

Ford
THE UNIVERSAL CAR

Get Busy Today

The reason there are so many Ford cars in use every day is because the Ford car is the most useful utility in human activity today. If you want one, place your order with any of the dealers listed below, as soon as possible, because the factory hasn't reached normal production since the war, and we are not getting as many as we want, the first come, first supplied.

Any of the following dealers will be pleased to take your order and make as prompt delivery as possible. Because of present conditions it is suggested that the sooner you leave your order, the sooner you will get your car.

THE CHILDREN'S DELIGHT
is to be accommodated at frequent intervals during play time with nice large slices of pure and wholesome bread. We advise giving them plenty because they need it to nourish and strengthen their little bodies while growing so rapidly. Our bread is just suited for the children. It's the best than can be baked.
