TUXEDO actually soothes the nerves. It L is just mild enough to keep your nervous system in poise, your muscles in tone. Un-like other tobaccos, Tuxedo *burns cool* and *slow*. There cannot be a speck of irritation in a pound of Tuxedo.

Great singers smoke Tuxedo just before a performance. Public speakers testify as to its soothing influence. Doctors recom-mend it to smokers whose throats are delicate.

The secret of its superiority is the unique "Tuxedo Process" by which all the unpleasant features are eliminated from tobacco.

Another reason is that Tuxedo is made from the best tobacco grown - the choicest, mildest, mellowest leaves of the highest grade Burley tobacco.

Tuxedo is widely imitated-but no other manufacturer has succeeded in

making a tobacco as good as Tuxedo.
