The Kent Trial.

ROCHESTER, N. Y., May 14.—The sensation of the Kent case was the arrival of the defendant's wife and sister to contradict the testimony given in favor of the people by the defendant's sister-in-law. The last named, Mrs. Travers, swore that Kent in his visit to his home in Buffalo on the evening of his departure for Rochester ransacked a bureau drawer and presumably found his razor there, as that was the place where he had always kept it. Mrs. Kent and Mrs. Kent's brother swore that he did not touch the bureau drawer and that Mrs. Travers was not upstairs, as she had testified, but downstairs playing cards. Mrs. Travers was recalled and repeated her assertions. Kent had already testified that he got his razor at his barber's, and the witnesses substantiated him. The defendant and his wife did not exchange glances when face to face in the court room.

Twenty Killed In Valparaiso Strike Riots.

GOVERNMENT WILL NOT COMPROMISE

Striking Dock Laborers Have Destroyed Much Property and Had Several Encounters With the Police.

SANTIAGO, Chile, May 14.—The strike of dock laborers at Valparaiso is becoming more serious. The strikers after setting fire to the quay as well as to the offices of the South American Steamship company had a number of encounters with the police, during which twenty persons were killed and many were injured.

A detachment of 3,000 troops has been dispatched to Valparaiso to quell the disorder. The government has refused all offers to compromise the difficulties and is determined to adopt the sternest measures to restore order.

Owing to the strong repressive measures the outbreaks are becoming less intense. Martial law still prevails.

The property damage is great. Several buildings were burned, and the esplanade was destroyed.

The Brazilian cruiser Barroso, with the members of the Brazilian commission on board, has arrived at Talcahuano en route to Valparaiso. Owing to the critical condition of affairs now existing at Valparaiso it is thought that the festivities with which it was proposed to welcome the commissioners will be much abridged.

RELIANCE SAILS FOR NEW YORK.

Canvas Working Into Good Condition For Cup Contest.

NEWPORT, R. I., May 14.—The Reliance put in here on her way to New York after being for several days practically in the hands of her builders. She sailed down the bay under the critical eyes of Designer Herreshoff and C. Oliver Iselin, her manager, who followed her in a launch and closely inspected the cup yacht. From the appearance of her canvas it is evident that the Reliance is steadily improving in the set of her sails, as never before has she shown such a fine spread. Just off the harbor Mr. Iselin boarded the yacht, while Mr. Herreshoff returned to Bristol. After a few turns about the bay the Reliance picked up her moorings, and her tender anchored close by. Mr. Iselin stated that the yacht would leave for New London today, stopping there about a day on her way to New Rochelle.

Our Rapidly Increasing Patronage

Is very encouraging. In no other business, perhaps, is it as necessary to have the full confidence of the public, as in the Jewelry and Optical business. A merchant who expects to succeed permanently, cannot afford to misrepresent in a single instance.

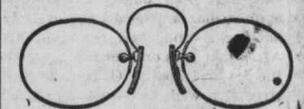

Our long and prosperous business career in South Amboy, proves that we are alive to these facts, and our fast increasing trade in this city shows that the people appreciate a first-class store, and strictly honest methods.

PRESIDENT IN FRISCO

State Troops Under General MacArthur Reviewed.

GOLDEN BEAR HUNT SOUVENIR.

Mexican and Spanish War Veterans Presented to His Excellency, Who Praises Their Deeds For the Union.

SAN FRANCISCO, May 14.—President Roosevelt left the Palace hotel escorted by a squadron of cavalry. The streets were lined with people, who cheered as the president's carriage passed on the way to Native Sons' hall, where a reception in the president's honor was held. Mayor Schmitz and Secretary Loeb were seated with the chief executive, and Rear Admiral Bickford and his staff came directly behind, members of the executive committee following in carriages.

At the Native Sons' building was assembled a vast throng, which as the president came in sight manifested great enthusiasm. The hall itself was crowded with members of the California Society of Pioneers, the Native Sons of the Golden West, the Native Daughters and the Veterans of the Mexican War.

