Collars are still worn standing, with ends slightly broken in front. Cuffs are very large and cut round at the top. in Gloves, Ribbens, Fans. Shawls, Ladies Skirts. My exact imitation of the gentlemens' style. Laced kid gloves are taking the place of buttoned, to some extent. The argument of the ladies is that the former make the hand look much smaller and of bentiful shapes what I wall !

Fruits do not ornament the bonnet of period any more, and we are heartily of it, for those glassy comes and bby peries were horrible looking or

The plaid-suit fashion was overdone, as many other fashions have been, and on hand a fresh selected stock of now the ladies are discarding the mate gladly taken up again.

Feathers occupy in street dresses the ball and evening toilettes. Dresses, cor

A"felored" Tale. You can't always believe what a men beretofore offered in Woodsfie says, any more than you can judge of before purchasing elsewhere. his heart by the clothing he wears. The other night a policeman in the east end grabbed a negro who came running down the street at full speed, panting like a wind broken horse, and the officer wanted to know why and wherefore the colored men was dusting around in

that lively style at midnight's solemn "Wife's sick -gwine for the doctor! gasped the man.
"Where do you live?"

"Lemme go—can't stop—she's mose dead!" was the answer; yet in spite of this the officer pushed the African up against the fence, and a search brought to light two chickens, a clothes-line, a latchet and a pair of boots, the same the property of some other man.—Detroit Press.

A Pollery Tree. The pottery tree of Para is one of the cariosities of Brazil. The stem does not exceed a foot in diameter and grows to the hight of one undered feet. But its greatest parallarity consists in the nature of its wood and bark, which contain so much siften that they are used for the manufacture of earthenware vessels. The bark contains more ware vessels. The bark contains more allies than the wood; and in preparing ware vessels. The bark contains more ailing than the wood; and in preparing it for the potter's use, it is first hurnt, and the residuum is pulverized and mixed with clay, a similar quantity of each ingredient producing a superior ware. The fresh bark cuts like soft sandslone, and when dried is difficult to break.

ca level. The lake is of triangular shape, hav-

clivity of some 2,000 feet. The California Academy of Sciences has named the lake, after its discovery, Lake Hark-

LTA gentleman who did not live very hoppy with his wife decided to procure a divorce, and took advice on the enbject from an intimate friend-a man of high social standing. "Go home and court your wife for a year," said this wise adviser, "and then tell me the result." They bowed in prayer, and separated. When a year passed away. the once complaining husband called again to see his friend, and said: "I have called to thank you for the good advice you gave me, and to tell you that my wife and I are as happy as when first we were married. I can not be grateful enough for your good counsel "I am glad to hear it, dear sir," said the other, "and I hope you will continue to court your wife as long as you live."

Massochusetts still incarcerates unfortunate debtors. Journeyman tailors in China are happy with two cents a day for wages.
