PRESIDENT'S LIFE MAY BE SPARED

Not an Unfavorable Symptom Has Appeared and Hope Has Become

Correction.

THE DANGER HAS NOT ENTIRELY PASSED

Milliken House, Buffalo, September 9—P. M.—Doctors
Moyer and Wadlin came out of the Milliken house at this hour
and reported that the last examination for the day had proved
entirely satisfactory and that there was a slight improvement.

The following bulletin was issued by the President's physi-
icians in their daily report:

The President's condition continues favorable. Pulse, 102.

temperature, nor respiration.
