

THE WEEKLY DEMOCRAT.

L. G. GOULD, Editor. Thursday, August 1, 1872.

Liberal Republican and Democratic Reform Ticket.

FOR PRESIDENT, HORACE GREELEY, of N. Y. NOR VICE PRESIDENT, B. GRATZ BROWN, of Missouri

Democratic State Ticket.

For Secretary of State, AQUILLA WILEY. For Supreme Judge, JOHN L. GREEN.

Member of Board Public Works, ISAAC B. HILEY.

Democratic Convention.

The Democrats and Liberal Republicans of Preble County are requested to meet at the city Hall, in Eaton, on

Saturday Aug. 3, 1872, At 1 o'clock, P. M., and then and there proceed to appoint delegates to the Congressional Convention, at Dayton, Aug. 5, 1872

J. H. FOOS, Char'n. Dem. Cen. Com. of P. C.

The Grant vassal organs are full of extracts from the N. Y. Tribune of years ago abusive of the Democracy. These extracts seem to be about their only stock in trade, and the hope is, of course, that these will sicken Democrats with Horace Greeley and make them fall in love with Ulysses S. Grant of Long Branch. These cuttings, it genuine, which we presume the most of them are, to be fully understood should be presented with all the circumstances in order to be fully and fairly understood and appreciated. No doubt Horace Greeley, through the Tribune, said some harsh things against us and we did our best to pay him back in coin. We therefore are perfectly satisfied to cry quits on that score and harbor no malice.

Brother Democrat are you doing your duty, your whole duty? Have you talked with your Republican neighbor and shown him the error of his ways? If not, remember that the time is short, and the opportunity for doing good at this election will soon be past. Tell your neighbor that an equal taxation is wrong, that the bonded system is wrong—that every man should pay tax in proportion to the value of his property—that GRANT who represents the Republican party, is a bondholder, a friend of monopoly, an enemy of the highest interests of labor—and that, therefore duty to themselves and the country at large as well as their own self-interest should compel them to vote against him. Greeley means equal taxation to all, and universal amnesty. Bro. Democrats we again urge you to do your whole duty. Your exertions may save the State. Freemen to the rescue.

The Grant organs are in great trouble over the present political situation. They are bothered by two fears, one is that the old Democratic party may die, and the other that Grant may be defeated. We can only say, that while this country remains a Republic, the first can never be, the second is not only possible, and probable but a fixed fact. If, as the Grant organs declare, Greeley is going to be so easily defeated, why in the deuce are they so badly frightened? That's what we would like to know.

The Grant leaders are much troubled at the idea that the Democratic party dies "by going into the Greeley business." The villains have been telling their followers for years that the Democratic party was dead. Liars should have good memories.

Hon. Daniel W. Voorhees was re-nominated for Congress by the Democratic Convention at Terre Haute. He made an able speech in which he declared his intention to labor for the election of Greeley over the present incumbent of the White House. He gave satisfactory and able reasons for his course.

Grants Economy.

It is asserted that during the first year of Grant's administration, some eighty seven millions of dollars of the public debt has been paid. This is not true; but for the sake of argument, let us, for the present, admit the cancellation of this amount of debt. The question the people are interested in—the question they want answered is this—how much money was paid into the Treasury during the first year of Grant's administration? It is very easy for a man to pay his debts when his income far exceeds his necessary expenses. We learn, then, from official documents, that during the "one year of Grant"—from March, 1869, to March, 1870—the income of the Government was nearly FOUR HUNDRED MILLIONS OF DOLLARS, as follows:

Table with 2 columns: Source of Income, Amount. From customs, \$170,556,743 85; Revenue, \$175,457,141 04; Other sources, \$39,535,213 93.

Grand total, \$385,549,098 82. Of this amount, according to the Radical organs and the published account of the Secretary of the Treasury, only \$87,134,782 34 was applied to the payment of the national debt, showing that the enormous sum of THREE HUNDRED AND SEVENTY MILLION, EIGHT HUNDRED AND TWENTY-FOUR THOUSAND, THREE HUNDRED AND SIXTEEN DOLLARS AND THIRTY-FOUR CENTS, have been squandered by the administration of 1 resident Grant in one year, in a time of peace, and under pledges of economy and retrenchment! Thus, to run the Government for ONE YEAR, under the blunderer Grant, costs the people \$307,824,316 34!!

The grand indebtedness on the 1st of March, 1869, when the present administration came into power, and on the 1st of March, 1870, after a year of reductions, both statements including the bonds issued to the Pacific railroad companies, as follows: Total debt, less assets in Treasury, March 1, 1870, \$2,614,362,916 63; Total debt, less assets in Treasury, March 1, 1869, \$2,569,190,433 42.

Increase since March 1, 69, \$45,172,483 24. Now, what we have stated are FACTS—facts that will not, cannot be controverted. It is evident, then, that "one year of Grant" has not been a profitable year to the country.

