AFFECTIONS.

A slight so-called cold will oftimes lead to a serious cough, which, uncared for or badly treated, must have but one result-it must reembute in a settled case of BRONCHITIS, or what is weese, the deadly CONSUMPTION. To all suffering from harassing cough and expectoration, TRACHEON offers a sound, reliable, and perhanent relief. It augments expectoration, and enables the pation to expet that terribly septic deposit, which, if left, without judicious treatment, must communicate its poison to the resicular substance of the lung, degenerating and destroying that most essential of organs, and ultimates only in an early and untimates only in the large way and the large way and untimates only in the large way and untimates only in the large way and the large way and the large way and
