

# Headquarters for DOUBLE SHOVELS and REFRIGERATORS,

We solicit your mail orders, and goods will be shipped same day the order is received. Try us.

This is the refrigerator of which Mrs. Rorer says: "You can put in it any thing that has an odor, together with milk and butter, leaving the two latter in open vessels without contamination." Hence its name,

**THE "ODOR-LESS"**

It needs no weekly scrubbing and scalding and it saves ice. In the end it costs less than so-called refrigerators that are sold for less money.

Planet Jr., and John Deere Cultivators just received. A trial order is solicited from you.
