The rain of Tuesday and Tuesday night has left the country roads in bad condition, and the day's audiences were limited, almost, to the residents of the several towns where stops were made during the day.

Then in playing the Shampan university he broke the second ligament right short off. And just last week in playing with some college from Indiana he broke the third ligament, and now there isn't anything on airtight holdin' that foot on except skin."—Chicago Tribune.

DID THE HANDSOME THING.

A Marrying Minister Who Found No Fault with Gambling Phrases.

In a volume of reminiscences just published entitled: "The Wedding Day in Literature and Art," a minister relates his experience with two weddings in the same town on the same day, one in the morning, one in the afternoon. "The first wedding I received was \$10," he says, "for a large remuneration for the place and people. After the second wedding the best man called me into a private room and thus addressed me as a schoolboy: 'What's the tax, parson?' 'Anything you like, or nothing at all,' I answered. (I have frequently received nothing.) 'Now,' said he, 'we want to do this thing in style, but I have had no experience in this business and do not know what is proper. You name your figure.' 'I suggested that the legal charge was two dollars.' 'Pshaw,' he said. 'This ain't legal. We want to do something handsome.' 'Go ahead and do it,' I said. Whereupon he reflected a moment and then asked me how much I had received for the wedding of the morning. 'I replied: 'His face brightened at once. Here was a solution to the difficulty. 'I'll see his ante,' he remarked, 'raise him five dollars and call.' Whereupon he handed me \$15.

GOOD IMITATION OF SURF.

It Was Only the Housemaid's Broom on the Stairs, However.

"So you have gone out on the north shore to live, have you, old man?" said a North side young man to a friend who had gone with his family to Kenilworth to spend the summer, relates the Chicago Chronicle. "Yes, we have taken a house for the summer close to the edge of the lake and I tell you it is bully, immense. It is great, for the old man has improved in health out there. He is getting as frisky as a schoolboy. He said before we moved that if he could only get where he could hear the surf when he woke up mornings that it would do him a world of good. The first morning after we got there he woke up about five o'clock and called out to mother, who was still asleep: 'Say, ma, do you hear that surf coming in on the shore? Isn't that the grandest thing you ever heard?' 'Ma protested that she didn't hear any surf and wasn't listening for any. Father sighed and went to sleep again, lulled by the music of what he declared was the surf. The door of his room was open and he simply heard the swish of our little housemaid's broom over the carpet downstairs. She gets up at five o'clock, sweeps the front rooms and her broom makes the finest imitation of the surf you ever heard."

"Now, if pa wakes up when it isn't sweeping, and kicks because there isn't any surf on ma just steps to the speaking tube in the next room and tells Martha to sweep up a little surf and father is soon asleep again."

A Noted Knight Templar Owes His Health to Peruna.

Colonel T. P. Moody, a prominent Knight Templar, is well known in every city in the United States west of Buffalo, N. Y., as a Jeweler's Auctioneer. In the city of Chicago as a prominent lodge man, being a member of the K. T.'s and also of the Masons. The cut shows Colonel Moody in the costume of the Oriental Consistory Mason, 32nd degree.

In a recent letter from 5900 Michigan avenue, Chicago, Ill., Mr. Moody says the following:

"For over twenty-five years I suffered from catarrh, and for over ten years I suffered from catarrh of the stomach terribly.

"I have taken all kinds of medicines and have been treated by all kinds of doctors, as thousands of my acquaintances are aware in different parts of the United States, where I have traveled, but my relief was only temporary, until a little over a year ago I started to take Peruna, and at the present time I am better than I have been for twenty years.

"The soreness has left my stomach entirely and I am free from indigestion and dyspepsia and will say to all who are troubled with catarrh or stomach trouble of any kind, don't put it off and suffer, but begin to take Peruna right away, and keep it up until you are cured, as you surely will be if you persevere.

"My wife, as many in the southwest can say, was troubled with a bad cough and bronchial trouble, and doctors all over the country gave her up to die, as they could do nothing more for her. She began taking Peruna with the result that she is better now than she has been in years, and her cough has almost left her entirely. The soreness has left her lungs and she is as well as she ever was in her life, with thanks, as she says, to Peruna. Yours very truly, T. P. Moody.

Catarrh in its various forms is rapidly becoming a general curse. An undoubted remedy has been discovered by Dr. Hartman. This remedy has been thoroughly tested during the past forty years. Prominent men have come to know of its virtues, and are making public utterances on the subject. To save the country we must save the people. To save the people we must protect them from disease. The disease that is at once the most prevalent and stubborn of catarrhs is catarrh.

If one were to make a list of the different names that have been applied to catarrh in different locations and organs, the result would be astonishing. We have often published a partial list of these names, and the surprise caused by the first publication of it to all people, both professional and non-professional, was amusing. And yet we have never enumerated all of the diseases which are classed as catarrh. It must be confessed, however, to see even this partial list drawn up in battle array is rather appalling. If the reader desires to see this list, together with a short exposition of each one, send for our free catarrh book. Address The Peruna Medicine Co., Columbus, Ohio.