Again, the Radicals, in their attempt to eulogize the poor nonentity Grant, always refer to the administration of Johnson, as having been extravagant, but they omit to state that Mr. Johnson was not permitted to disburse notoriously incompetent and corrupt officials, who were retained in office, in spite of his remonstrance, by the tenure-of-office law. He was not permitted, as Grant is, to sell ships, arms and munitions of war at his pleasure, and to retrench expenditures by the wholesale dismissal of superfluous government employees.—The income of the government was nearly \$27,000,000 a year less under President Johnson than it is under President Grant. Bear that in mind.

Oh, ye people, look at these things. Is it possible for you longer to be deceived? Do you not see that the corrupt imbeciles in power are squandering your means, and using them for party purposes? We have no desire to misrepresent—no desire to over color our statements.—We are dealing in facts, and we appeal to men of sense, of all parties, to investigate for themselves, and they will find, as we have found, that the "first year of Grant and all others—with the immense revenues of the country flowing into the Treasury, and the burthensome taxes on the people—have been years of profligacy and blundering.

GENERAL GRANT is reported to be mourning over the fact that Congress did not extend the Ku Klux act and give them the power to suspend the habeas corpus in the South, so that he could settle the North Carolina election by arresting, under the charge of being members of the Ku Klux organization, all who opposed the Administration State ticket. With that law he could have made it success a sure thing.

Hon. D.W. VOORHEES and Hon. P. Van Trump will now support the nominations of Greeley and Brown.

Political Notes.

Solomon L. Hoge, a South Carolina carpet-bag Judge is telling the negroes that "Horace Greeley, if elected will sell them back into slavery."

The Cleveland Plain Dealer says: "There are at least 2,500 German Republicans in Cuyahoga County who will vote against Grant, and Ohio is about as sure for Greeley as is New York, which will give him a large majority."

Judge George W. Cate, who has been on the Wisconsin Bench since 1854, and who has voted the Republican ticket, beginning with Fremont's candidacy, has announced his preference for Horace Greeley over Grant for President.

Ex-Governor Blair, of Michigan, an anti-Grant Republican member of Congress, in his recent speech at Jackson Michigan, said that "this Administration is simply damnable, and no other words can describe it!" And Governor Blair knows whereof he affirms. Allen Warden, of Darlington, Wisconsin, who was a Lincoln Presidential Elector in 1864, and a Grant Presidential Elector in 1868, in an oration at Argyle, Wisconsin, on the 4th of July, severed himself from the Administration party and announced himself a supporter of Horace Greeley.

The Kenton Democrat (Kenton county Ohio) published last week a call for a ratification meeting to be held last Saturday evening, which is signed by forty-two Republicans who declare their intention to vote for Greeley. It is not an uncommon thing to hear a Liberal Republican or two about these days. All the Administration papers say: "There are few or no Greeley men hereabouts," and yet all the Administration papers manifest the utmost fear of the Greeley ticket. The last advices from Illinois agree in estimating that more than one-third of the Republicans in that State are Liberals already; and it is four months to election time! One of Mr. Sumner's friends in Wisconsin writes him that, after traveling all over the State, he is convinced that at least one-fifth of the Republican vote will be cast for Greeley.

The Grant newspapers are engaged now in hunting up Democrats who are sworn not to vote for Greeley. It's the only comfort they enjoy. The Long Branch leaders and organs are reading bolters out of their party.—The Long Branch family swear fearfully.

The Prohibitionists of Michigan have nominated Henry Fish for Governor. It is natural for fish to take to cold water, but this is the first instance in which the cold water has taken to a Fish. Eighty Republicans of Honesdale, Pa., have signed a call for a meeting for the purpose of forming a Greeley and Brown ticket. It is reported that a Republican vote will be cast for Grant in Bethany, Pa., which has always given decided Republican majorities.

The Iowa Staats Zeitung, the Radical Republican German paper in Dubuque, came out Saturday with the Greeley-Brown ticket at the mast head, advocating, in a long and able editorial, their claims to the suffrages of its readers. Long John Wentworth in a recent speech delivered at Chicago, Ill., upon the issues of the campaign, said: "When I see Gen. Grant getting into bed with Gen. Longstreet, and I see the great guerilla Mosby come out and endorse him, it is useless to talk to us Republicans, about our associating with Democrats. (Laughter and applause.) I tell you it a man is honest, he is good enough for me to work for. General Grant has said, 'Let us have peace,' but the Apostle said, 'First pure, then peaceable.'"

The Chicago Tribune has been formerly repudiated by the Republican Central Committee of Illinois, because of its opposition to Grant's re-election. The committee is composed of three internal revenue collectors, three assessors, three postmasters, two depositaries, the partner of a whiskey supervisor, a Radical member of Congress, and four county officers.

The Boston Post says: "The rapid formation of Greeley clubs, by Liberal Republicans, indicates the tone of public sentiment. In all the New England towns these associations are being organized, and with a zeal that astonishes Uncle Horace's opponents. Thus, Jefferson Randolph, who was temporary chairman of the National Democratic Convention at Baltimore, is a grand-son of Thomas Jefferson.