Ex-Mayor James D. Phelan delivered a brief address of welcome and introduced Henry B. Russ, president of the Society of California Pioneers, who spoke briefly, as also did General Stewart, president of the Society of Veterans of the Mexican War; H. R. McNoble, president of the Native Sons of the Golden West, and Miss Eliza R. Keith in behalf of the Native Daughters.

James D. Phelan then presented to the president a souvenir of the occasion, the work of a native sculptor, representing a bear hunt reproduced in gold. In accepting the gift President Roosevelt responded in a happy manner to all of the addresses of welcome which had been made. His remarks were punctuated by laughter and applause, and at the close he was escorted to his carriage by a joint committee of the assembled orders. The presidential party then proceeded to Van Ness avenue, where thousands of school children were assembled. The pupils of the many schools carried banners beautifully worked in silks and other fine fabrics. Others were headed by drummer boys.

Every child had a flag, which was waved as the president passed. An incident of the ride was the presentation to the president of a photograph by a little Chinese girl, who was lifted up so that he could shake her hands.

After the review of the children the president drove through the Presidio and had a glance at the buildings, the barracks of the different troops and the

new fortifications which stand at the entrance to the harbor and command the bay. He continued the drive along the new road and finally reached the golf links, on which the military review was held. General MacArthur was in command. The men marched past with the tread of veterans—in infantry, artillery and cavalry. Each arm of the service made a most imposing spectacle.

The president complimented General MacArthur and other high officers on the excellent showing of the men and the splendid appearance of the garrison.

The presidential party was then escorted through Golden Gate park to the Cliff House, where luncheon was had, with members of the executive committee, Governor Pardee, Admiral Bickford and other invited guests. The party halted at the Baker street park entrance, where a large crowd was in waiting to watch the president turn his shovel of earth for the McKinley monument.

Many representatives of the Spanish-American war veterans, the Grand Army and the Pioneers were in attendance, and they were referred to in eulogistic terms by the president in his remarks.

MINTO SEES DETROIT

Canada's Governor General Visits the United States.

CITIZENS AND TROOPS HONOR HIM.

Lord and Lady Minto and Party Receive Ovation From Americans—Band Plays "God Save the King."

DETROIT, May 14.—For two hours last evening Lord Minto, governor general of Canada; Lady Minto and Lady Eileen Elliott, their daughter, accompanied by Major Maude and Captain Graham, the governor general's aids de camp, were the guests of the city of Detroit. Thousands of people enthusiastically cheered the governor general and his party as they drove through the streets from the ferry landing to the Russell House, where a reception was held, at the close of which the distinguished visitors were tendered a luncheon.

Lord Minto and his party, who arrived in Windsor yesterday afternoon at 3 o'clock, crossed the river on Colonel F. J. Hecker's yacht, the Vita. Mayor Maybury and a reception committee from Detroit met them as they stepped aboard the yacht at Windsor.

Four companies of the First United States Infantry, which has just returned from the Philippines, under command of Captain George E. Bell; seven companies of the First regiment, Michigan national guard, and two divisions of the Michigan naval reserves were lined up on Woodward avenue to act as the governor general's escort on his drive through the city.

The party immediately entered carriages, and amid the cheers of thousands of American citizens the drive was begun. Hundreds of American and British flags decorated the buildings along the route traversed by Lord Minto, who was visibly pleased by the splendid reception given him.

At Grand River and Woodward avenues the military escort came to company front and stood at salute as Lord Minto drove by, reviewing them. The "Fighting First" made a magnificent appearance in their khaki uniforms as Canada's governor general drove slowly by them and saluted their torn flags. The bands played "God Save the King" during the review. The Twenty-first Canadian Essex fusiliers accompanied Lord Minto from Windsor.

It was nearly 8:30 o'clock when the Canadian visitors again drove to the ferry and boarded the Vita for the return trip to Canada.

Lord Minto and Lady Minto, too pressed themselves as very gratified at the warmth of their reception, which, they said, had never exceeded in a Canadian city.
