

THE QUESTION OF

TRADING STAMPS

Has been agitating the town for some time. While we have held off and refused to give stamps in the past, we find now that our patrons desire them. In offering our trade a stamp, we have selected the best there is. We have investigated the Blue Exchange Stamp and find that it is the best stamp in the market. In offering these stamps we don't intend to depart from our regular method of business. The quality of our groceries will remain as in the past. We only sell the best grade of Groceries, and the fact that we give Stamps will not lower the standard. Low prices and high quality has been our motto in the past, and it still stands. We give these stamps from our own pocket, and the fact that we give stamps does not mean a raise in prices. We give you Stamps, and as usual, low prices and high quality.
