CLUES PROVE FALSE IN MURDER CASE

No Arrests Made as Yet Following Killing of Zalinski Boy on Farm Near Jamesburg—Funeral This Morning.

Jamesburg, Feb. 27.—After working on the case constantly since Saturday afternoon, County Detective John Ferguson, of the prosecutor's staff, was forced to admit today that he had little tangible proof of the guilt of any one person in connection with the murder of ten year old Joseph Zalinski on Saturday afternoon, on a lone farm near Spotswood.

The funeral of the little victim of the shooting was held this morning and the investigation ceased for the time, until after the burial, when those engaged in the work will continue their work of running down the party guilty of so brutal a murder or the persons responsible for his accidental shooting, who are covering it up with the murder story.

The suspicion that the shooting was accidental seems to grow among the persons living in adjoining home-steads. The circumstance of the gun, with one load discharged, would lead to the conviction that the murder was accidental.

The case is entirely in the hands of the county detective, and he said today that he will continue to operate in the section in which the murder was committed until he obtained a definite clue. He spoke of the difficulty of getting about in that section, as hampering him in the work of running down the guilty parties.

TELLS HOW TO CUT COST OF LIVING

Secretary Agee Urges Corn as Substitute for Potatoes in Report to Governor—High Cost of Living Bill Introduced

Special to the EVENING NEWS.

Trenton, Feb. 27.—Correspondence between Governor Edge and Secretary Alva Agee, of the State Department of Agriculture, made public today gives several suggestions of Secretary Agee as to how to meet the present food emergency and reduce the high cost of living.

Reduction of the high cost of living and the relieving of the food scarcity is the aim of a bill introduced in the senate last night by Leader McCarren for the governor's commission to probe the cost of living. It authorizes municipalities to purchase and distribute food supplies in cases of emergency. It empowers the governing bodies to prescribe by ordinance the method of purchase and distribution of food products. Any municipality may use any available funds or borrow on its credit.

Following an inspection of some of the food storage warehouses in the state and the amount of food held in cars in railroad yards, Governor Edge's Commission to investigate the high cost of living has adopted a resolution recommending to the legislature the passage of a law giving power to the Governor, when he thinks the necessity has arisen, to issue a proclamation declaring that a food emergency exists. After such proclamation shall have been issued the municipalities of the state shall have power to appropriate through their governing bodies the necessary money to purchase food to be sold at cost to the people. The recommendation is that if it shall be necessary to take these steps now, the law to be enacted shall take effect immediately and expire March 1, 1918.

The commission also decided to draft a bill creating a State Food Trade Board to be named by the Governor, its function to be to supervise the distribution of food in such manner as may be necessary to prevent suffering.

Each competing for the teams will be allowed to speak on his or her phase of the question and try to convey their points to a favorable decision. Seven minutes will be allowed for the rebuttal.

Tickets will be printed for this occasion and are on sale by the various students. A large crowd is expected to come and every preparation is being made to accommodate all. Tickets have been selling rapidly and it is expected that there will be over six hundred to listen to the speakers. New Brunswick has reported that a large delegation will accompany them to invade Perth Amboy on Friday night.

The money collected by Perth Amboy high at the preliminary debates occasioned at Trenton, N. J., Feb. 26th, 1917, Margaret Conerty, widow of the late John Conerty. Relatives and friends are cordially invited to attend funeral services at St. James' Catholic Church, Jamesburg, Wednesday morning, February 28th, with requiem high mass, commencing at 8:30. Interment in St. James' Cemetery, Jamesburg.

LOCAL DEBATORS READY FOR FRIDAY NIGHT'S CONTEST

One of the biggest events at the local high school for the present term will take place Friday night, when the Rutgers Interscholastic Debating League will be opened. This is the first debate in the league and is between New Brunswick high school and Perth Amboy high school in the local high school's auditorium.

The question that is under contention is as follows: "Resolved, that a compulsory arbitration law should be enacted which will settle all labor disputes on railroads and other common carriers, constitutionally conceded." The affirmative side will be upheld by the county seat school, the Crum and Wita teams taking the negative. The New Brunswick team is composed of practically all veteran debaters as follows: Miss Caroline Hartzel, Samuel Hoffman and Harry Terwilliger. The alternate is Morris Spitzer. The members of the local team are: Miss Ruth Block, Miss Betty Frank and Elliott Van Dusen, with William Bawden acting as the alternate.

The management and direction of the debating is in the hands of the English department, of which Miss Jane Hufford is most prominent. She is ably assisted by Misses Stauffer, Snyder and Smith of the faculty.

The judges for the contest have not been named as yet. The entire responsibility for the selection of the board of judges rests with the college committee. It preside at the debate and has them approved by the schools debating and from these lists selects the judges and notifies both the schools. There will be three judges who shall be seated in different sections of the auditorium.

A plan for intra-school debating was carried out at the local institution as preliminary and preparatory to the inter-scholastic debates. This took the form of inter-English department debates. The plan proved very successful and was pushed energetically since it extended the privilege of debate to a large number of students and developed material for the inter-scholastic debating.

Each competing for the teams will be allowed to speak on his or her phase of the question and try to convey their points to a favorable decision. Seven minutes will be allowed for the rebuttal.

EDUCATIONAL SESSION AT WOODBRIDGE CHURCH

Special to the EVENING NEWS. Woodbridge, Feb. 27.—The Sunday morning service in the Congregational church was given over to the consideration of the work of the Congregational Education Society.

Suggestive programs and interesting pamphlets published by the society were used as a means of acquainting the people with the work being done by their denomination and with the idea of stimulating the activities of the individual church in order that home missionary work may be more effective and widespread.

A summary of the work done by the society in the way of founding churches, schools and colleges was read by W. H. Voorhes. David Coddington read a pamphlet on a concrete witness done recently by one man, Dr. Otobben O. Smith, of Pierre, South Dakota. This article was entitled "The Empire Builder."

"What the Country Owe to Congregationalism," was read by J. M. Coddington.

T. H. Stryker, assistant superintendent of the Sunday school gave a splendid talk and an excellent address was given by the pastor, Rev. H. M. Prentiss. Both were enjoyed by parents as well as the members of the Sunday school, who were present in a body.

Miss Anna Johnson rendered a solo appropriate to the occasion, entitled "How Beautiful Upon the Mountains." The choir sang for the offertory "I Will Lift Up Mine Eyes."

Previous to entering the church the Sunday school collection amounting to \$9 was taken, as a donation to the work of the Congregational Education Society.

Jamesburg, Feb. 27.—Mrs. Margaret Connerty, of Lincoln avenue, one of the pioneer and most respected residents of this place, died at her home yesterday following an extended illness of general disability. She had been ill for several months, but not critically. Her fatal illness dated but a few weeks, when she failed to rally from the infirmities of old age. Funeral services will be held on Wednesday at St. James' Catholic church with a requiem high mass for the dead, the celebrant being the rector, Rev. Father Cahill. A special program will be rendered in honor of the dead woman, whose whole life was wrapped up in the affairs of her church. The services will commence at 9:30 a. m. The interment will be in the family burial plot in St. James' cemetery, at the convenience of the family.
