles from Your Tires

We repair blowouts and tears. We restore tires that are partially worn to a condition of complete usefulness.

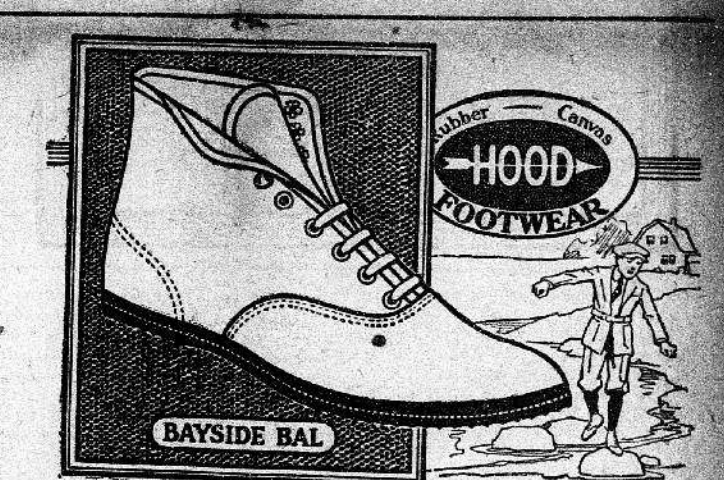

Our vulcanizing equipment is the best. The process cannot injure your tire. On the other hand it returns it to you sometimes as good as new.

A trial will satisfy you on all these points. The cost is negligible in proportion to your gain.

Prompt Service--Certain Satisfaction

OHLMEYER'S GARAGE

Railroad Avenue DONALDSONVILLE, LA.

"Mother says-- 'I don't want him to run barefoot over the stones'"

He finds the Hood Bayside "sneaker" is so much lighter than others that he'll wear them. They are thick enough to protect his feet--and the lighter weight, I find, gives better wear than others. Also, the Baysides cost less.

Hood Baysides are a long wearing summer shoe for the low price. They are a sensible shoe for
