The case of Richard Taylor, who Monday night shot and killed another negro, named James Neal, on the farm of Mr. W. L. Moody, three miles from Manchester, was also tried, and Taylor was sent on to the County Court, and allowed bail in the sum of \$500.

It is said the row which resulted in the killing of Neal began with a quarrel on Sunday, and the general impression is that Taylor was obliged to kill Neal in defence of his own life. Neal was considered quarrelsome and dangerous.

THE NATIONAL CONSERVATORY.

It Offers the Best Musical Education at the Lowest Price.

of New York, now oners to the young musician an education in the divine art as thorough and as classical as do any of the foreign institutions.

In its prospectus for the coming year it announces that the examinations for entrance will take place this month at the institution, on east Seventeenth street, New York. Any young musician who can pass these examinations is admitted to this school at a very low price for tuition—so low, in fact, that virtually it is a free gift of a musical education. There are at present fifty-seven professors in the institution, over which Dr. Antonin Dyorak presides. Among these prefessors are Joseffy, Victor Herbert, Mat Spicker, Lichtenberg, Sapio, and many others known to be artists. A young person may receive as good an education at this conservatory as he can in Europe, and at as small or even less expense. The work which has been done in the past at the school warrants a firm belief in the principle upon which it was foundpast at the school warrants a firm belief in the principle upon which it was founded. Primarily, it is not a money-making scheme, and those who are at the head of it are, therefore, perfectly free to control the best available talent. In the case of Joseffy, for instance, who is acknowledged to be one of the foremost planists and teachers of the plano in this country, he is not permitted to give any instruction outside of the conservatory.

The conservatory during its existence has educated something like two thousand pupils, many of whom are now earning large salaries as teachers and professionals.

professionals.

To no one individual does the conservatory owe as much as it does to Mrs. Jeannette M. Thurber. Those persons in the State who have known of the workings of the National Conservatory and understood how generously and without publicity every deficiency has been met, feel that it is about time that been met, feel that it is about time that they endorsed the work of the institu-tion, and publicly approved of the prin-ciple upon which it was founded. Buf-falo has been benefited, together with other cities of the State, and resolutions sendersing the conservatory have been signed by a list of citizens who are known as men identified with progressive measures, and many of them are large contributors to educational projects. This action is a slight, deserved tribute to the generous work of Mrs. tribute to the generous work of Mrs. Jeannette M. Thurber.

What Munyon's Remedies Did for a Prominent Ohioan.

He Could Not Eat but Little and Was it Constant Pain-Cured With

One Bottle.

W. T. Loffer, a well-known resident of Kent, Ohio, says that Munyon's Dyspepsia Cure undoubtedly saved his life. In relating his experience he said: "For a long time I have been afflicted with dyspepsia. I could eat scarcely anything, and was in constant pain. The gas on my stomach distended it greatly and my heart became affected. I was troubled with short breathing, fluttering and irregular beating of the heart, and often the pain was so great that I thought I was going to die. My friends wanted me to try Munyon's Dyspepsia Cure, but I had tried so many different medicines without being benefited that I thought this would be only one more fruitless effort. Finally I began using it, and the result was wonderful. After the first bottle I could eat without discomfort, and am now thoroughly cured."

Munyon's Stomach and Dyspepsia Chrecures all forms of indigestion and stomach residency in the stomach, palpitation of the heart, shortness of breath, and all affections of the heart caused by indigestion. It soothes, heals, and invigorates stomachs that have been weakened by overeating, or where the liming of the stomach has been impaired by physic and injurious medicines. Price, 25 cents.

Munyon's Homoeopathic Home Remedy Company, of Philadelphia, put up specifies for nearly every disease, which are sold by all druggists, mostly for 25 cents a bottle.

Those who are in doubt as to the nature of their disease should address Fro-

a bottle.

Those who are in doubt as to the nature of their disease should address Professor Munyon, 1505 Arch street, Philadelphia, giving full symptoms of their disease, Professor Munyon will carefully diagnose the case and give you the benefit of his advice absolutely free of all charge. The remedies will be sent to any address on receipt of retail price.
